Invitation…

Dear Colleagues,

Conference Series LLC welcomes you to attend CE accredited **11th World Gastroenterologists Summit** to be held from **December 14- 15, 2017** in **Dubai, UAE** with the theme "Exploring Grey Zones in Gastroenterology". This international meet (Gastroenterologists 2017) provides the perfect platform for the scientific community as an interactive and engaging 2-day event: unique in format, content, networking and engagement. The event brings together truly innovative thinkers who are leading the way through trailing new disruptive solutions.

Gastroenterologists 2017 will be an excellent learning, sharing and networking platform for Gastroenterologists , Surgeons, Physicians, Researchers, understudies and the other members of the gastroenterology team's from the Asia-Pacific region and beyond. It will provide continuing education opportunities as well as world-class scientific content delivered by quality keynote speakers, with plenary sessions, symposia, hands-on workshops and exhibition.

We look forward to welcoming you to Dubai, UAE.

With Regards,
Scientific Committee
Gastroenterologists 2017

Why Continuing Medical Education?

Advances in innovation and technology are continually putting Medical practitioners at risk of falling behind on the off chance that they don't keep up. As a Medical practitioner, these consistent changes move you to learn better approaches to enhance patient care. Impart your new learning to your staff. Enlighten your patients regarding your dedication towards continuing education. Staying aware of progress and adapting new practice strategies prompts to individual and practice development. A commitment to continuing education is your best chance to not simply keep pace, but rather to develop.

Plan a trip to Dubai

Venue

Dubai is a city in the United Arab Emirates, located within the emirate. The emirate of Dubai is located on the southeast coast of the Persian Gulf and is one of the seven emirates that make up the country. It has the largest population in the UAE (2,106,177) and the second-largest land territory by area (4,114 km2) after Abu Dhabi, is one of the few cities in the world that has undergone such a rapid transformation - from a humble beginning as a pearl diving centre - to one of the fastest growing cities on Earth. Dubai today is a tourism, trade and logistics hub and has earned itself the reputation of being the 'gateway between the east and the west'. It is also considered as the dynamic nucleus of the Arabian Gulf region.

Dubai has a fascinating history and a vibrant heritage that provides visitors an intriguing glimpse into Arabian culture. A place to start exploring the heritage and history of Dubai is the Dubai Museum. It is located inside the Al Fahidi Fort, one of the Dubai's oldest buildings dating back to 1787. There are other museums in Dubai that also offer insights into the history and growth of the city and of the United Arab Emirates.

Venue:
Dubai, UAE
