About Paris

Paris, France's capital is a major European city and a global centre for art, fashion, gastronomy and culture. Its 19th-century cityscape is crisscrossed by wide boulevards and the River Seine. Beyond such landmarks as the Eiffel Tower and the 12th-century, Gothic Notre-Dame cathedral, the city is known for its cafe culture and designer boutiques along the Rue du Faubourg Saint-Honoré.

Paris has been in the top list of world's best tourist attractions because of its beauty present in the city. The important sightseeing attractions of Paris are its Museums, Monuments, Theme Parks, Gardens, Zoos and Aquariums.

In the Paris region, Disneyland Paris, in Marne-la-Vallée, 32 kilometres (20 miles) east of the centre of Paris, was the most visited tourist attraction in France, with 14.8 million visitors in 2015. The centre of Paris contains the most visited monuments in the city, including the Notre Dame Cathedral and the Louvre as well as the Sainte-Chapelle; Les Invalides, where the tomb of Napoleon is located, and the Eiffel Tower are located on the Left Bank south-west of the centre. The banks of the Seine from the Pont de Sully to the Pont d'léna have been listed as a UNESCO World Heritage Site since 1991. Other landmarks are laid out east to west along the historic axis of Paris, which runs from the Louvre through the Tuileries Garden, the Luxor Column in the Place de la Concorde, the Arc de Triomphe, to the Grande Arche of La Défense.
