# INVITATION FOR CONFERENCE

## DEAR
## COLLEAGUES,

Human Genetics Meet 2024 welcomes you to attend “12th World Congress on Human Genetics and Genetic Diseases” slated to hold on October 23-24, 2024 at Paris, France with theme “Present and future advances in Genetics and Genetic Diseases”. This International meet (Human Genetics Meet 2024) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current technologies involved in Genetics and Genetic Diseases. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class surgeons.

## What's in store for 2024?

- Human Genetics
- Clinical Genetics and Novel Therapies of Genetic Diseases
- Evolutionary and Population Genetics
- Molecular Phenotyping and Omics Technologies
- Bioinformatics, Machine learning and Statistical methods
- Mutation Detection and Analysis
- Gene Cloning and Mapping
- Molecular and Cytogenetics
- Cancer, Cardiovascular Diseases and Genetics
- Molecular Effects of Genetic Variation
- Sickle cell Anaemia Genomics

# HUMAN GENETICS MEET 2024

# Renowned Speakers 2024

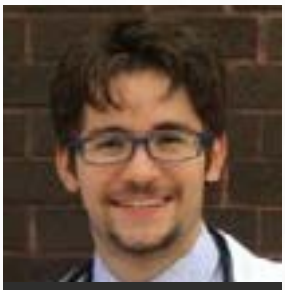

Kari Stefanssoni

Founder and CEO, decode genetics, Iceland

Sergey Suchkov

Sechenov University Russia

Ben Borokhovsky

Cooper Medical School of Rowan University, USA

Michał Kielbus

Medical University of Lublin Poland

## Selected contributions will be published in following Conference Series Journals Supported By

→ Molecular and Genetic Medicine

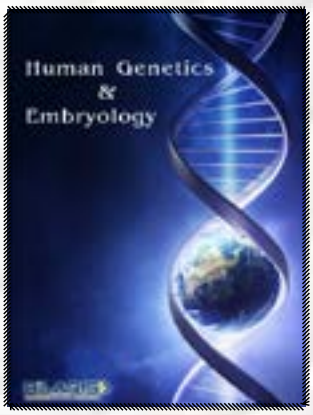

→ Human Genetics & Embryology

→ Journal of Genetic Syndromes & Gene Therapy

# Tentative Agenda

## Day 1 October 23, 2024

Opening Ceremony

Conference Souvenir Launch

Human Genetics and Genetic Diseases

Keynote Forum (& Exhibitions Full day)

(Panel discussions and Reviews)

Coffee Break: Networking & Refreshments

Group Photo

Speaker Forum

Sessions Chair's Introduction

Session 7: Human Genetics

Session 8: Evolutionary and Population Genetics

Session 9: Bioinformatics, Machine learning and Statistical methods

Session 10: Gene Cloning and Mapping

Panel discussions and Reviews

Lunch Break

Session 11: Cancer, Cardiovascular Diseases and Genetics

Session 12: Sickle cell Anaemia Genomics

Panel discussions and Reviews

Young Research Forum

(Panel discussions and Reviews)

Coffee Break: Networking & Refreshments

B2B Meetings

## Day 2 October 24, 2024

Opening Ceremony

Conference Souvenir Launch

Human Genetics and Genetic Diseases

Keynote Forum (& Exhibitions Full day)

(Panel discussions and Reviews)

Coffee Break: Networking & Refreshments

Group Photo

Speaker Forum

Sessions Chair's Introduction

Session 7: Clinical Genetics and Novel Therapies of Genetic Diseases

Session 8: Molecular Phenotyping and Omics Technologies

Session 9: Mutation Detection and Analysis

Session 10: Molecular and Cytogenetics

Panel discussions and Reviews

Lunch Break

Session 11: Molecular Effects of Genetic Variation

Session 12: Functional Genomics and Transcriptomics

Panel discussions and Reviews

Young Research Forum

(Panel discussions and Reviews)

Coffee Break: Networking & Refreshments

B2B Meetings

Closing Ceremony

# Venue & Accommodation

## Paris, France

Paris, France

Paris often referred to as the "City of Light" (La Ville Lumière), is the capital and largest city of France. It's situated in the north-central part of the country and is renowned for its rich history, culture, and influence on art, fashion, gastronomy, and literature. Paris has a rich history dating back to ancient times, with its roots stretching back to the 3rd century BC when it was originally settled by a Celtic tribe. Over the centuries, Paris grew into a major center of art, culture, and commerce, playing a pivotal role in the French Revolution and witnessing significant historical events. Cultural Hub: Paris is renowned for its cultural heritage, boasting world-class museums, art galleries, theaters, and historical landmarks. Paris has long been a magnet for artists, writers, and intellectuals from around the globe. It was the center of the Impressionist movement in the late 19th century, with artists like Claude Monet, Edgar Degas, and Pierre-Auguste Renoir finding inspiration in its streets and parks. Despite being a bustling metropolis, Paris offers ample green spaces and parks for relaxation and recreation. The Luxembourg Gardens, Tuileries Garden, and Buttes-Chaumont Park are among the city's most beloved green oases.

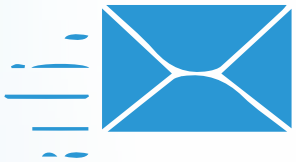

# Important Dates

**Abstract Submission Opens:** March 23, 2024

**Registration Opens:** March 23, 2024

**Early Bird Registration:** June 23, 2024

**On Spot Registration:** October 23, 2024
