19th International Conference on

Genomics & Pharmacogenomics

June 18-19, 2026 | Singapore City, Singapore

https://genome.conferenceseries.com/

Invitation

Dear Attendees,

We are glad to announce the **19th International Conference on Genomics & Pharmacogenomics** to be held in **Singapore City, Singapore** on **June 18-19, 2026** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. ***Genome 2026*** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Genetics. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

The main theme of the conference is "***New Strategies & Emerging Trends in Genome and Pharmacogenomics***" which will ignite young minds in searching a novel approach towards the marvels of sustainable future.

Knowledge is Application. This Knowledge gathering initiative focuses on Knowledge accumulation but also helps in practical approach towards future aspects in the fascinating arena of Genetics.

We look forward to personally welcoming you to **Singapore City** this **June**.

Sincerely,
Genome 2026
Organizing Committee

About Conferences

Genomics & Pharmacogenomics 2026 Conference website is attracting 25000+ Academicians including Professors, PhD Scholars, Students carrying out laboratory Genetics Societies and the people Associated, Nobel laureates, Genetics Laboratories, Technicians, Research Institutes & members and Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Genome 2026 salient features

- MeetAcademiaandIndustry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series LLC Ltd Conferences differs from others?

- **3000+ Conferences** across the globe in **150+ countries** all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Objectives

- Discuss emerging issues in Genetics
- Discuss and apply recent research findings related to Genetics
- Reflect on the place of critical distance in Genetics

Goals

•Theconference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.

• Bringing together the world's scientific experts to catalyze and advance scientific knowledge about **19th International Conference on Genomics & Pharmacogenomics**, present the most recent research findings, and promote and enhance scientific collaborations around the world.

• Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Conference Sessions

- Next Generation Sequencing
- Cancer Genomics
- Functional Genomics
- Structural Genomics
- Pharmacogenomics
- Clinical Genomics
- Epigenomics and Epigenetics
- Genetic Disorders
- Comparative Genomics
- Animal Genetics and Genomics
- Plant Genomics and Molecular Pharming
- Gene Editing and Genetic Engineering
- Genomic Instability
- Genomic Medicine
- Microbial Genomics
- Biomarkers and Microarrays
- Nutrigenomics
- Personalized and Regenerative Medicine
- Bioinformatics and Computational Biology
- Trends in Genomics and Pharmacogenomics

Day 1 - June 18, 2026
