WELCOME ADDRESS

Dear Attendees,

The Euro Cardiology Congress 2025 Organizing Committee is absolutely delighted to welcome you to the **6th European Summit on Cardiology Research** which will be held in **Rome, Italy** on **May 26-27, 2025,** where we will be shining a spotlight on *"Exploring New Research and Frontiers in Cardiology Care"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your Heart diseases research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

Rome, with its timeless beauty and rich heritage, provides the perfect backdrop for our summit. From the grandeur of its ancient landmarks to its vibrant contemporary life, this city embodies a spirit of progress and innovation that mirrors our own aspirations in cardiology.

As we convene for this important event, we are united by a common goal: to push the boundaries of our understanding, explore new frontiers in research, and ultimately improve patient care across Europe and beyond. The contributions each of you make are invaluable, and the discussions we engage in over these two days will shape the future of cardiovascular health.

We look forward to seeing/welcoming you in 2025 for an experience of a lifetime.

With Regards
Euro Cardiology Congress 2025

ABOUT US

About Hosting Organization

Conference Series is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Euro Cardiology Congress 2025 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking

ABOUT US

Goals & Objectives

- The Euro Cardiology Congress 2025 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Euro Cardiology, Control & Prevention.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Cardiology.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

6th European Summit on Cardiology Research is among the World's leading Scientific Conference. The two day event on Heart Diseases will host Major scientific and technical sessions along with the sub-sessions on cutting edge research and latest research innovations in the field of emerging Heart diseases & its related issues across the globe. To foster the best learning environment we have designed some of the sessions this year for Heart conference which will comprises of 18 major sessions designed to offer comprehensive sessions that address current issues in various fields of Heart Diseases.

Besides the attendees can find prestigious plenary and invited lectures, various shorter talks and poster sessions which will give the opportunity to most participants to present their work at the Congress. This congress on Heart Diseases provides an opportunity to meet experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as presented at **Euro Cardiology Congress 2025**.

ABOUT ROME

Rome, the capital of Italy, is a city where the ancient and modern worlds intertwine in a unique and captivating way. Often called “The Eternal City,” Rome’s history spans over two millennia, beginning with its legendary founding by Romulus and Remus in 753 BCE. It rose from a small settlement to become the center of the Roman Republic and later the Roman Empire, which at its height, dominated much of Europe, North Africa, and the Middle East.

The city’s architectural legacy includes the Colosseum, a monumental amphitheater that hosted gladiatorial games and public spectacles, and the Roman Forum, which was the epicenter of political, social, and economic life in ancient Rome. The Pantheon, with its vast dome and oculus, stands as a marvel of Roman engineering and religious devotion. Rome’s significance continued through the Middle Ages as a crucial center for Christianity, particularly after the establishment of the Papacy. The Renaissance era brought a cultural and artistic revival, marked by the works of Michelangelo, Raphael, and other masters, and the construction of remarkable buildings like St. Peter’s Basilica and the Sistine Chapel in Vatican City.

Vatican City, an independent city-state within Rome, is home to St. Peter’s Basilica and the Vatican Museums, which house an extensive collection of art and historical artifacts. Baroque Rome, with its dramatic fountains and grandiose churches, includes landmarks like Piazza Navona and the Trevi Fountain, showcasing the era’s architectural opulence. Modern Rome is a vibrant, bustling metropolis where narrow, cobblestone streets blend with contemporary life. Neighborhoods like Trastevere, with its lively nightlife and authentic eateries, and Monti, known for its trendy boutiques and artisan shops, reflect the city’s dynamic character.
