Invitation

Dear Collegues,

Conference Series LLC Ltd. is delighted to welcome you to Paris, France for Euro Physics 2019.

The conference will focus on “Unveiling the endless possibilities of nature with Physics & its allied concepts”. We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Euro Physics Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Paris, France this May

Sincerely,
Euro Physics 2019
Organizing Committee

What is Euro Physics 2019 ?

Euro Physics 2019 May 13-14, 2019 in Paris, France.

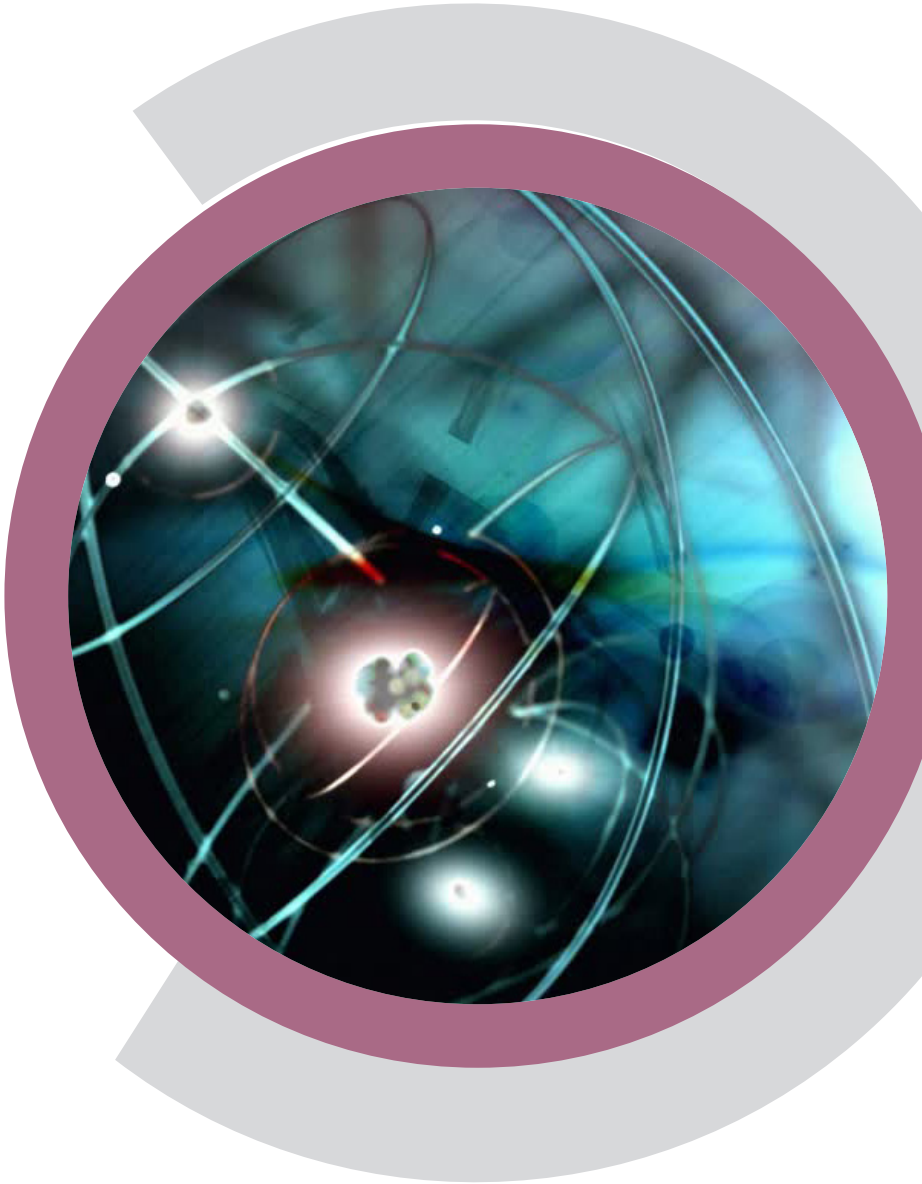

Theme of the Conference is ''Unveiling the endless possibilities of nature with Physics & its allied concepts.''

