# Invitation…

**Dear Colleagues,**

Conference Series llc LTD extends its welcome to **International Conference on Frontiers in Gynecologic Cancers** During **November 07-08, 2018** at **Singapore**.

Conference Series llc LTD organizes a conference series of 3000+ Global Events with over 1000+ Conferences, 1000+ Symposiums and 1000+ Workshops in USA, Europe, Middle East & Asia pacific with support from 1000 more scientific societies and publishes 700+ Open access journals which contains over 30000 eminent personalities, reputed scientists as editorial board members.

Theme of the conference, "**Enrich the Endeavors in Gynecologic Cancer Care**" is designed in such a way to uncover the basic principles that lead to the drastic emergence and technologies in the field of Environmental science and Sustainability. We hope Green Chemistry Congress 2018 is the best platform to discuss the basic principles involved in the development of Green Chemistry and Engineering. As this conference deals with the basics concepts, students, delegates, academicians and business people can attend the conference to root up the knowledge and excel in this field.

Conference will focus on the following topics during presentations of the three day event, which reflect current education research, developments and innovations internationally and as evidenced in Waste Management and Green Energy.

- Gynecologic oncology
- Gynecology & Obstetrics
- Ovarian Cancer
- Cervical Cancer
- Fallopian Tube Cancer
- Uterine Cancer

# Glimpses of past conference

# Tourist Attractions

# Venue

Singapore; the Malay name for "Lion City". The city-state in Southeast Asia consists of the island of Singapore and about 54 smaller islands. The main island is linked by a causeway to Johor Baru on the southern tip of the Malay Peninsula. Singapore is famous for being a global financial center, a shopping paradise, and as a spot for a variety of activities, dining and entertainment. Singapore is much more than the sum of its numerous attractions. Tourism forms a large part of the economy, with over 15 million tourists visiting the city state in 2014. To expand the sector, casinos were legalized in 2005, but only two licenses for "Integrated Resorts" were issued, to control money laundering and addiction. Singapore also promotes itself as a medical tourism hub: about 200,000 foreigners seek medical care there each year. Singapore medical services aim to serve at least one million foreign patients annually and generate USD 3 billion in revenue. In 2015, Lonely Planet and The New York Times listed Singapore as their top and 6th best world destination to visit respectively. Tourists from different areas visit Singapore to have a great time at this place, it has numerous tourism places. Official languages of Singapore are English, Malay, Mandarin and Tamil. It has ranked highly in education, healthcare, employment sector.

**You'll fall in love with Singapore**
