EURO PHARMACEUTICAL BIOTECHNOLOGY 2019

24th International Meet on

PHARMACEUTICAL BIOTECHNOLOGY

May 13-14, 2019 | Paris, France

https://biotechnology.pharmaceuticalconferences.com/

Invitation

Dear Collegues,

Conference Series LLC Ltd. is delighted to welcome you to Paris, France for Pharmaceutical Biotechnology 2019.

The conference will focus on “Providing a global platform to explore and enhance the future of medicine and pharmaceutical biotechnology”. We are confident that you will enjoy the scientific sessions of this upcoming conference.

The conference will bring together the scientists, researchers, academic professionals, business delegates from all over the world to explore and discuss their knowledge on pharmaceutical biotechnology, bio formulations and various fields of biotechnology and clinical research. It also provides the premier interdisciplinary forum for scientists, scholars, and practitioners to present their latest research results, ideas, developments, and applications in all areas of Biotechnology and Bio pharmaceutics

The main agenda will focus on current advances in the research, production and use of Biotechnology and Bio pharmaceutics with particular focus on their role in elevating the health and economic level

We look forward to see you in Paris, France this May

Sincerely,

Euro pharmaceutical Biotechnology 2019

Organizing Committee

Euro pharmaceutical Biotechnology 2019

Euro pharmaceutical Biotechnology 2019 May 13-14, 2019 in Paris, France.

Theme of the Conference is ''Providing a global platform to explore and enhance the future of medicine and pharmaceutical biotechnology.''

Conference Series is esteemed to invite you to join the 24th International meet on Pharmaceutical biotechnology conference which will be held during, May 13-14, 2019 at Paris, France. Which includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions.

Conference Series Organizes 3000+ Global Events with over 600+ Conferences, 1200+ Symposiums and 1200+ Workshops on Medical, Pharma, Engineering, Science, Technology and Business.

Euro pharmaceutical Biotechnology is a world class conference, where renowed international speakers, specialists will take concurrent sessions of Pharmaceuticals, Biotechnology proceedures, Bioinformatics, Cancer genomics and other fields of pharmaceutrical biotechnology.

The conference has been carefully designed so as to acknowledge the various recent researches going on in the field of Pharmaceutics and Biotechnology. In addition to the paper presentations, the conference will provide its attendees to attend sessions of presentations and debates, workshops and symposiums as well as poster presentations. This conference on pharmaceutical Biotechnology will deal with various tracks from the different fields of pharmaceutical Biotechnology. The congress provides you with an unique opportunity to meet up with peers from both industry and academia. We co-ordinally invite all concerned people to come and join us at our event and make it a successful one by your esteem participation.

A vast array of topics will be discusses in the congress which includes Bioformulations, Bioinformatics,Cancer genomics, Stem cell therapy, variious fields of Biotechnology and pharmaceutical preparations and development, also latest Innovation in Biopharmaceuticals. At Conference series, it is our ideology to bring maximum exposure to our attendess, so we make sure the event is a blend which covers professionals such as researchers, Directors, Professors, Associate Professors, Assistant Professors, Doctors, Post Doc., PhD/Students, Exhibitors, and Delegates who are interested in the ongoing research on pharmaceutical biotechnology related fields, healthcare professionals from academia & industry making the conference an enriching valley of information and experience.

Why to attend???

- Attendees are offered with the worldwide platform to meet their fellow researchers and mentors vis-à-vis.
- Brightens the future of medicines, by sharing ideas, challenges and plans which the researchers came across in the past years.
- This provides a common floor for all the people who share similar interests

Who are Attending

The expected attendees who are related to various pharmaceutical biotechnologies, which also include Pharmaceutics, Biotechnologists, clinical trials and research, Bio chemistry, Chemical biology, Bio informatics, Computational biotechnology, Bio pharmaceutics.

Young as well as experienced researchers, scholars, from various fields of biotechnology, pharmacy and medical sciences

Researches and discussions on pharmaceutical biotechnology, drug discovery and development, biotechnology in various fields.

