https://pediatricsurgery.pediatricsconferences.com/

Invitation

Dear Colleagues,

Conference Series LLC Ltd. is delighted to welcome you to Zagreb, Croatia for Euro Pediatric Surgery 2020.

The conference will focus on **"Exploring new standards and latest strategies in Pediatric Surgery"**. We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Euro Pediatric Surgery 2020 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Zagreb, Croatia this April.

Sincerely,
Euro Pediatric Surgery 2020
Organizing Committee

What is Euro Pediatric Surgery 2020 ?

It is our great privilege to invite you to participate in the 13th World Congress on Pediatrics, Neonatology, and Pediatric Surgery (Euro Pediatrics Surgery 2020) to be held in Zagreb, Croatia from May 11 – 12, 2020.

Theme: Exploring new standards and latest strategies in Pediatric Surgery.

Euro Pediatric Surgery 2020 aims to proclaim awareness and share new ideas among Pediatric Surgeons, researchers, scientists, physicians, Pediatric nurses, Neonatologists, Pediatricians, educators, pharmacists and other healthcare professionals to share their research experiences and participate in the conference's discussions and technical sessions. The conference will also have a space to show their programs, products, inventions and research results to companies and/or organizations. The meeting will facilitate the exchange of ideas and knowledge among the various disciplines to facilitate integrative research and surgical collaborations focusing on Pediatric surgery.

Our conference will encourage young participants to obtain these new updates and share their experiences globally with well-recognized speakers.

We look forward to seeing you at this forum and we are confident that you will find it such an excellent learning opportunity in historic Zagreb.

Host City

Croatia is a Mediterranean and Central European country. The nation also has the Adriatic Sea's long voyage border with Italy. The climate along the Adriatic coast in the Mediterranean, signifying warm, dry summers as well as mild winters. It's one of Europe's sunniest coastlines! The country's interior has a continental climate with hot summers and cold, snowy winters.

Zagreb, the capital of the Republic of Croatia, is famed for its diverse economy, historical museums, cultural events, sports, and government initiatives. It is located along the banks of the Sava River on the southern slopes of the Medvednica Mountain. It is historically worth visiting European cities with its many historical monuments, parks, and medieval architecture. The attractive geographical location throughout the Pannonian Basin provides immediate access to Central Europe and the Adriatic coast. Perhaps this is why it has been the economic gateway that links central and Western Europe via the Adriatic Sea for several decades. It has become Croatia's only city with a population of more than one million. Moreover, as the city steps into the new millennium, it has maintained its ancient charm and welcoming attitude among foreign visitors

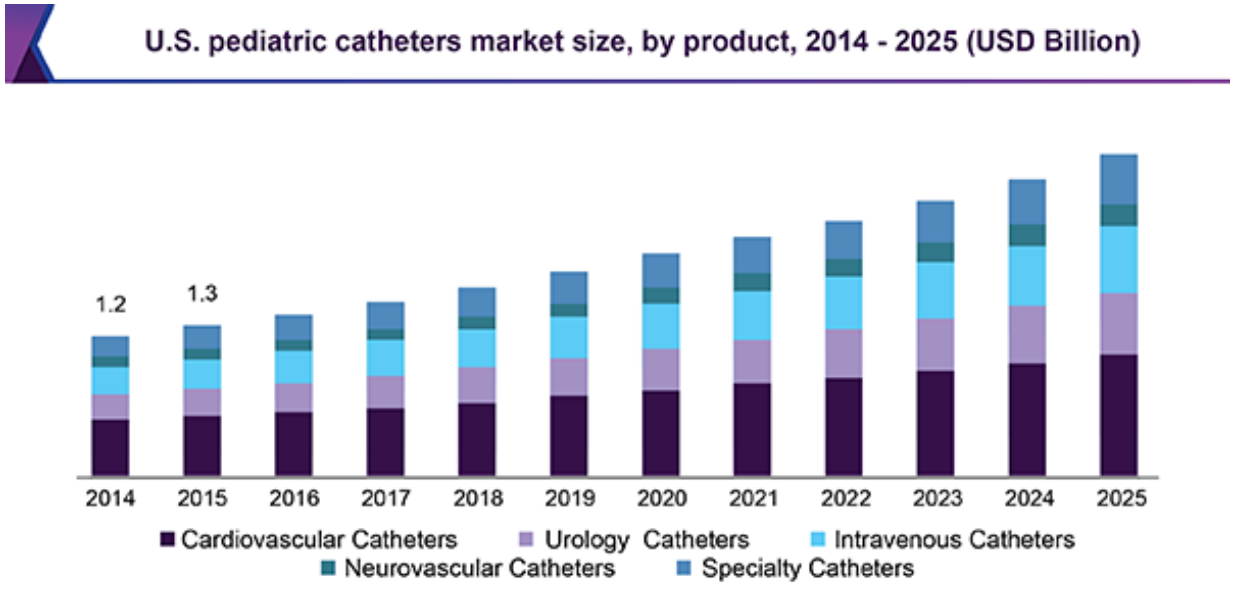

Market analysis

Zagreb is Croatia's capital and most populous city. Zagreb has a population of 806,920 within the proper city, 57.2% of the total urban population and 1,601,653 within the metropolitan area.

Approximately 8.8 births/1,000 children are born daily with various types of surgical diseases or abnormal babies, as well as 2.3 billion children under the age of 10 will develop different types of surgical diseases such as heart, lungs, liver, thyroid, bone-related diseases, neurological, gastrointestinal-related diseases, and some infections that may permanently damage Pediatric health. Pediatrics suffer from surgical diseases in the European population is up to 13 percent. The population of Croatia is 4,270,480 (July 2018 is.)0-14 years: 14.21% (293,931 male 312,805/female). 15-24 years: 11.09% (242.605/female male 230.853) Medical expenditures 12% of GDP (2018) Last year in the Zagreb, more than 164 people out of 100,000 died of cancer. In Zagreb, 10.5 babies died per 1,000 births, but in 2010, nine per 1,000 babies fell by 14 percent. Last year, more than 160,000 children were born after a minimum of 37 weeks of pregnancy, 367 of whom died.
