International Conference on

Food Microbiology

Oct 26-27, 2020 | Frankfurt, Germany

Invitation

Dear Attendees,

Conference Series LLC Ltd welcomes you to attend the **International conference on Food Microbiology during at Oct 26- 27, 2020 | Frankfurt Germany**. We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Food Microbiology

Food Microbiology 2020 anticipates more than 100 participants around the globe with thought provoking keynote lectures, oral and poster presentations. The attending delegates include editorial board members of related open access journals. This is an excellent opportunity for the delegates from universities, institutes and industries to interact with the world class scientists. The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer. The main theme of the conference is **"Latest Innovation of Food Microbiology and Advancement in Food Safety Research".**

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Food Microbiology Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level. We look forward to personally welcoming you to Frankfurt this June.

Sincerely,

Food Microbiology 2020

Organizing Committee

About Us

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be
published inrespective UK: Conference Series LLC Ltd Journals

About Conference

Food microbiology 2020 Conference website is attracting 25000+ Food Scientists, Food Technologists, Food Microbiologists, Food Safety consultants, Food Chemists online visitors ranging from Researchers, Academicians and Business professionals, who are working in this ield. This unique opportunity that we extend to our speakers and attendees is not being œred by any other conerence organizers. Through this the abstracts and research proiles o our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Food microbiology 2020 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and Networking offered at one place
- Highly organized and structured scientific programs
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 million+ visitors and 20000+unique visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for global networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goal of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyse and advance scientific knowledge about food safety and regulatory measures present the most recent research findings, and promote and enhance scientific collaborations around the world
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

About Conference

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in the field of Food Microbiology
- Discuss and apply recent research findings related to Food Microbiology Processing
- Reflect on the place of critical distance in Food and Beverage processing and Advancements

Who Should attend

International Conference Food Microbiology is exclusively designed for Food Scientists, Food Technologists, Food Safety Consultants, Food Microbiologists, Food Chemists, Research scholars, Students, Academicians, Business professionals and others engaged in endeavours related to Food Microbiology research and business

About hosting organization

Conerence Series is the world's leading specialist in organizing Academic, Scientific, Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive o 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conerence proceedings are published in the special issues o our 700+ Open Access International Journals with the DOI provided by Crossref

2020

Major Sessions

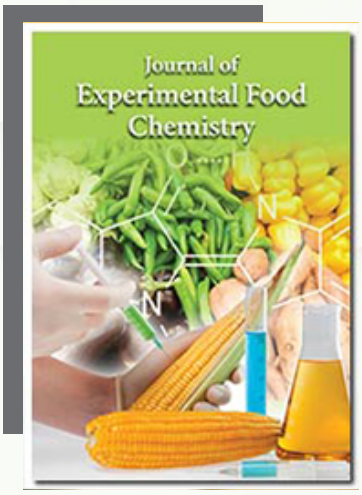

- Food Microbiology
- Foodborne Pathogens
- Food Poisoning
- Food Contamination
- Brewing technology
- Food Toxicology
- Food Allergies
- Food Chemistry
- Food Engineering
- Food and Nutrition
- Food Science and Technology
- Food Safety Laws and Regulations
- Agronomy and Agricultural Research
- Food Quality
- Food Preservation
- Food Testing and Analysis
- Food safety
- Food security
- Food Frauds
- Food Marketing and Entrepreneurship

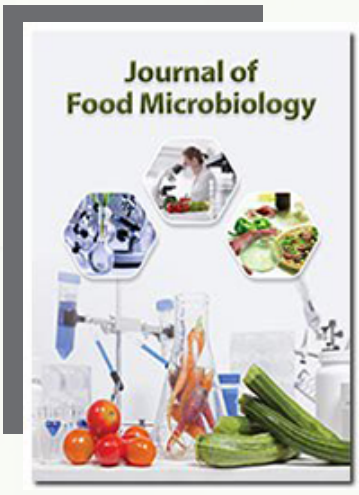

Supporting Journals

- Journal of Food Processing & Technology
- Journal of Experimental Food Chemistry
- Journal of food Microbiology

About Germany

Frankfurt is a county town and the largest city of the German federal state of Hesse. The population 746,878 make it the fifth-largest city of Germany after Berlin, Hamburg, Munich, and Cologne. The River Main forms a continuous conurbation with the neighbouring city of Offenbach am Main, and its urban area has a population of 2.3 million. The Frankfurt city is at the centre of the larger Rhine-Main Metropolitan Region, which has a population of 5.5 million. Frankfurt is the second largest metropolitan region in Germany after the Rhine-Ruhr region. Frankfurt is the largest city in the Rhine dialect area of Franconia.

Frankfurt was a city state and is called Free City, and was one of the most important cities of the Holy Roman Empire, as a site of imperial coronations; it lost its sovereignty after the collapse of the empire in 1806 and then permanently in 1866, when it was annexed by the Kingdom of Prussia. Since 1945, it has been part of the federal state of Hesse. A quarter of the population is foreign, including many expatriates.

Frankfurt is a city of the alpha world and a global center for trade, culture, education, tourism and transport. Frankfurt is the site of many global and European corporate headquarters. Frankfurt Airport is among the busiest in the world. Frankfurt is the main financial center of the European continent, with the headquarters of the European Central Bank, the German Federal Bank, the Frankfurt Stock Exchange, the Deutsche Bank, the DZ Bank, the KfW, the Commerzbank, several cloud companies and fintech and other institutes.