Major Sessions

Pharmaceutical Biotechnology
Gene Therapy
Regenerative medicine
Stem Cell
White Biotechnology
Biotechnology on Food processing
Pharmacokinetics and
Pharmacodynamics
Drug development process
Bio chemistry
Pharmacogenomics
Cancer Biotechnology
Genetic Engineering
Recombinant DNA technology
Marine Biotechnology
Environmental Biotechnology

Supporting Journals

Biology and Medicine
Journal of Bioremediation & Biodegradation
Journal of Biotechnology & Biomaterials

Host City

Paris, the City of Light or City of love is the world's most visited capital. The city is proud of its many architectural landmarks and historical monuments from the iconic Eiffel Tower to the lofty Notre-Dame cathedral and the majestic Arc de Triomphe. No doubt this is Europe's most enchanting capital.

Landmarks: Variety of landmarks and objects are cultural icons associated with Paris such as Lovre, Musée Picassa and many more.

Culture: The culture of Paris concerns the arts, music, museums, food and festivals. The city is today one of the world's leading business and cultural center. Even a year isn't long enough to uncover all the of Paris treasure.

Business value: Paris has arguably the biggest biotech cluster in Europe, with a wide range of applications, from drug development and medical devices to synthetic biology. It is also home for very Popular Biotech companies like Eligo Bioscience, Neovacs, Nanobiotix and Enterome etc. It's a place for global business where people, resources and information gathered from around the world.

Registrations

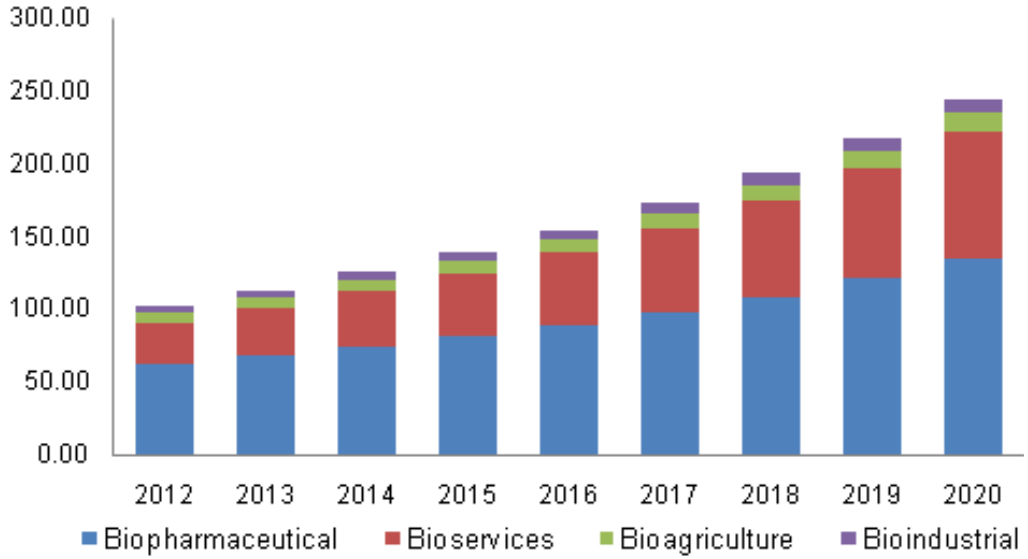

Chose your category of registration based on your profile and specialization.
Visit conference website for more details on discounts and offers.

Vision & Plan

International Market Approach

From agriculture to environmental science, biotechnology plays an important role in improving industry standards, services, and developing new products. Biotechnology involves the spectrum of life science-based research companies working on transformative technologies for a wide range of industries. While agriculture, material science and environmental science are major areas of research, the largest impact is made in the field medicine. As a large player in the research and development of pharmaceuticals, the role of biotechnology in the healthcare field is undeniable. From genetically analysis and manipulation to the formation of new drugs, many biotech firms are transforming into pharmaceutical and biopharmaceutical leaders

