9th International Conference on

Food Chemistry, Nutrition and Safety

Date:
April 17-18, 2025

Venue:
Madrid, Spain

Theme:
Shaping the Future of Food Quality, Health & Safetys

INVITATION

Dear Attendees,

We are glad to announce the "**9th International Conference on Food Chemistry, Nutrition and Safety**" to be held in **Madrid, Spain** on **April 17-18, 2025** organized in collaboration with generous support and cooperation from enthusiastic academicians and Editorial Board Members. Food Chemistry aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of 8th International Conference on Food Chemistry, Nutrition and Safety. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

8th International Conference on Food Chemistry, Nutrition and Safety Food Chemistry amid **April 17-18, 2025** at **Madrid, Spain**. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Food Chemistry 2025
Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Food Chemistry 2025 Scientific Committee is honored to welcome you all to attend 9th International Conference on Food Chemistry, Nutrition and Safety which will be held during April 17-18, 2025 at Madrid, Spain, Food Chemistry 2025 will raise the most dynamic and latest issues in the field of Oral and Maxillofacial Pathology. The Congress will highlight the discussion around the theme "Shaping the Future of Food Quality, Health & Safety" by bridging the gaps between the intellectuals from across the globe to enlighten their research and findings at Food Chemistry 2025. The highlights of the conference presents a fantastic line-up for many international experts such as Professors and Ph.D Scholars from academia, Clinicians, R&D Scientists, CEOs, CROs, CMOs, Director, President from Pharmaceutical Companies, Manufacturers, Distributors and Suppliers of Drug Delivery Technologies, Business Entrepreneurs, Health professionals & Pharmacist, Quality control specialist. It provides interdisciplinary platform to present and discuss the most recent innovations, trends as well as practical challenges encountered and solutions adopted in the fields Food Chemistry

Food Chemistry 2025 Salient Features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's Business Experts to catalyze and advance scientific knowledge about International Conference on Food Chemistry, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Food Chemistry
- Discuss and apply recent research findings related to Food Chemistry.
- Reflect on the place of critical distance in Food Chemistry.

Who should attend?

Academicians including Professors, PhD. Scholars, Students carrying out Nano Pharmaceutical and technology and The conference is of interest to all those in the Continuing Education/Professional Development experience, including pharmacists, developers, sponsors, faculty, regulators, government, professional associations, pharmaceutical industry, communication companies, and allied health care providers and organizations from around the world

Food Chemistry 2025 salient features

- Chemistry of Food
- Technology in Food Chemistry
- Food Processing, Preservation and Packaging
- Food safety, security and Sustainability
- Food Analysis and Quality Control
- Recent Innovation in Food Chemistry
- Probiotics and Prebiotics
- Food Waste Management, Public Health and Food Safety
- Nutraceuticals
- Chemical Composition of Food and chemical Additives of Food
- Food Microbiology and Its Toxicology
- Biotechnology and Nanotechnology In Food
- Chemical Fermentation Technology
- Environmental Impacts on Food Production and Consumption
- Food Adulteration
- Food authenticity and integrity
- Organic chemistry
- Food physical chemistry
- Food Nanotechnology
- New and rapid methods for food chemistry

Goals

Conferenceseries LLC Ltd is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

MEDIA PARTNERS

ABOUT SPAIN

Geography: Spain boasts a varied landscape that includes mountains, plateaus, coastlines, and islands. The Pyrenees form its northern border with France, while the Mediterranean Sea, Atlantic Ocean, and Bay of Biscay surround its coasts. Spain also includes several archipelagos such as the Balearic Islands and the Canary Islands.

Culture: Spain has a vibrant culture influenced by its long history, which includes periods of Roman, Moorish, and Christian rule. Flamenco music and dance, bullfighting, and traditional festivals like La Tomatina and Running of the Bulls are iconic elements of Spanish culture. Spain is also renowned for its cuisine, famous for dishes like paella, tapas, and gazpacho.

Language: Spanish, or Castilian, is the official language of Spain. Regional languages like Catalan, Galician, and Basque are also spoken in specific areas.

History: Spain has a rich and complex history, with significant periods such as the Roman Empire, the Islamic Caliphate of Cordoba, the Reconquista, and the era of Spanish exploration and colonization, which led to the establishment of a vast overseas empire. The Spanish Civil War in the 1930s had a profound impact on the country.

Politics: Spain is a constitutional monarchy with a parliamentary system of government. The Spanish monarch has a largely ceremonial role, while the head of government is the Prime Minister. The country is divided into autonomous communities, each with its own level of self-governance.

Economy: Spain has a diverse economy, with key sectors including tourism, agriculture, manufacturing, and services. It is one of the world's top tourist destinations, known for its beautiful beaches, historic cities, and cultural attractions.

Religion: Roman Catholicism has historically been the dominant religion in Spain, but the country has become more secular in recent years, with a growing diversity of religious beliefs.

Notable Landmarks: Spain is home to many famous landmarks, including the Sagrada Família in Barcelona, Alhambra Palace in Granada, Park Güell, and the historic city of Toledo. It also has a rich architectural heritage, with a mix of Moorish, Gothic, Renaissance, and modern styles.

Overall, Spain is a country with a rich and multifaceted cultural heritage, stunning natural beauty, and a complex history that continues to shape its identity and character.

Accompanying Person Registration	249 USD

	Conference Day 1
Morning	Registration
	Welcome Ceremony
	Keynote Presentation
	Round Table Panel Discussion
	Lunch Breakout
Afternoon	Speaker Presentation
	Round Table Panel Discussion
	B2B Session

	Conference Day 2
Morning	Keynote Presentation
	Round Table Panel Discussion
	Speaker Presentation
	Lunch Breakout
Afternoon	Speaker Presentation
	Exhibiting Hours
	Networking Session
	Round Table B2B

Note:

The program Schedule is subject to change with final allotment of the speaker slots.
