Global Toxicology 2020

19th International Conference on

Global Toxicology and Risk Assessment

November 05-06, 2020 | Madrid, Spain

https://globaltoxicology.conferenceseries.com/

Invitation

Dear Collegues,
Toxicology and Pharmacology is delighted to welcome you to Madrid, Spain for Global Toxicology 2020.

The conference will focus on **“Frontiers in Toxicology & Risk Assessment”.** We are confident that you will enjoy the scientific sessions of this upcoming conference.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Global Toxicology 2020 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to see you in Madrid, Spain this November

Sincerely,
Global Toxicology 2020
Organizing Committee

What is Global Toxicology 2020 ?

Toxicology conferences is rejoiced to announce the commencement of “19th International Conference on Global Toxicology and Risk Assessment” during November 05-06, 2020 in Madrid, Spain. The theme of the conference will be “Frontiers in Toxicology & Risk Assessment”.

GLOBAL TOXICOLOGY 2020 aims to bring together scientists, doctors, professors, lecturers in Toxicology, researchers, students, training institutes, Laboratories, association and societies, and individuals have an interest in the field of Toxicology and Pharmacology.

Conference Series organizes conferences over 1600 Global Events inclusive of 1200+ Conferences, 600+ Upcoming and Previous Symposiums and Workshops in USA, Europe & Asia with support from 1000+ scientific societies and publishes over 800 Open access Journals which contains over 50000 eminent personalities, reputed scientists as members of editorial board.

Why to Attend ?

Global Toxicology and risk assessment Conference provides a global platform for exchanging ideas and makes us updated about the advancements and innovations in Toxicology and Pharmacology in a wide range. The conference regular sessions will be followed by the exhibition and sessions of Networking. Expecting leads and global business exposure from Directors, CEOs, and eminent experts from Academia and Industry.

We hope this lays an excellent platform to share your best Toxicology practice initiative, research project, or provide continuing education as it relates current topics and advances around the industries and field of research. Global Toxicology 2020 provides participants with breakout sessions highlighting clinical projects, education, and research studies. The conference on Toxicology has engaging interactive presentations, and keynote panel discussions with key policymakers and experts in Toxicology and Pharmacology

Major Sessions

- Toxicology and Risk Assessment (TRA)
- Clinical Toxicology
- Cardiovascular Toxicology
- Neurotoxicology
- Toxicopathology
- Toxicology study in Haemostasis
- Toxicology study in Effects on Liver and Kidney
- Environmental Toxicology
- Forensic Toxicology
- Immunotoxicology
- Genetic Toxicology
- Molecular Toxicology
- Reproductive and Developmental Toxicology
- Systemic Toxicology
- Toxicity Testing
- Chemical Carcinogenesis
- Applications of Toxicology

Supporting Journals

Mass Spectrometry & Purification Techniques

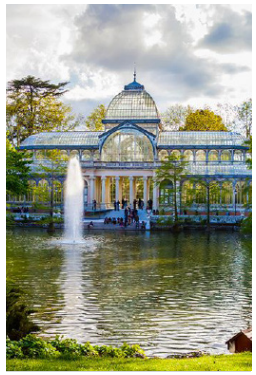

Journal of Chromatography & Separation Techniques

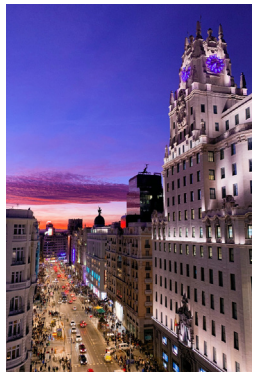

Journal of Analytical & Bioanalytical Techniques

Host City

Madrid is the capital city of the kingdom of Spain. It is considered as the biggest region in both the Community of Madrid and Spain all in all and has a populace of right around 3.2 million with a metropolitan zone populace of 6.5 million. After London and Berlin, Madrid is that the third-biggest city within the European Union and its metropolitan zone is that the third-biggest after London and Paris. It lies on the River Manzanares in the focal point of both the nation and the Community of Madrid. As per Monocle magazine, Madrid is the seventeenth most liveable city on the world. Madrid has present day framework and jam the design and feel of a substantial lot of its notable neighbourhoods and boulevards and therefore the historic points incorporate the Royal Palace of Madrid, the Royal Theatre, the Buen Retiro Park, and so forth. Madrid is that the political, financial and social focus of the state . The Monument images of the city are Cibeles Palace and Fountain.

