INVITATION FOR CONFERENCE

DEAR
COLLEAGUES,

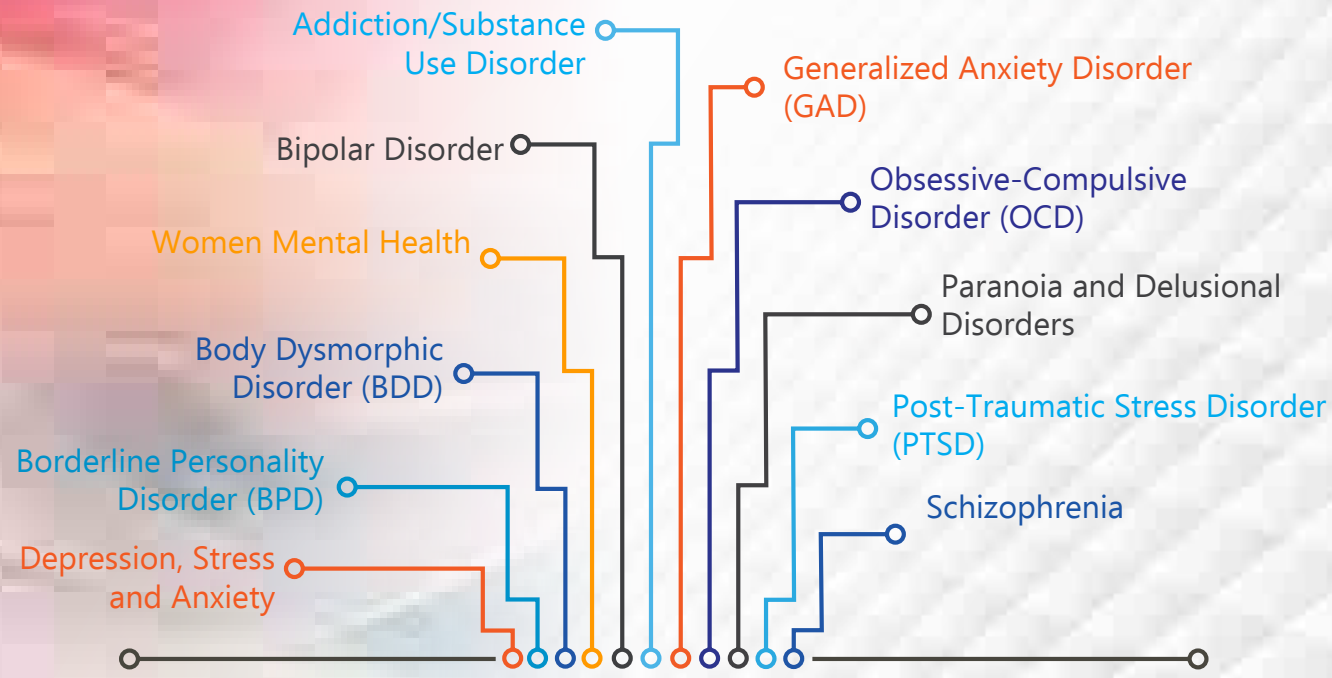

Global Mental Health 2024 will be a hybrid event, consisting of a small in-person gathering and a digital conference experience. Conference under the scheme, Crisis Intervention and Trauma Recovery will be held July 15-16, 2024 in Amsterdam, Netherlands. At 6th ICMH we believe that services and care processes can be improved with respectful collaboration between different parties. In our conferences every participant's voice is as important. We give arena for research, practice development, projects and personal experience. 6th ICMH highlights educational programs and innovations in clinical services designed to ensure equal access to high-quality mental health care for all people regardless of race/ethnicity, age, religion, nationality, sexual orientation, gender identity, socioeconomic status, or geographical background.

Venue & Accommodation

Amsterdam, Netherlands

Amsterdam, Netherlands

Amsterdam, the capital city of the Netherlands, is renowned for its picturesque canals, historic architecture, and vibrant cultural scene. The city's iconic canal ring, a UNESCO World Heritage site, offers charming waterways lined with 17th-century buildings and tree-lined streets. Exploring Amsterdam's canal district by boat or bicycle provides a unique perspective on its rich history and scenic beauty. Beyond its scenic landscapes, Amsterdam is a cultural hub with world-class museums and galleries. The Van Gogh Museum houses the largest collection of works by the Dutch master, showcasing his groundbreaking paintings and personal correspondence. The Rijksmuseum is another cultural treasure trove, exhibiting Dutch art and history, including Rembrandt's famous masterpiece, "The Night Watch." Additionally, the Anne Frank House offers a poignant glimpse into the life of the young Jewish diarist during World War II. The city's picturesque canals, lined with historic buildings and charming bridges, provide a scenic backdrop for meetings, seminars, and networking events. Amsterdam's well-preserved architectural landmarks, such as the iconic Anne Frank House and the historic Rijksmuseum, offer delegates opportunities for cultural enrichment and historical exploration during breaks from conference sessions.
