Invitation

OMICS International welcomes you to attend the ***Global Energy Engineering Summit & Expo*** *during* ***November 02-04, 2015*** *at* ***Beijing, China.***

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Global Energy Engineering Summit & Expo.

Global Energy Engineering Summit & Expo 2015 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

*The main theme of the conference is "****Exploring New Frontiers to Meet Global Energy Demand ****".*

Regards,
Global Energy Summit 2015 Operating Committee

About Us

OMICS International Journals

- 400 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 27000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 facebook fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS International Conferences

- 300 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective OMICS International Journals

Each abstract will be provided with digital Object Identifier by crossref

Conference Highlights

- *Power Generation-Conventional*
- *Power Transmission and Distribution*
- *Power System Management*
- *Renewable Energy and Green Technology*
- *Smart Grid Technology*
- *Solar and Fuel Cell Technologies*
- *Communication and Information Systems Engineering*
- *Regulations and Management*
- *Environment and Economic Policies*

Abstracts should be submitted according to provided sample template, please click this link for sample template: http://energy.global-summit.com/template.docx

Best Poster Award

Student Poster Competition is organized at OMICS Group Conferences, to encourage students and recent graduates to present their original research which will be later published in the OMICS Group Journals. All accepted abstracts will be presented at the poster sessions during the conference.

Young Researcher Award

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers. They can present their research in the form of an Oral presentation.

Exhibition & Sponsorship at Global Energy Summit-2015

Elite Sponsor | Gold Sponsor | Silver Sponsor | Exhibition

For Exhibition & Sponsorship opportunities at Global Energy Summit-2015 please contact us at: globalenergy@conferenceseries.net

The field of Energy Engineering is growing rapidly and its development is making tremendous impacts in engineering and industrial practices. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Global Energy Engineering Summit & Expo 2015

- *Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- *Selected contributions will be published in following OMICS International Journals*
    - *Journal of Electrical & Electronic Systems*
    - *Journal of Fundamentals of Renewable Energy and Applications*
    - *Innovative Energy Policies*
- *Participation in sessions on specific topics on which the conference is expected to achieve progress*
- *Global networking: In transferring and exchanging Ideas*
- *Conference brings together Scientific Researchers, Industrial Experts and Academicians.*

About Beijing

Beijing is the capital of the People's Republic of China and one of the most populous cities in the world. The metropolis, located in northern china, is governed as a direct-controlled municipality under the national government, with 14 urban and suburban districts and two rural counties. Beijing is the second largest Chinese city by urban population after Shanghai and is the nation's political, cultural, and educational center. It is home to the headquarters of most of China's largest state-owned companies, and is a major hub for the national highway, expressway, railway, and high-speed rail networks. The Beijing Capital International Airport is the second busiest in the world by passenger traffic. People native to urban Beijing speak the Beijing dialect, which belongs to the Mandarin subdivision of spoken Chinese.

At the historical heart of Beijing lies the Forbidden City, the enormous palace compound that was the home of the emperors of the Ming and Qing dynasties. The Forbidden City hosts the Palace Museum, which contains imperial collections of Chinese art. Surrounding the Forbidden City are several former imperial gardens, parks and scenic areas, notably Beihai, Shichahai, Zhongnanhai, Jingshan and Zhongshan.

These places, particularly Beihai Park, are described as masterpieces of Chinese gardening art, and are popular tourist destinations with tremendous historical importance. From Tiananmen Square, right across from the Forbidden City, there are several notable sites, such as the Tiananmen, Qianmen, the Great Hall of the People, the National Museum of China, the Monument to the People's Heroes, and the Mausoleum of Mao Zedong. The Summer Palace and the Old Summer Palace both lie at the western part of the city; the former, a UNESCO World Heritage Site, contains a comprehensive collection of imperial gardens and palaces that served as the summer retreats for the Qing imperial family

About Us

Important Dates

Abstract submission opens: March 16, 2015
Registration opens: : March 17, 2015
Early bird registration: July 14, 2015
On spot registration: November 02,2015

Venue

DoubleTree by Hilton Hotel Beijing
168 Guang An Men Wai Ave
Xi Cheng, Beijing, 100055, China

Transportation

Beijing Capital International Airport

Take the 2nd ring road via the Airport Express,heading west from the Guang An Man bridge, take Guang An Man Wai Avenue to the west. Hotel is on left when you reach the Shou Pa Kou Bridge.

Distance:

- Distance from Hotel: 38 km
- Drive Time: 55 min

Type	Typical Minimum Charge
Limousine	550.00 CNY
Taxi	100.00 CNY