The Madrid populace has expanded since the city turned into the capital of Spain in the mid-sixteenth century. The populace dropped from 1970 until the mid-1990s which thusly influenced other European urban communities was caused by the event of satellite rural areas to the detriment of the downtown locale inside the city appropriate. The conventional religion in Madrid is Roman Catholic. As the capital city of Spain, the city has pulled in settlers from around the globe. While Madrid has current framework, it's protected the design and feel of a big number of its notable neighbourhoods and boulevards. Its milestones incorporate the Royal Palace of Madrid

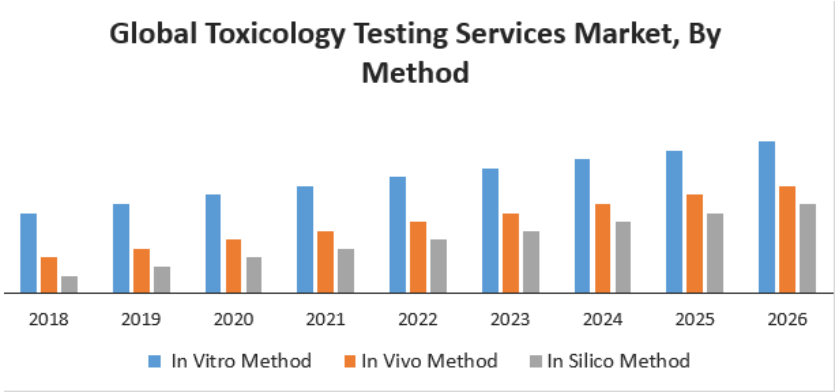

Vision & Plan

International Market Approach

Toxicology Conferences welcomes you to the “19th Global Toxicology and Risk Assessment Conference” during November 05-06, 2020 in Madrid, Spain. The conference mainly focuses on the theme “Frontiers in Toxicology & Risk Assessment”. The organizing committee is ready to commencement the exciting and informative conference program including complete Speech notes, symposia, workshops on various topics, poster presentations and several programs for participants along with sessions of Networking from all over the world. We invite you to join the event, where you will be sure to have an never before experience with scholars from around the Globe. Importance & Scope:

Toxicology is the study of the toxic impacts of chemicals or physical operators on organisms. The evaluation process of the pharmaceutical products which ensures the safety of the products and drugs related to animals and man with respect to normal physiological function and reproductive performance. Regulatory authorities, around the world, require data on the toxic potential of New Chemical Entities (NCEs) as part of their evaluation process. Toxicity assays and assessment have become an integral component of the regulatory; Research and Development requirements. Different branches of toxicology come into play such as Clinical, Biomedical, Public Health, Regulatory, Environmental toxicology and Computational toxicology. The mechanism of action, adverse effects of exposure, understanding the responses through testing procedures, Clinical and Preclinical trials, recognition, identification, and development and uses are some of the possible applications of toxicology.

Sponsorship and Exposure

Diamond

- Three workshop slots (audio visual included).
- Two complimentary exhibit booths with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Four complimentary registrations
- Logo recognition on congress website front page with link, sponsorship page
- One A4 color advertisement in the congress souvenir
- Three inserts provided by the sponsor in the congress delegate bags

Platinum

- Two corporate sponsored workshop slots
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)
- Three complimentary congress registrations
- Logo recognition on congress website front page with link and logo recognition on congress sponsorship page
- One A4 color advertisement in the congress souvenir
- Two inserts provided by the sponsor in the congress delegate bags.

