Invitation...

Conference Series extends an enthusiastic and sincere welcome to the 3rd International Conference on Fluid Dynamics & Aerodynamics during October 25-26, 2018 Berlin, Germany.

Theme: "De-Freezing the Anomalies of Fluid Dynamics and Aerodynamics."

Anticipating to develop a close networking platform for the academic and industrial representatives from around the world, the theme of the conference is designed as such that it touches every nook and corner of the basic and advanced application of Fluid Dynamics, Aerodynamics and Fluid Mechanics.

Fluid & Aerodynamics 2018 aims to give a concrete base to your hi-tech visions by expecting participation of 150+ notable minds under one single roof.

Here's where you can get thought inciting talks and exhibitions of knowledge from people having research experience worth a fortune.

Join us @ Berlin for the mammoth congress-Fluid & Aerodynamics 2018.

Regards

Segments within the Congress

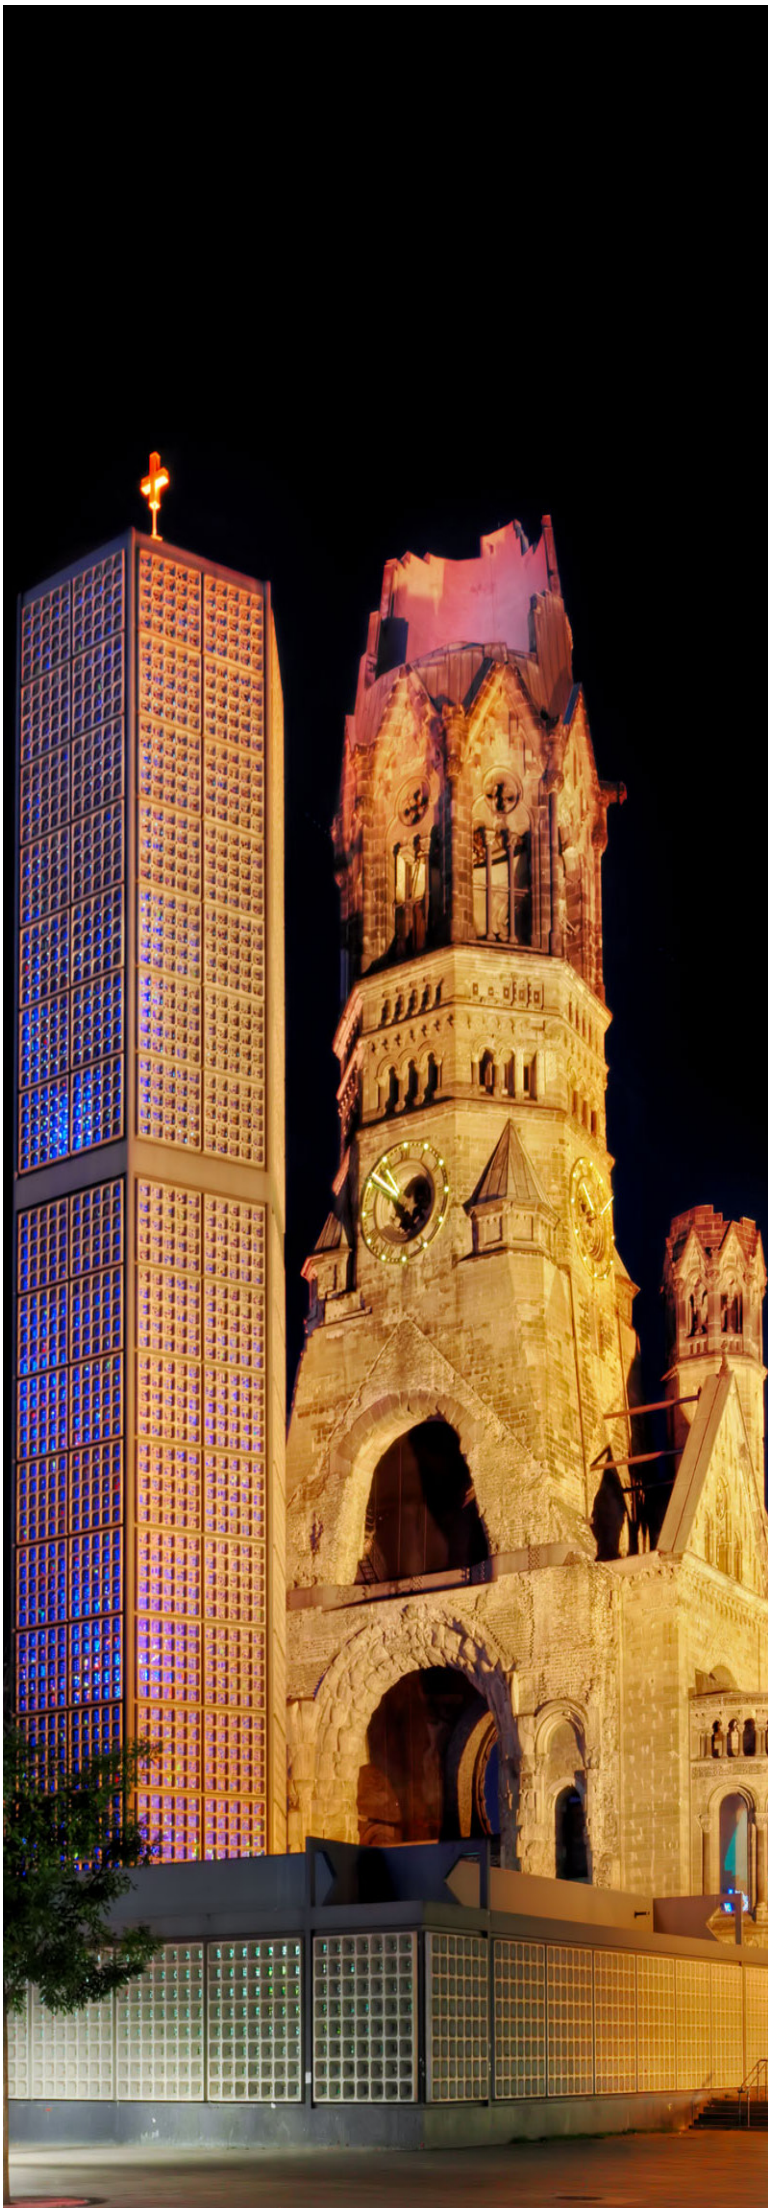

A balanced mixture of Keynote speeches, Session talks and Poster Presentations along with probable Exhibitions from industries will play quite a major role in assuring the attendees of a detailed discussion and justify the cause for which they will be in Berlin, Germany.

DAY 1:

The Welcome Remarks.....1
Meet the Keynotes.....2
Stretch out with Coffee.....3
