Glimpses of Food Summit-2016

What People are saying!!!

I had a wonderful time at the summit and learned so much from the presenters. Thank you kindly for putting this event together.

Alyssa Guanlao, Los Angelos County Government, USA

Thanks for the kind note. I had a very good time at the conference. Speakers came with really informative materials…I learned from the many new perspectives and approaches toward resolving important issues. I loved that the summit was truly global in that there were participants from all around the world…I really enjoyed hearing about their research and getting to know them. The small group made the sessions more intimate. I loved the venue; the hotel accommodations were excellent…very relaxing and nice.

Stephanie Sausnaukas, Los Angelos County Government, USA

The conference was very enjoyable and I was honoured to be able to present my research at this prestigious event. The conference was particularly good for me as it is always important to keep up with the new developments within the food industry.

Many thanks for your continuous support throughout the conference. It was the pleasure to participate and shared the findings at such high level meetings