Gold

- Two complimentary congress registrations
- One corporate sponsored workshop slot
- One complimentary exhibit booth with priority to purchase exhibition space and choose booth location (Booth size-3X3 sqm)

Tentative Agenda

Day 1 / December 07, 2020

Time	Session
08:00 - 09:00	**Registration /Reception**
13:30 - 15:30	Molecular Toxicology
09:15 - 10:45	**Keynote/Plenary Talk no: 3**
10:45 - 10:50	**Group Photo**
10:50 - 11.00	**Coffee/Tea Break**
11:00 - 13:00	Toxicology and Risk Assessment (TRA)
13:00 - 13:30	**Lunch Break**
13:30 - 15:30	Molecular Toxicology
15:30 - 15:45	**Coffee/Tea Break**
15:45 - 17:30	Panal Discussions

Day 2 / December 08, 2020

Time	Session
09:00 - 10:00	**Keynote/Plenary Talk no: 2**
10:00 - 10:15	Coffee/Tea Break
10:15 - 13:00	**Environmental Toxicology**
13:00 - 13:30	**Lunch Break**
13:30 - 15:30	Clinical Toxicology
15:30 - 15:45	**Coffee/Tea Break**

Speaker Slots Available

Note: Program Schedule is subject to change with final allotment of the speaker slots