Redefined Session Talks.....4
The Luncheon.....5
A Continuity to Talks.....6
Workshop Platform.....7
Young Mind Showcase.....8
Day Out..... 9

DAY 2:

Picking up from Keynotes again..... 10
Coffee and Webbing Time..... 11
The Canvas Show..... 12
Frontier Session Talks.....13
Rewarding and Awarding..... 14
Closure Comments..... 15

"To be covered" Extents

The conference theme is designed as such that it shall encourage the Fluid Dynamics, Aerodynamics and Fluid Mechanics related academicians, industrialists and researchers to talk and discuss on the well-proportioned combination of the areas of these Conference. The session thoughts will include the debate and lectures on:

- Fluid Dynamics
- Fluid Flow
- Turbomachinery
- Hydraulics
- Turbine
- Microfluidics
- CFD Methodology
- Heat Transfer System
- Aerodynamics
- Aero-acoustics
- Numerical Methods
- Hydrodynamics
- Aerodynamics Simulations
- Biofluid Mechanics
- Thermo-Fluid Dynamics

Audience Measurement

With the prime of this theme, the conference series aims at providing the links between Fluid Dynamics, Aerodynamics and Fluid Mechanics by creating a platform for active participation, exchange of expertise and lateral thinking from researchers, scientists, and educators through invited plenary lectures, symposia, workshops, invited sessions and oral and poster sessions of unsolicited contributions.

