FOOD CHEMISTRY CONGRESS-2024

Invitation

Dear Attendees,

We are glad to announce the **5th European Food Chemistry Congress** to be held in **Rome, Italy** from **February 15-16, 2024** organized by **Conferenceseries LLC LTD** in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all stake holders of the ecosystem – Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics in Food Chemistry, Food Drug Analysis, Food Additives, Food Nutrition and Health, Food Nanotechnology, Food Microbiology, Agriculture and Resource Economics, Food and Nutrition, Food Science and Technology, Food Engineering, Hydro Colloids in Food Industry, Food Processing, Food Rheology, Food Physical Chemistry, Food Toxicology, Food Analysis, Food Waste and Recycling, Food Adulteration, Food Authenticity and Integrity, Advanced Food Processing Technologies, New and rapid methods for food chemistry and Organic Chemistry and will be available to discuss with you the latest issues and trends in ***Awakening the Innovation of future food technology.***

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Food Chemistry Congress-2023 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to **Rome** this June.

Sincerely,
Food Chemistry Congress 2024
Organizing Committee

Market Analysis Report

Scope and Importance of Food Chemistry:

Scope: The Scope of the conference is to gather all the Doctors, Researchers, Business Delegates and Scientists to approach and deliver all the attendees about the latest scientific advancements on the respective sphere. This Food Chemistry Conference is the premier event focusing on understanding individual and organizational behaviour and decision-making related to food chemistry and Food Microbiology, Food and Nutrition, Food Toxicology, medicals and academia.

Importance: Conference on Food Chemistry is a much celebrated conference which basically deals with the latest research and developments in the sphere of food chemistry and food microbiology. This Conference will provide a perfect platform to all the International mix of leading Research Scholars, and Scientists achieved eminence in their field of study, research academicians from the universities and research institutions, industrial research professionals and business associates along with Ph.D. Students to come and inform all the attendees about the latest scientific advancements on the respective sphere.

Today's Market Study of Food Chemistry

For developing nations, food, agriculture, and aquaculture are important sources of national wealth. The market for food technology worldwide is predicted to increase significantly with a CAGR (Compound Annual Growth Rate) of 6.0%, reaching about $342.52 billion by 2027. In 2012, $27.1 billion was spent on probiotic components and supplements globally. In 2013, that figure rose to $23.1 billion. By 2019 it has reached $220.32 Billion. Additionally, the processed food sectors, which include over 400,000 enterprises, are valued at over $2 trillion dollars globally. This growth is attributed to a number of factors such as suitable weather conditions, availability of natural resources and labor at a cheap salary. Additionally, due to developing trends in aquaculture, North America and Europe are anticipated to have considerable growth in the near future.

- **100000+** facebook fans Likes
- **Publication** immediately after acceptance
- **Quality and Quick** editorial, review processing

Salient Features

- **Easy to Submit** and Review Systems
- **High Quality** and Fast Publishing Guaranteed
- **Unbiased, quality-oriented,** and transparent reviews
- **Truly impartial recognition** of the best papers
- **Feedback** on the impact of every article
- **Enhanced feature:** Audio version of published paper
- **Digital articles** to share and explore
- **Sharing option:** Social networking enabled
- Authors, reviewers and editors are provided with **scientific credits**
- User friendly/feasible website articles **translations** across more than **50 world languages**

Our International Scientific Conferences

- More than **3000 Conferences** happening across the globe
- Conferences organized in **Medical, Pharma, Engineering, Science, Technology and Business.**
- **CME/CPD Accredited** Conferences fostering professional and Personal development
- **Continuum of education** through organized scientific program
- **Renowned speakers** and scientists representing from **40 countries**
- **Highly Interactive sessions** and Panel Discussions
- **B2B Meetings** offers perfect platform for Global Networking

Salient Features

- **Robust on-line publicity** for all the speakers and organizing committee members
- **Career Guidance** Workshops for students and early career researchers
- **Accepted Abstracts** will be published in various **indexed journals**
- **Accepted abstracts** will be labeled with a **Digital Object Identification Number** (DOI) provided by **Cross Ref**
- **Creation** of speakers and abstracts pages in Google
- **Opportunity** to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be published inrespective Conference Series Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Food Chemistry Congress 2024 Conference website is attracting **25000+** Food Chemists, Nutrition Specialists, Medical Professionals online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Food Chemistry Congress 2023 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Purpose

5th European Food Chemistry Congress is an arena for interdisciplinary exchange among professionals in the fields of Food Chemistry, Food Microbiology and Nutrition.

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Food and Nutrition present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Food Chemistry and Nutrition
- Discuss and apply recent research findings related to Food and Nutrition
- Reflect on the place of critical distance in Food and Nutrition

About Conference

Who should attend

5th European Food Chemistry Congress is exclusively designed for Scientists, researchers, doctors, professors, research fellows, directors, deans, post-graduates in nutrition and food chemistry, food chemists, health care providers, nutrition specialists, food chemist specialists, nutrition entrepreneurs, faculty from the fields of nutrition and food, faculty from the fields of food and nutrition, academics from those fields, students, and business representatives.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than **3000+ global events** inclusive of **1000+ Conferences 1000+ Symposiums 1000+ Workshops** in **USA, Europe, Middle East and Asia** with the generous support and cooperation from our **30000+ Editorial Board Members, 1000+ Scientific Societies.** All the conference proceedings are published in the special issues of our **700+ Open Access International Journals** with the **DOI** provided by

About Rome

Rome is the capital city of Italy. It is also the capital of the Lazio region, the centre of the Metropolitan City of Rome, and a special comune named Comune di Roma Capitale. With 2,860,009 residents in 1,285 km2 (496.1 sq mi), Rome is the country's most populated comune and the third most populous city in the European Union by population within city limits. The Metropolitan City of Rome, with a population of 4,355,725 residents, is the most populous metropolitan city in Italy. Its metropolitan area is the third-most populous within Italy. Rome is located in the central-western portion of the Italian Peninsula, within Lazio (Latium), along the shores of the Tiber. Vatican City (the smallest country in the world) is an independent country inside the city boundaries of Rome, the only existing example of a country within a city. Rome is often referred to as the City of Seven Hills due to its geographic location, and also as the "Eternal City". Rome is generally considered to be the "cradle of Western civilization and Christian culture", and the centre of the Catholic Church.
