Welcome Messages

Dear Colleagues,

A Warm Texas Welcome to San Antonio, USA – home of the historic Alamo and the amazing River Walk. The organizing committee has work diligently to bring to you the noteworthy 28th International Conference on Family Nursing and Healthcare. It offers conference participants the ability to engage in sharing, learning, discussing, and networking about the global perspective of healthcare in an inviting setting.

The theme for the 2017 international conference is "Creating a Higher Standard of Health Care" and consists of prominent keynote presentations by renowned speakers, oral talks, poster presentations, and exhibitions. There will be opportunities for conference participants to learn, share, and ask experts in their areas of interests and concerns related to many nursing fields. Topics that will be addressed by the conference include: Nursing Education and Research, Family Medicine, Women Health Nursing, Public Health, Midwifery, Critical Care Nursing, Clinical Nursing, Legal Nursing, Geriatric Nursing, Tele Medicine and e-Health, Emergency Nursing, and Dental Nursing.

I am also excited to share with you about Si Texas – Juntos for Better Health. It is a partnership of six community health care service providers coming together to develop the first fully coordinated comprehensive health care delivery system among multiple partners in Laredo, Texas, USA. Juntos seeks to create a system of Integrated Behavioral Health which provides a continuum of care for those with obesity, diabetes, and depression. Texas A&M International University and the Canseco School of Nursing and Health Sciences serve as the lead agency in this innovative collaborative grant.

I am honored to be a keynote speaker and look forward to meeting each of you.

Restfully,
Glenda C. Walker, Ph.D., RN
Dean, College of Nursing and Health Sciences
Dr. F.M. Canseco School of Nursing
Texas A&M International University

Dear Colleagues,

Hold on to your hats! Welcome to beautiful San Antonio, Texas and the 2017 Family Nursing and Healthcare Conference. Get ready for a conference filled with scientific research, education, leadership and practice topics guaranteed to stimulate lively discussions. The organizing committee has done an exceptional job of bringing together practitioners to share the global perspective of healthcare. This international conference will provide the attendee the opportunity to explore healthcare across the lifespan from multiple perspectives. I am honored to be a keynote speaker and look forward to this immersion experience.

I look forward to seeing you in San Antonio, Texas, USA.

Sincerely,
Barbara Broome, PhD, RN, FAAN
Dean of Nursing
Kent State University, USA

About San Antonio

San Antonio is the 7th largest city in the United States of America and the 2nd largest city within the state of Texas, with a population of 1.33 million. The city was named after San Antonio de Padua, whose feast day is on June 13, when a Spanish expedition stopped in the area in 1691.

San Antonio is centrally located between both coasts, so attendees don't have to make cross-country flights. And with 26 million Texans, most are just a drive away. Great weather and temperate winters make San Antonio a great solution for those with seasonal weather challenges (or for those who enjoy year-round golf). Over 300 days of sunshine each year and an inland location provide worry-free planning options in all seasons. San Antonio's unique heritage and mix of cultures gave way to a culinary landscape that's truly one-of-a-kind. While we're famous for our signature Tex-Mex, you'll also find traditional Mexican cuisine along with German, French, English and Italian eateries. Quiet wine bars, well-known watering holes, lively dance halls and a duelling piano sing-along are just a few of the many popular stops.

The jewel of the city is the River Walk, which meanders through the downtown area. The Alamo, located nearby, is Texas' top tourist attraction, while the River Walk is the second most visited attraction. Sea World, located 16 miles (26 km) west of downtown, is the 3rd attraction.
