5th International Conference and Exhibition on

PHARMACOLOGY AND ETHNOPHARMACOLOGY

Theme: Foster Advancements in Globalization of Ethnopharmacology

Conference URL: ethnopharmacology.pharmaceuticalconferences.com/

Ethnopharmacology involves a wide range of scientists from varying specialties. The practices and public interest in natural therapies, namely herbal medicine, have been increased dramatically throughout the world. This has increased the international trade in herbal medicine enormously. A paradigm shift is observed in the use of natural product based medicine for the management of health care, which can significantly impart a major task in economic growth

Ethnopharmacology 2017 will provide an ideal platform to the participants for presenting their research work, interaction, debate and dissemination of ideas amongst the distinguished professionals, eminent scientists, students, technologist and industrialist.
