Epidemiology summit 2026

About the conference

All researchers, students, and epidemiology specialists are cordially invited to attend the upcoming epidemiology congress in order to participate in priceless scientific debates and advance current knowledge in the fields of epidemiology and public health. The "15th International Conference on Epidemiology & Public Health" is slated to take place during August 20–21, 2026 in Paris, France and Health Conferences will be inviting everyone to participate.

The focus of the Epidemiology Summit 2026 will be on the most recent and interesting developments in all areas of epidemiology, providing a rare chance for epidemiology specialists worldwide to interact, network, and learn about cutting-edge scientific advancements. The Epidemiology Summit 2026 Conference will feature on-time keynote addresses, oral presentations, posters, delegate views, board talks, workshops, and exhibitors. Join us for the informative and engaging days as we debate current issues and recent developments in epidemiology and public health. We cordially encourage you to participate and influence the event by submitting your research papers, e-posters, and abstracts. In addition, the conference gladly invites high caliber research contributions detailing novel and unpublished findings of conceptual, constructive, empirical, experimental, or theoretical work in all fields of public health research.

Theme: "Epidemiology of Wellbeing: Integrating Mental Health into Public Health Systems"

Why to attend the conference

The 15th International Conference on Epidemiology & Public Health, taking place on August 20–21, 2026 in Paris, France, is a premier global platform bringing together leading experts, researchers, policymakers, and practitioners to explore the evolving landscape of public health.

Under the compelling theme, "Epidemiology of Wellbeing: Integrating Mental Health into Public Health Systems," this summit highlights the urgent need to bridge the gap between mental health and traditional public health approaches.
