

16th World Congress on Food Chemistry and Food Microbiology

October 23-24, 2023 | Dubai, UAE

About Conference

ME Conferences cordially welcome all the participants from all over the world to attend the "16th World Congress on Food Chemistry and Food Microbiology" which is scheduled during October 23-24, 2023 in Dubai, UAE. This is a great platform to explore your thoughts and suggestions to all the participants.

About Dubai

Dubai is surrounded by endless dunes, which you simply have to see. The desert landscape that surrounds the city is beautiful. Set out on a wild ride in the dunes as part of the morning safari, while bathed in the morning sun. If you want, you can take a solo journey around the dunes either on a quad bike or a sandboard. Of course, there'll be lots of time available for you to enjoy the desert and taking photos. On the safari, you'll be guided on quad bikes by experienced guides. To top it all off, traditional coffee and camel riding in true Bedouin style await in the end. The tour is part of the GetYourGuide Originals which, in addition to the 7% discount HI members are entitled to at each booking, also means a refund in case you're not satisfied. And that's not all you can reschedule your tour to whatever date you wish for free. Dubai, one of the seven united Arab emirates of the eponymous small country on the Arabian Peninsula, really leaves an impression with all its splendour and unique buildings. Travelling to Dubai is travelling to the city of contrasts where the vibrancy of a modern metropolis and the traditional desert life are intertwined. Read the following article and discover the top travel tips for Dubai

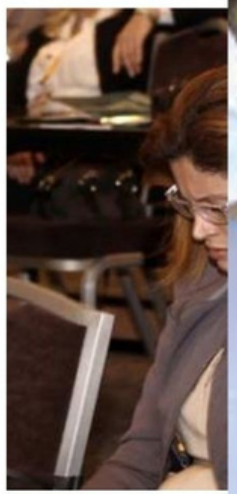

Target Audience

- Food Chemists
- Food Technologist
- Food Microbiologists
- Food Technicians
- Food Industrialists
- Food Microbiology Societies
- Oncologists
- Endocrinologists
- Food Microbiology Associations
- Food Microbiology and Chemistry researchers
- Biotechnology
- Nanotechnology
- Food Inspectors
- Physicians Nutritionists
- Academic faculty
- Registered Dieticians
- Fitness experts
- Private sectors
- Researchers
- Students (Postgraduates, Doctorates)
- Business Entrepreneurs and Industrialists
- Directors, Board Members, Presidents, Vice Presidents
- Scientists
- CEO's and R& D Heads from Industries

Sessions & Tracks

- Food Microbiology
- Food Chemistry and Nanotechnology
- Food Nutrition and Health
- Diet and Cancer
- Beneficial Role of Microorganisms in Food Industry
- Mycotoxins in Food
- Food Packing and Innovations
- History of Nutrition & Natural Healers and Fermented Foods
- Diet in Obesity and Under Weight
- Microbial Testing Methods for Maintain Food Safety
- Essenstial of Antioxidants in Foods
- Food Quality and New Analytical Approaches
- Food-Borne Diseases
- Plant Based Diet
- Chemistry of Food Colouring
- Food Sciences and Human Nutrition
- Natural Therapeutic Products from Microbes
- Food Processing and Preservation
- Food Safety and Quality Control
- Advances in Food Chemistry
