18th European Biosimilars Congress

April 14, 2025 | Webinar

UK: Conference Series LLC Ltd
35 Ruddlesway, Windsor, Berkshire, SL4 5SF

April 14, 2025

Sessions will be hosted in GMT+1 (UK Timings)

Opening Ceremony

09:20-09:30 Introduction

Keynote Forum

09:30-10:00 **Title: Monoclonal antibodies for all? A new method of biotherapeutics production in transgenic goat milk**

Francois Xavier Frapaise, Clinical/Regulatory Consultant, France

Sessions: Biosimilars | Pharmaceutical Sciences | Biologics | Drug Development | Pharmaceutics | Biotherapeutics | Bioinformatics | Biological Medicine | Regulatory Challenges | Pharma

Session Introduction

10:00-10:25 **Title: Production of biosimilar romiplostim**

Mohadeseh Haji Abdolvahab, Utrecht University, Iran

10:25-10:50 **Title: Hypoxia-activated prodrug for the treatment of pancreatic cancer: Liposomal formulation approach to improve the pk profile of the drug**

Adam WG. Alani, Oregon State University, USA

10:50-11:15 **Title: Developing novel antigen specific therapies as autoimmune disease treatments**

Aparajita Dubey, University of Queensland, Australia

Refreshment Break: 11:15-11:30

11:30-11:55 **Title: Global drug development - current trends, challenges and opportunities**

Gurpreet Singh, IQVIA, UK

11:55-12:20 **Title: Generic orphan drugs: A regulatory and commercial status around the world**

Luis Gerardo Alcalá Carmona, National Autonomous University of Mexico, Mexico

12:20-12:45 **Title: A green alternative to synthetic pesticides: Botanical pesticides and their role in global food safety**

Alexandra Andreea Botnaru, University of Medicine of Pharmacy of Iasi, Romania

12:45-13:10 **Title: Closing the design gap: Conducting usability studies in low-middle income countries for inclusive medical device design**

Lengwe Bupalo Sinkala, ClariMed, UK

Lunch Break: 13:10-13:40

13:40-14:05	**Title: EU good practice guides to medication errors** **Punam Kumari,** Clinexel, UK
14:05-14:30	**Title: Prospects for the use of surface plasmon resonance (SPR) assay for antiviral drug testing in cell cultures** **Petia Genova-Kalou,** Bulgarian Academy of Sciences, Bulgaria
14:30-15:55	**Title: Cholesterol, as an important modulator, dependently change signaling of human cholescystokinin CCK1 receptor** **Jingjing Xing,** University of Queensland, Australia
15:55-16:20	**Title: Potential of biosimilars to Increase access to biologics in emerging economies** **Md. Abu Zafor Sadek,** UniMed UniHealth Pharmaceuticals Ltd, Bangladesh
16:20-16:45	**Title: Exploring the antibacterial efficacy of transition-metal doped oxide nanoparticles** **Paulo C De Morais,** Catholic University of Brasilia, Brazil
16:45-17:10	**Title: Development of fc-fusion mimetic** **Hanieh Khalili,** University of West London, UK

Awards & Closing Ceremony
