Day Concludes	
Award Ceremony	

Major Scientific Sessions

- Epidemiology and Public Health
- Epidemiology and Medicine
- Epidemiology and Health Care
- Epidemiology and Environmental Health
- Infectious Disease Epidemiology
- Chronic Disease Epidemiology
- Epidemiology and Tropical Diseases
- Cancer Epidemiology
- Epidemiology and Oral Health
- Epidemiology and Public Health Nursing
- Genetic Epidemiology
- Epidemiology and Antibiotic Resistance
- Epidemiology and Surveillance
- Epidemiology and Anthropology
- Epidemiology and Disease Outbreak
- Occupational Epidemiology

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Las Vegas

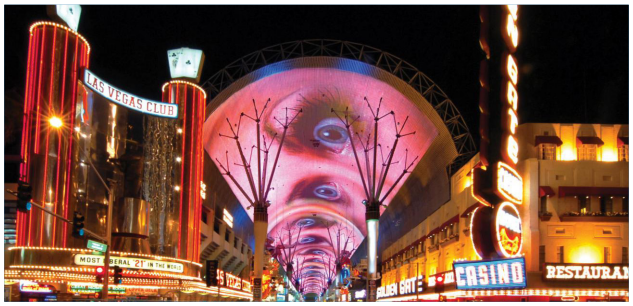

Las Vegas is the most populous city in the U.S. state of Nevada and the county seat of Clark County. Las Vegas is an internationally renowned major resort city known primarily for gambling, shopping, fine dining, and nightlife and is the leading financial and cultural center for Southern Nevada. The city bills itself as The Entertainment Capital of the World, and is famous for its consolidated casino–hotels and associated entertainment. A growing retirement and family city, Las Vegas is the 31st-most populous city in the United States, with a population at the 2010 census of 583,756. The 2010 population of the Las Vegas metropolitan area was 1,951,269. Today, Las Vegas is one of the top tourist destinations in the world. Great views of Las Vegas await travelers who partake of the Eiffel Tower Experience at Paris Las Vegas. This half-scale replica of the real thing reaches 46 stories into the sky, ensuring it is a Vegas landmark. Once at the observation deck, visitors are treated to 360-degree views of Las Vegas. On a clear day, one can clearly see forever. Don't recognize any of the landmarks? Not to worry, staff will name them. The views are particularly stunning at night when the city that never sleeps is lit up like a Christmas tree. A larger-than-life resort, Caesars Palace was dreamed up and built Jay Sarno, who worked hard building motels in the 1950's. His love for gambling led him to Las Vegas, where he envisioned a casino much more glamorous than what the Strip had been offering. And so Caesars Palace opened in 1966 at a cost of $24 million, and was unlike anything Las Vegas had seen. With fountains and pools and employees in Roman-themed uniforms, it was an immediate hit, and set the standard for the themed-hotels that are so common in Sin City today. The casino has made an appearance in several Hollywood movies since it opened its doors including the Academy Award-winning film Rain Main and the 2009 hit comedy
