About Vienna

Why Vienna: Vienna is the capital and largest city of Austria and one of the nine states of Austria. Vienna is Austria's primary city, with a population of about 1.8 million and its cultural, economic, and political centre. It is the 7th-largest city by population within city limits in the European Union. Until the beginning of the 20th century, it was the largest German-speaking city in the world, and before the splitting of the Austro-Hungarian Empire in World War I, the city had 2 million inhabitants. Today, it has the second largest number of German speakers after Berlin.

Vienna is host to many major international organizations, including the United Nations and OPEC. The city is located in the eastern part of Austria and is close to the borders of the Czech Republic, Slovakia, and Hungary. These regions work together in a European Centrope border region. Along with nearby Bratislava, Vienna forms a metropolitan region with 3 million inhabitants. In 2001, the city centre was designated a UNESCO World Heritage Site. Apart from being regarded as the City of Music because of its musical legacy, Vienna is also said to be "The City of Dreams" because it was home to the world's first psycho-analyst – Sigmund Freud. The city's roots lie in early Celtic and Roman settlements that transformed into a Medieval and Baroque city, and then the capital of the Austro-Hungarian Empire. It is well known for having played an essential role as a leading European music center, from the great age of Viennese Classicism through the early part of the 20th century. The historic center of Vienna is rich in architectural ensembles, including Baroque castles and gardens.

Vienna is known for its high quality of life. In a 2005 study of 127 world cities, the Economist Intelligence Unit ranked the city for the world's most livable cities. Between 2011 and 2015, Vienna was ranked second, behind Melbourne, Australia. Vienna is a city that has given the rest of the world some very precious things: the graceful Viennese waltz, delicate and deliciously sinful pastries, and a few great classical composers. But Austria's capital and largest city has also provided the world with its fair share of historical personalities and moments. It is a city that represents refinement and culture to visitors, who will not lack for things to do. An overview of the top tourist attractions in Vienna: Wiener Rathaus, Graben, St Stephen's Cathedral, Burggarten, Belvedere Complex, Hofburg Imperial Palace, Schonbrunn Palace.
