About Beijing

Beijing city situated in northern China. Beijing is the capital of the People's Republic of China furthermore one of the world's most crowded capital urban areas. Beijing is the second biggest Chinese city by urban populace after Shanghai and is the country's political, social, and instructive focus. It is home to the central command of the vast majority of China's biggest state-possessed organizations, and is a noteworthy center of the national roadway, interstate, railroad, and rapid rail systems. Beijing has been the political focal point of the nation for a significant part of the previous eight centuries.The city is prestigious for its lavish royal residences, sanctuaries, parks, gardens, tombs, dividers and entryways, and its craft fortunes and colleges have made it a focal point of culture and craftsmanship in China. Beijing has seven UNESCO World Heritage Sites – the Forbidden City, Temple of Heaven, Summer Palace, Ming Tombs, Zhoukoudian, and additionally parts of the Great Wall and the Grand Canal. Beijing facilitated the 2008 Summer Olympics and was facilitated the 2022 Winter Olympics, which will make it the main city to ever have both occasions.
