22nd International Conference on

Green Chemistry and Technology

May 25-26, 2020 | Barcelona Spain

Invitation

Dear Attendees,

Conference Series LLC Ltd welcomes you to attend the 22nd International Conference on Green Chemistry and Technology during May at 25-26, 2020 Barcelona, Spain.. We cordially invite all the participants who are interested in sharing their knowledge and research in the Green Chemistry.

Green Chemistry Congress 2020 anticipates more than 100 participants around the globe with thought provoking keynote lectures, oral and poster presentations. The attending delegates include editorial board members of related open access journals.

This is an excellent opportunity for the delegates from universities, institutes and industries to interact with the world class scientists. The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer. The main theme of the conference is **"Significant Aspects in the field of Green Chemistry and Technology"**

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Green Chemistry Congress 2020 to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level. We look forward to personally welcoming you to Barcelona this May.

Sincerely,

Green Chemistry Congress 2020

About Conference

The Green Chemistry Congress 2020 interacts with members across the globe focused on learning about surgical and its specialties. This is the single best opportunity to reach the largest participants. Sharing the knowledge and demonstrations, information and B2B meetings with industrialists and potential clients to make a splash with innovative products live and brand recognition at this event. World-renowned speakers, the most recent techniques, and the latest advancements in Green Chemistry are hallmarks of this conference.

Green Chemistry Congress 2020 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 million+ visitors and 20000+unique visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for global networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goal of the conference is to provide a transformative professional development experience.
- Bringing together the world's scientific experts to catalyse and advance scientific knowledge about healthcare measures present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to elderly population around the world and overcome barriers that limit access to care and services.

About Conference

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in the field of **Green Chemistry and Technology**
- Discuss and apply recent research findings related to **Green Chemistry and Technology**
- Reflect on the place of critical distance in **Green Chemistry and Technology**

Who should attend

The **Green Chemistry Congress 2020** interacts with members across the globe focused on learning about surgical and its specialties. This is the single best opportunity to reach the largest participants. Sharing the knowledge and demonstrations, information and B2B meetings with industrialists and potential clients to make a splash with innovative products live and brand recognition at this event.

All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

Major Sessions

- Bioenergy and biomass
- Cleaner production and Green Nanotechnologies
- Pollution prevention and control
- Analytical Chemistry
- Green Chemistry and Technology
- Chemical Reactions
- Green Chemical Engineering
- Green Energy & Renewable Resources
- Green Technologies in Food Manufacture & Processing
- waste management
- Ultra Sound Technology in Green Chemistry
- Green Economy
- Green Manufacturing
- Rational Molecular Design for Reduced Toxicity
- Waste Prevention Instead of Remediation
- Green Catalysts
- Waste Valorization Techniques
- Industrial Applications of Green Chemistry
- Life Cycle Valuation and Environmental Sustainability
- Green Materials
- Green Chemistry Market

About Barcelona, Spain

Why Barcelona?

Barcelona is a city in Spain. It is the capital and largest city of the autonomous community of Catalonia, as well as the second most populous municipality of Spain. With a population of 1.6 million within city limits, its urban area extends to numerous neighbouring municipalities within the Province of Barcelona and is home to around 4.8 million people, making it the sixth most populous urban area in the European Union after Paris, London, Madrid, the Ruhr area and Milan. It is one of the largest metropolises on the Mediterranean Sea, located on the coast between the mouths of the rivers Llobregat and Besòs, and bounded to the west by the Serra de Collserola mountain range, the tallest peak of which is 512 metres (1,680 feet) high.

Founded as a Roman city, in the Middle Ages Barcelona became the capital of the County of Barcelona. After merging with the Kingdom of Aragon, Barcelona continued to be an important city in the Crown of Aragon as an economic and administrative centre of this Crown and the capital of the Principality of Catalonia. Barcelona has a rich cultural heritage and is today an important cultural centre and a major tourist destination. Particularly renowned are the architectural works of Antoni Gaudí and Lluís Domènech i Montaner, which have been designated UNESCO World Heritage Sites. The headquarters of the Union for the Mediterranean are located in Barcelona. The city is known for hosting the 1992 Summer Olympics as well as world-class conferences and expositions and also many international sport tournaments.