Conference Series is esteemed to invite you to join the 6th World Congress on Physics 2019 which will be held May 13-14, 2019 at Paris, France which includes prompt keynote presentations, oral talks, poster presentations and exhibitions.

Physics Congress aims to bring together the prominent researchers academic scientists, and research scholars to exchange and share their experiences on all aspects of Physics. It is also an interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent advances, trends, and concerns as well as practical challenges and solutions adopted in the fields of Physics and its allied concepts.

6th World Congress on Physics will focus on many interesting and knowledge empowering & enhancing scientific sessions and covers all frontier topics & concepts in Physics which includes Modern Astrophysics and Cosmology, Atomic and Molecular Physics, Condensed Matter Physics, Quantum Physics and Technology, Optics and Lasers, High Energy Nuclear Physics, Plasma Physics, Applied Physics, Nano-Technology, Medical Physics and Biophysics, Spintronics, Many Body Physics, Advanced Materials and Functional Devices, Organic Electronics, Graphene, Experimental Physics, Materials Physics, Space Physics and many more. The conference also includes Keynote presentations by prominent personalities from around the globe in addition to both oral and poster presentations..

On behalf of Euro Physics 2019, Organizing Committee is glad to invite contributions from the enthusiastic academicians, scientists to organize International Symposiums/

Workshops that are both experimental and theoretical in exploring new dimensions of Physics..

Target Audience :

- Directors of companies
- Researchers
- Professors
- Lecturers
- Scientists
- Students
- Managers & Business Intelligence Experts
- Research students and Research Institutes

Participation Benefits

- Networking with the experts and influencers is always a benefit
- Live Streaming of the conference Keynote sessions by world's most eminent researchers
- Worldwide recognition through the speaker profile updated on Google
- Recognition of speaker's work through the abstract page incorporated in Google our website
- Get updates about latest equipments and techniques in your field from around the world under a single roof
- Top Industries Representation
- Thought provoking Symposia's and Workshops
- Nominations for Best Poster Award
- Outstanding Young Researcher Award
- Group Registration benefits

Major Sessions

- Material Physics
- Condensed Matter Physics
- Plasma Physics
- Astrophysics and Cosmology
- Mathematical & Computational Physics
- High Energy Nuclear Physics
- Atomic and Molecular Physics
- Theoretical Physics
- Experimental Physics
- Quantum Field Theory
- Quantum Technology
- Medical Physics and Biophysics
- Photonics, Optics and Lasers
- Electromagnetism and Micro Electronics
- Classical Mechanics
- Soft Condensed Matter Physics
- Nanoscale Physics
- Acoustics
- Many Body Physics
- Applied Physics
- Low Temperature Physics

Host City

Paris, one of the beautiful cities in the world. It is the capital and most populous city of France and one of Europe's major centers of finance, commerce, fashion, science, and the arts. Paris is located in northern central France, in a north-bending arc of the river Seine whose crest includes two islands, the Île Saint-Louis and the larger Île de la Cité, which form the oldest part of the city. The city is spread widely on both banks of the river. City of art which has numerous art galleries showcasing some of the best masterpieces from around the world, from pre-history to the Renaissance, contemporary and classic.

Paris is especially known for its museums and architectural landmarks: the Louvre was the most visited art museum in the world in 2017, with 8.1 million visitors. The Musée d'Orsay and Musée de l'Orangerie are noted for their collections of French Impressionist art, and the Pompidou Centre Musée National d'Art Moderne has the largest collection of modern and contemporary art in Europe.

Paris attractions: Eiffel Tower, Louvre Museum, Notre-Dame de Paris, Arc de Triomphe, Champs-Élysées, Sacré-Cœur Basilica, Palace of Versailles, Musée d'Orsay, Place de la Concorde, Moulin Rouge, Jardin du Luxembourg, Champ de Mars etc.. and many more.
