WELCOME ADDRESS

Dear Attendees,

The Glycobiology 2024 Organizing Committee is absolutely delighted to welcome you to the **14th World Glycobiology Congress** which will be held in **Toronto, Canada** on **March 07-08, 2024,** where we will be shining a spotlight on *"Focus on cutting-edge techniques and technologies for glycan profiling, glycoproteomics, and glycomics"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your infectious diseases research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in one of the world's most important global cities which stands on the River Thames in southeast England, which is called as Toronto. It exerts considerable influence on the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. What better place to combine leading edge science with an unsurpassed personal experience.

We look forward to seeing/welcoming you in 2024 for an experience of a lifetime.

With Regards
Glycobiology 2024
Organizing Committee

ABOUT US

About Hosting Organization

Conference Series LLC Ltd is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Glycobiology 2024 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

ABOUT US

Goals & Objectives

- The Glycobiology 2024 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Glycobiolpogy conference.
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Glycobiolpogy conference.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

The 14th World Glycobiology Congress Conference will be held on March 07-08, 2024 Toronto, Canada Glycobiology 2024 will lay a idle platform for scientists, researchers, Industry experts, world-class professors and glycobiologists to discuss an approach for glycobiology and its related research areas. International Glycobiology Conferences is designed to provide diverse and current education that will keep glycobiology professionals alongside of the issues related to research and development. The conference will impact an attractive moment to interact with professionals in the research field and therefore it takes a delight in opening a gate to meet young researchers and potential speakers where they can demonstrate their novel research and contributions in the field of glycobiology and glycomedicine.

ABOUT CONFERENCE

Who Should Attend?

experts, researchers, scholars and students from all areas of Diagnostic Laboratories, Clinical Fellows, Research Scholars, scholars, Biomedical Research companies, specialists, researchers, professionals, speakers, professors, business delegates and students.

Why to Attend?

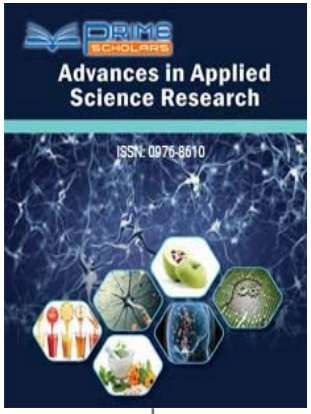

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & Structural Biology of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Glycoscience
- Glycobiology
- Biochemistry
- Glycan's
- Synthesis and Biological Role of Glycans
- Evolution of Glycan Diversity
- Glycochemistry
- Glycans in Diseases and Therapeutics
- Glycans in Drug Design
- Glyconeurobiology
- Glycopathology
- Glycoimmunology
- Glycoinformatics

TESTIMONIALS

The conference was exciting. I enjoyed so much meeting new colleagues at the venue. I would like to express my sincere gratitude to you for your assistance and opportunity. It was a good experience attending this conference.

Amur Margaryan
National Science Laboratory, USA

The conference was very successful and staff members were very helpful. Workflow was good. Thank you for organizing the conference for us people.

Kuang-Hui Chi
National Yunlin University of Science & Technology, Taiwan

That is excellent. This time, I will encourage my friends and colleagues to attend. I will submit abstracts for the conference too.

Sudhanshu Sekhar Panda
University of North Georgia, USA

The organization of the conference was perfect and I was very glad of the warm welcome, of the scientific and human relationships among participants.

Ida PucciMinafra
University of Palermo, Italy

The conference was well organized and the committee was outstanding in keeping the whole event lively.

MouradTayebi
University of Surrey, England

It was wonderful event. I enjoyed presenting my talk. There were questions, comments, and interests in what I presented.

Ram Shanmugam
Texas State University, USA

ABOUT TORONTO

Toronto, the capital of the province of Ontario, is a major Canadian city along Lake Ontario's north western shore. It's a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. Toronto also has many green spaces, from the orderly oval of Queen's Park to 400-acre High Park and its trails, sports facilities and zoo. Toronto is a prominent centre for music, theatre, motion picture production, and television production, and is home to the headquarters of Canada's major national broadcast networks and media outlets. Its varied Cultural Institutions, which include numerous museums and Galleries, Festivals and , entertainment districts, national historic sites, and sports activities, attract over 43 million tourists each year. Toronto is known for its many skyscrapers and high-rise buildings, in particular the tallest free-standing structure on land in the Western Hemisphere, the CN Tower.

Indigenous peoples have travelled through and inhabited the Toronto area, located on a broad sloping plateau interspersed with rivers, deep ravines, and urban forest, for more than 10,000 years. After the broadly disputed Toronto Purchase, when the Mississauga surrendered the area to the British Crown, the British established the town of York in 1793 and later designated it as the capital of Upper Canada. During the War of 1812, the town was the site of the Battle of York and suffered heavy damage by American troops. York was renamed and incorporated in 1834 as the city of Toronto. It was designated as the capital of the province of Ontario in 1867 during Canadian Confederation. The city proper has since expanded past its original limits through both annexation and amalgamation to its current area of 630.2 km2 (243.3 sq mi).

REGISTRATIONS

Registration Payment Method:

Payment of registration fees (in EUR, USD & GBP) can be done by the following methods:

- By Credit Card: Visa, MasterCard or American Express
- By Bank Transfer
- By Pay-pal

For group registrations please contact/email us at:
glycobiology@brainstormingmeetings.com

Academic

Only Registration: € 599
Package A (Registration + 2 nights' Accommodation): € 899
Package B (Registration + 3 nights' Accommodation): € 1049

Business

Only Registration: € 699
Package A (Registration + 2 nights' Accommodation): € 999
Package B (Registration + 3 nights' Accommodation): € 1149

Student

Student Delegate: € 299
Young Researcher Forum: € 429

Important Dates

Abstract submission opens: October 1, 2023
Registration opens: October 5, 2023
On spot registration: March 7, 2024

Registration Benefits:

- ✓Access to all Sessions
- ✓Handbook & Conference Kit
- ✓Certificate Accreditation from the Organizing Committee
- ✓Abstracts will be published in the conference souvenir and respective international journal
- ✓Each registrant will get 50% abatement on manuscript publication fee
- ✓2 Coffee breaks (Refreshments and snacks) during the conference
- ✓Lunch during the conference
- ✓Wi-Fi access

To register online, please visit:
https://glycobiology.expertconferences.org/
