

20th International Conference on

Emerging Materials and Nanotechnology

June 25-26, 2018 | Vancouver, Canada

https://emergingmaterials.conferenceseries.com/

Invitation

Vancouver
Canada
JUNE 25-26, 2018

Dear Attendees,

We are glad to announce the **20th International Conference on Emerging Materials and Nanotechnology** to be held in **Vancouver, Canada** from **June 25-26, 2018** organized by Conference Series LLC, USA in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. This conference is a unique international platform that's a confluence of all Materials Scientists/Research Professors/ Nanotechnologists, Physicists/Chemists, Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science/Materials Science Students, Directors of chemical companies, Materials Engineers, Members of different Materials science associations – coming together to present and discuss current topics in Emerging Technologies in Material Science Advanced Emerging Materials, Material characterization and application, Materials and Devices, Emerging Material in Nanotechnology, Next-generation materials, Metals, Mining and Metallurgy, Biomaterials and Bioinspired material, Coating and surface engineering, Materials for energy storageand Polymer and Ceramic Nanotechnology and will be available to discuss with you the latest issues and trends in **"Cutting Edge Excavation of Research on Emerging Materials and Nanotechnology"**. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Emerging Material and Nanotechnology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to **Vancouver, Canada**

Sincerely,
Emerging Materials 2018
Organizing Committee

About Us

Vancouver
Canada
JUNE 25-26, 2018

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

About Conference

Vancouver
Canada
JUNE 25-26, 2018

Emerging Materials 2018 Conference website is attracting 25000+ Material Scientist, Metallurgists, nanotechology online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Emerging Materials 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Vancouver
Canada
JUNE 25-26, 2018

Purpose

20th International Conference on Emerging Materials and Nanotechnology is an arena for interdisciplinary exchange among professionals in the fields of advanced material and nanotechnology.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through bringing together the world's scientific experts to catalyze and advance scientific knowledge about emerging materials and Nanotechnology present the most recent research findings, and promote and enhance scientificcollaborations around the world.

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in emerging materials and nanotechnology

Discuss and apply recent research findings related to emerging materials and nanotechnology

Reflect on the place of critical distance in emerging materials and nanotechnology

About Conference

Vancouver
Canada
JUNE 25-26, 2018

Who should attend

20th International Conference on Emerging Materials and Nanotechnology is exclusively designed for Metallurgist, Nanotechnology, Researchers, Academicians, Engineers, Early Career Scholars, students along with Industries and others engaged in endeavors related to Emerging Materials and Nanotechnology research and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

- Emerging Technologies in Material Science
- Advanced Emerging Materials
- Material characterization and application
- Materials and Devices
- Emerging Material in Nanotechnology
- Next-generation materials
- Metals, Mining and Metallurgy
- Biomaterials and Bioinspired material
- Coating and surface engineering
- Materials for energy storage
- Polymer and Ceramic Nanotechnology

About Conference

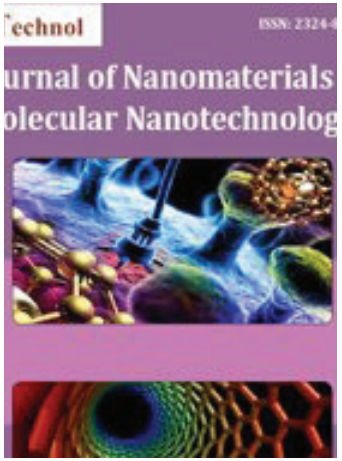

Vancouver

JUNE 25-26, 2018

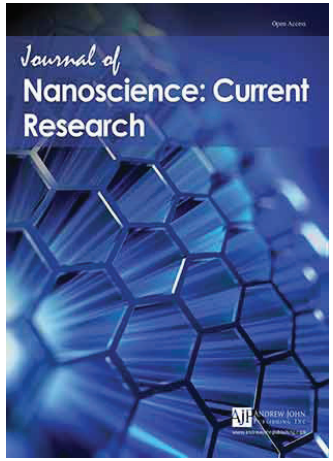

Supporting Journals

- Research & Reviews: Journal of Material Sciences
- Journal of Material Sciences & Engineering
- Journals of Nanomaterial's & Molecular Nanotechnology
- Journal of Nanosciences: Current Research

About Vancouver

Vancouver
Canada
JUNE 25-26, 2018

With its scenic views, mild climate, and friendly people, Vancouver is known around the world as both a popular tourist attraction and one of the best places to live. Vancouver is also one of the most ethnically and linguistically diverse cities in Canada with 52 percent of the population speaking a first language other than English. Vancouver has hosted many international conferences and events, including the 2010 Winter Olympics and 2010 Winter Paralympics.

Vancouver, a bustling west coast seaport in British Columbia, is among Canada's densest, most ethnically diverse cities. A popular filming location, it's surrounded by mountains, and also has thriving art, theatre and music scenes. Vancouver Art Gallery is known for its works by regional artists, while the Museum of Anthropology houses preeminent First Nations collections.

Vancouver's main greenspace is Stanley Park, 1,000 acres of forest, trails, playgrounds, pools, beaches and the Vancouver Aquarium, all ringed by a pedestrian seawall. Its neighbourhoods range from vibrant ethnic centres such as Chinatown and Punjabi Market to historic Gastown, with its famous steam clock, and Granville Island, known for its shops, bars, theatres and big public market. Across Burrard Inlet in the North Shore is the 70m-high Capilano Suspension Bridge, dating to 1889, and the ski-and-snowboard destination Grouse Mountain, whose Skyride gondola offers panoramic views of the entire region.

Registration details

Vancouver
Canada
JUNE 25-26, 2018

Academic

Only Registration: €770

Package A (Registration + 2 nights' Accommodation): €1150

Package B (Registration + 3 nights' Accommodation): €1340

Business

Only Registration: €870

Package A (Registration + 3 nights' Accommodation): €1250

Package B (Registration + 4 nights' Accommodation): €1250

Student

Young Research Forum (Student Oral) : €490

Poster Presentation: €390

Student Delegate: €300

Important Dates

Abstract submission opens: August 1, 2017

Registration opens: September 1, 2017

Early bird registration: January 30, 2018

On spot registration: June 25, 2018
