About the conference

The 14th International Conference on Epidemiology & Public Health, known as EPIDEMIOLOGY SUMMIT 2025, is a premier international conference dedicated to advancing the understanding, diagnosis, and treatment of epilepsy and bipolar disorders. Scheduled for November 25-26, 2025 in Paris, France, this summit will feature a diverse array of sessions, including keynote addresses, panel discussions, and workshops led by some of the foremost experts in the field.

The conference aims to address the latest research findings, emerging therapies, and best practices in managing these complex conditions. Attendees will have the opportunity to engage in in-depth discussions on cutting-edge topics, including novel treatment modalities, neurobiological mechanisms, and patient-centered approaches. By fostering collaboration and knowledge exchange, EPIDEMIOLOGY SUMMIT 2025 seeks to drive forward progress in clinical and research domains, ultimately enhancing the quality of care for individuals affected by epilepsy and bipolar disorders.

Theme: "Theme: Public Health Innovation and Technology"

Why to attend the conference

- Cutting-Edge Research: Gain insights into the latest research and advancements in the fields of epilepsy and bipolar disorders from leading experts.
- Innovative Treatments: Explore emerging therapies and novel treatment strategies that are shaping the future of patient care.
- Expert Networking: Connect with a diverse group of professionals, researchers, and clinicians to foster collaborations and share knowledge.
- In-Depth Workshops: Participate in interactive workshops and panel discussions that offer practical solutions and hands-on experience in managing these conditions.