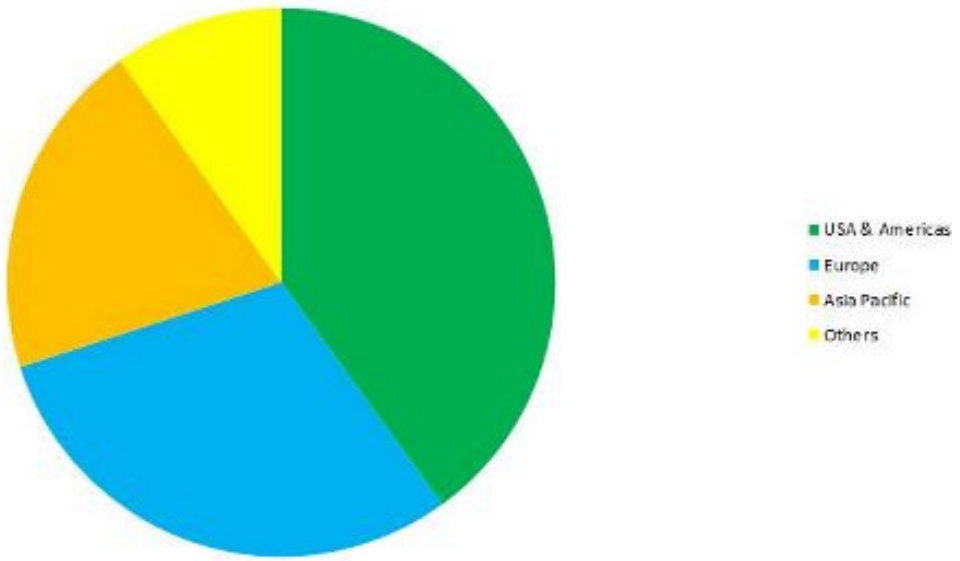

Pharmaceutical Biotechnology has emerged as one of the major disciplines for drug discovery and development. Today the shape and vision of pharmaceutical aspects and challenges have completely changed, and the prefix “pharma” can also be accepted as a synonym for integrated life science approaches, ranging from genetics to molecular biology to diagnostics, with the common goal of delivering the best drug to the patient by biotechnological tecniques.

Vision & Plan

Worldwide market for biotechnology in the life sciences is evaluated at over $29.6 billion for 2014. Pharmaceutical Biotechnology will demonstrate unfaltering managed development at 20.7%. This market is conjecture to develop to more than $79.8 billion by 2019 to enlist a solid compound yearly development rate (CAGR) of 22%

- Bio-based products: materials
- Bio economy
- Biomaterials engineering and Nano medicine
- Bio-nanoparticles
- Biopharmaceuticals production
- Membrane technology
- Bioprocess engineering, modelling, measurement & control
- Thermodynamics of chemical and pharmaceutical systems

Sponsorship and Exposure

Diamond

- Three workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Four complimentary registrations
- Logo recognition on congress website front page with link, sponsorship page
- One A4 color advertisement in the congress souvenir
- Three inserts provided by the sponsor in the congress delegate bags

Platinum

- Two corporate sponsored workshop slots
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Three complimentary congress registrations
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page
- One A4 color advertisement in the congress souvenir
- Two inserts provided by the sponsor in the congress delegate bags.

Gold

- Two complimentary congress registrations
- One corporate sponsored workshop slot
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Logo recognition on congress website sponsorship page
- One A4 color advertisement in the congress program or book of abstracts (excluding cover pages)
- One insert provided by the sponsor in the congress delegate bags
- Priority to purchase additional sponsorship items

Exhibition

- One complimentary congress registration
- Set up of one tailor-made exhibit booth (Booth Size 3x3 sqm)
- Logo recognition on congress website sponsorship page
- Color Advertisement in Congress souvenir
- Inclusion of your company's leaflet/insert in the congress delegate bags
- An exclusive online promotion on all our social Networking Sites
- Shape and raise your corporate image through logo branding

Tentative Agenda

Day 1 / May 13, 2019

SESSION
Opening Ceremony
Introduction
Keynote Presenttions
Morning Break
Workshop Sessions
Lunch Break
Speaker Sessions
Noon Break
Yrf Presentations
Closing Ceremony

Day 2 / May 14, 2019

SESSION
Opening Ceremony
Introduction
Keynote Presenttions
Morning Break
Workshop Sessions
Lunch Break
Speaker Sessions
Noon Break
Poster Presentations
Closing Ceremony

Speaker Slots Available

Note: Program Schedule is subject to change with final allotment of the speaker slots