The conference series look forward to welcoming you to an inspiring, educational and enjoyable program with the intent of emphasizing the applications of Fluid Dynamics, Aerodynamics and Fluid Mechanics research to the improvement of the global strength.

Conference Series conference participants hail from around the globe including the US, Europe, Middle East and Asia Pacific.

Few of those many participant countries that Conference Series has covered in its 10 years of existence are listed below:

- USA
- Canada
- Mexico
- Brazil
- Argentina
- Colombia
- Bolivia
- Spain
- Italy
- France
- Czech Republic
- Belgium
- Germany
- United Kingdom
- Malaysia
- Australia
- South Korea
- China
- India
- Russia
- Japan

Young Researchers Forum

This segment has been instituted by the Fluid & Aerodynamics 2018 Conference on behalf of Conference Series to recognize the budding scientists and researchers with an outstanding track record in the Fluid Dynamics, Aerodynamics and Fluid Mechanics and Control Systems related study and technology.

This segment shall serve the purpose of being a pivotal step towards association and networking among Young Scientist Minds.

Who can be in YRF?

- Any fledgling and budding scientist/researcher below the age of 33 years
- Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty

What can they achieve?

- A platform to showcase their innovative ideas
- An opportunity to interact with speakers with high research experience and established industrialists
- Award will be presented to the best YRF talk

Exhibiting With Us

We, in the conference, are providing the perfect business platform to promote your products and services as well, which shall be helpful in taking and generating new leads.

Why exhibit with us?

- A continuous non-competitive show
- One complimentary registration valued up to $799 USD
- Discounted registrations for all other additional booth personnel
- Access to the conference attendees
- Discounted hotel rates
- Promotional and sponsorship opportunities galore
- Standard booth setup
- Best platform to develop new conglomerate & alliances
- Best site to hustle up your route into the business territory in the World
- Network development with both Academia and Business

"Make it... Take it..."

This is what exhibiting with us means. Make a place at Fluid & Aerodynamics 2018 as an exhibitor and Take the International recognition with you.

Getting Around Berlin

Berlin is the capital and the biggest city of Germany and in addition one of its 16 constituent states. With a populace of around 3.7 million, Berlin is the second most crowded city appropriate in the European Union and the seventh most crowded urban range in the European Union. Situated in north eastern Germany on the banks of the waterways Binge and Havel, it is the focal point of the Berlin-Brandenburg Metropolitan Locale, which has about 6 million inhabitants from more than 180 countries. Because of its area in the European Plain, Berlin is impacted by a calm occasional atmosphere. Around 33% of the city's region is made out of woodlands, parks, gardens, waterways, channels and lakes.

The city has four open research colleges and more than 30 private, expert, and specialized schools (Hochschulen), offering an extensive variety of orders. A record number of 175,651 understudies were selected in the winter term of 2015/16.Among them around 18% have a universal foundation.

Glorious Food

Germany is a country known for its food from massive schnitzel and pretzels galore to giant steins of beer and their capital is no slouch in the iconic foods department, in fact the very word Berliner means donut. The most eatable dishes around Berlin are Spätzle, Bratwurst, Currywurst, Bratkartoffeln, Sauerbraten, Maultaschen, Leberkäse, Schnitzel.

In Germany, currywurst, the traditional proletarian snack of sliced pork sausage swimming in a curry-tomato sauce, merits a memorial.

Stylish Shopping

Twice a year, Berlin becomes an international stage for fashion and lifestyle. At the Berlin Fashion Week, fashion-lovers, buyers, trade visitors and media representatives meet for shows and awards, find out about latest collections and trends at the trade fairs, visit exhibitions and off-site events.

Highlights of the Berlin Fashion Week are the trade fairs PREMIUM Exhibitions at STATION Berlin, the PANORAMA at Messe Berlin, the Show & Order at Kraftwerk, Seek and Bright at Arena Berlin and Selvedge Run at Kulturbrauerei, Greenshowroom and Ethical Fashion Show Berlin at Funkhaus. In addition 40 established and young designers will present their collections at Berliner Mode Salon, which is located at Kronprinzenpalais..
