About Amsterdam

Amsterdam is the Netherlands' capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age. Its Museum District houses works by Rembrandt and Vermeer at the Rijksmuseum, the Van Gogh Museum and modern art at the Stedelijk. Cycling is key to the city's character, and there are 400km of cycle paths.

The city has the highest museum density in the world and is home to cultural highlights, such as the Van Gogh Museum, Anne Frank House, Hermitage Amsterdam and the Rijksmuseum with Rembrandt's world-famous Nightwatch. Other well known places of interest in Amsterdam are the Palace on the Dam, the Artis Zoo, Jewish Historical Museum and the Rembrandt House.

Take a canal tour of Amsterdam and discover the historical canal district which was added to the UNESCO World Heritage List in 2011. The best way to get around Amsterdam is on a bike. You won't become any more local than by cycling around Amsterdam
