EURO NEUROPHARMACOLOGY 2019

Dear Attendees,

Euro Neuropharmacology 2019 welcomes you to attend the 11th World Congress on Neuropharmacology which is going to be held during May 06-07, 2019 at Prague, Czech Republic.We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Neuropharmacology.Euro Neuropharmacology 2019 anticipates participants around the globe with thought provoking Keynote lectures, Oral Presentations & Poster Presentations.

With members from around the world focused on learning about neuropharmacology & its advances; this is your best opportunity to reach the largest assemblage of participants from the Neuropharmacology community. This is an excellent opportunity for the researchers, scientists, young scholars, neurologists, neurosurgeons, entrepreneurs and delegates from Universities & Institutes to interact with the world-class scientists. It is a platform to discuss various aspects of cutting edge strategies, new technologies, developments and methods to allow you to further your research, the diseases, and their cures, case studies from all over the world and research experiences of eminent investigators along with latest technology/solution advancements in the field. The main theme of the conference is "New Approaches in Neuropharmacology: Drug Discovery, Design & Development"

Regards,
Euro Neuropharmacology 2019

About Prague

Prague is the capital and largest city of the Czech Republic. It is the 14th largest city in the European Union. It is also the historical capital of Bohemia. Situated in the north-west of the country on the Vltava River, the city is home to about 1.26 million people, while its larger urban zone is estimated to have a population of nearly 2 million. The city has a temperate climate, with warm summers and chilly winters. The city boasts more than ten major museums, along with numerous theatres, galleries, cinemas, and other historical exhibits. An extensive modern public transportation system connects the city. Prague is the fifth most visited European city after London, Paris, Istanbul and Rome. Prague's low cost of living makes it a popular destination for expats relocating to Europe. The city of Prague lies between oceanic climate and humid continental climate.

The region city of Prague is an important center of research. Some well-known multinational companies have established research and development facilities in Prague, among them Siemens, Honeywell and Sun Microsystems.

We look forward to seeing you in Prague!
