Glimpses of Environmental Health Conferences

Glimpses of Environmental Health Conferences

Major Scientific Sessions

- Environmental and Occupational health
- Environmental and Public health
- Environmental Health and Sustainable Development
- Environmental Health and Climatic Changes
- Environmental Health and Biomedical Waste
- Environmental Hazards and Human Health
- Environmental Toxicology and Health
- Environmental Health and Diseases Transmission
- Environmental sciences and Pollution Research
- Environmental Health and Non Communicable Diseases
- Environmental Health and Engineering

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Paris

Paris, France's capital is a major European city and a global centre for art, fashion, gastronomy and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Beyond such landmarks as the Eiffel Tower and the 12th-century, Gothic Notre-Dame cathedral, the city is known for its cafe culture and designer boutiques along the Rue du Faubourg Saint-Honoré.

Paris has been in the top list of world's best tourist attractions because of its beauty present in the city. The important sightseeing attractions of Paris are its Museums, Monuments, Theme Parks, Gardens, Zoos and Aquariums.

In the Paris region, Disneyland Paris, in Marne-la-Vallée, 32 kilometres (20 miles) east of the centre of Paris, was the most visited tourist attraction in France, with 14.8 million visitors in 2015. The centre of Paris contains the most visited monuments in the city, including the Notre Dame Cathedral and the Louvre as well as the Sainte-Chapelle; Les Invalides, where the tomb of Napoleon is located, and the Eiffel Tower are located on the Left Bank south-west of the centre. The banks of the Seine from the Pont de Sully to the Pont d'léna have been listed as a UNESCO World Heritage Site since 1991. Other landmarks are laid out east to west along the historic axis of Paris, which runs from the Louvre through the Tuileries Garden, the Luxor Column in the Place de la Concorde, the Arc de Triomphe, to the Grande Arche of La Défense.