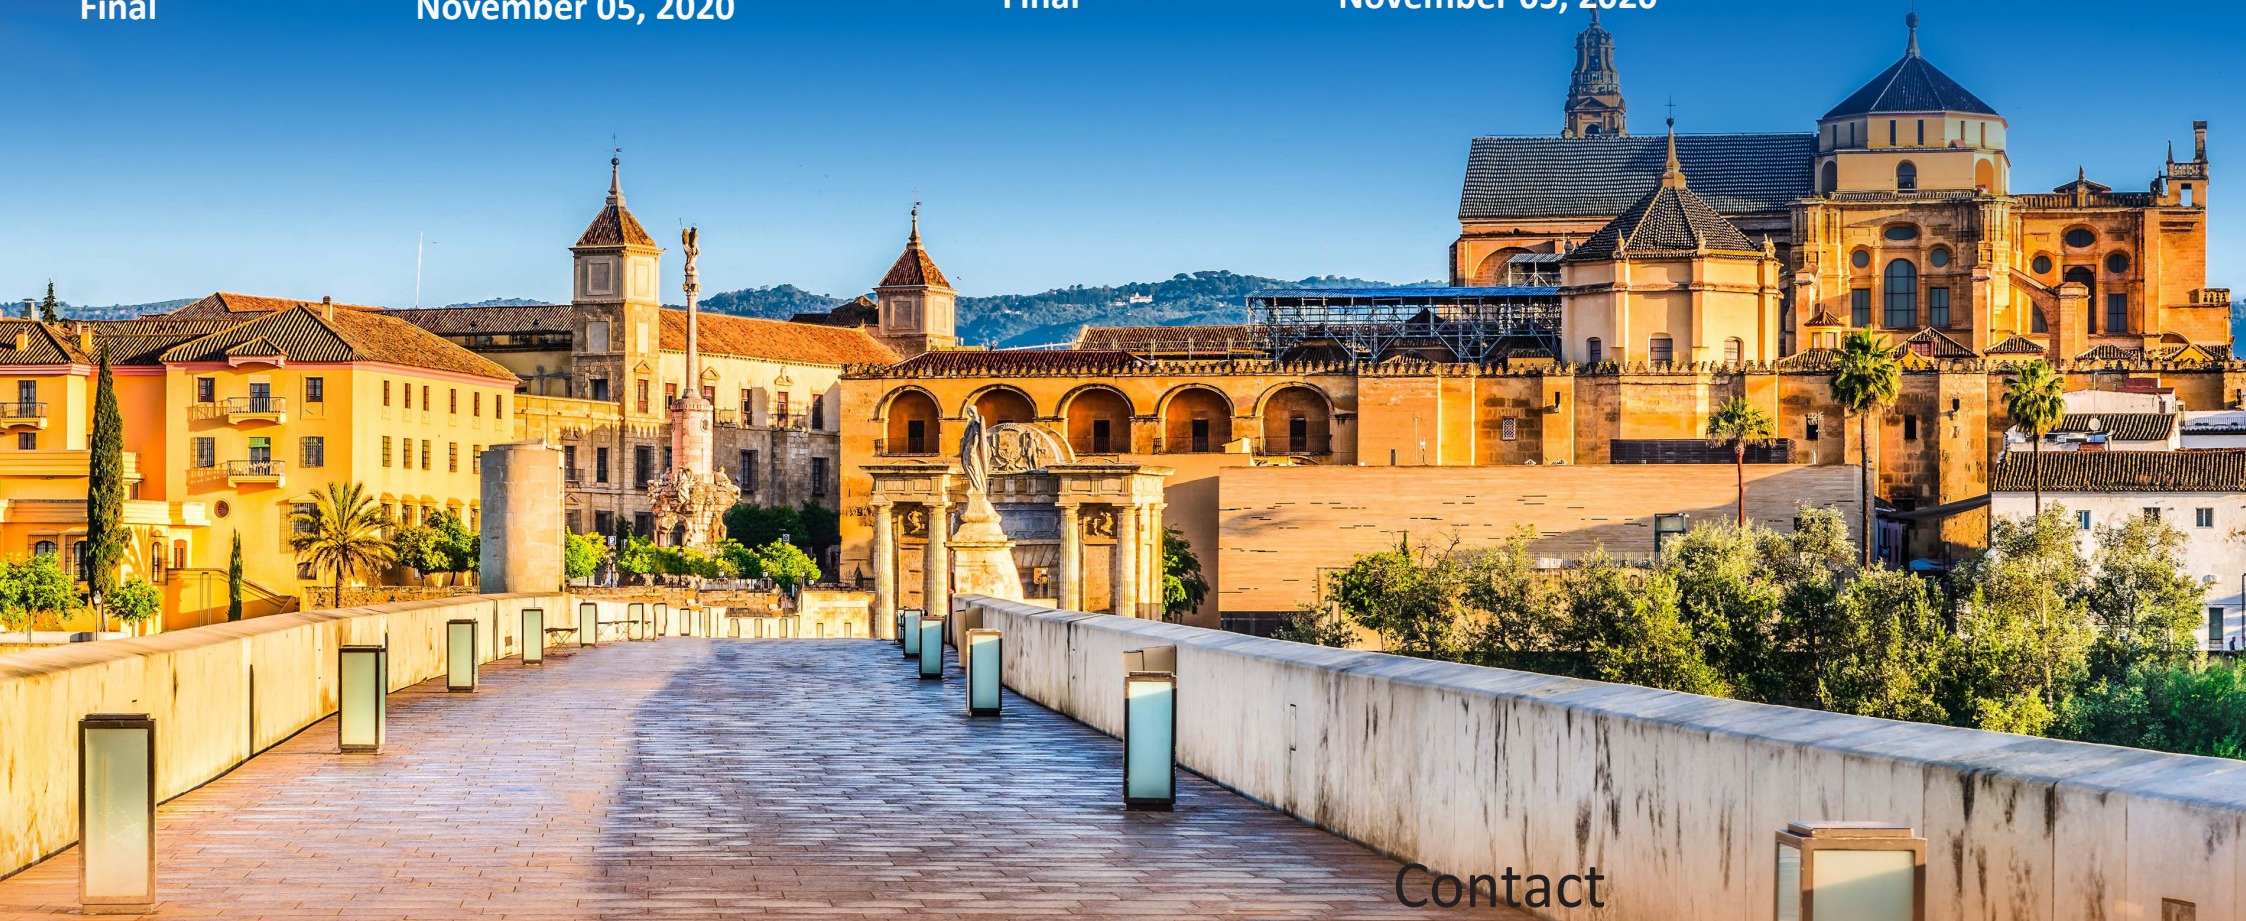

Important Dates

Abstract submission

Early Bird	January 30, 2020
Second Early Bird	February 29, 2020
Final	November 05, 2020

Registrations

Early Bird	January 30, 2020
Second Early Bird	February 29, 2020
Final	November 05, 2020

Venue

Madrid, Spain
