About Conference

ME Conferences is conducting a webinar on "Human Genomics and Genomic Medicine" on August 26, 2021 focusing on the theme "Human Genome and Genomic Medicine: New Strategies and Emerging Trends." This webinar will feature a number of fantastic researchers, scientists, industrialists, and others who will share their experiences and answer critical issues. The basic goal is to use a virtual platform to improve skills, broaden knowledge, and foster networking. Join us for a webinar to share and learn about Human Genome 2021!!

HUMAN GENOMICS AND GENOMIC MEDICINE

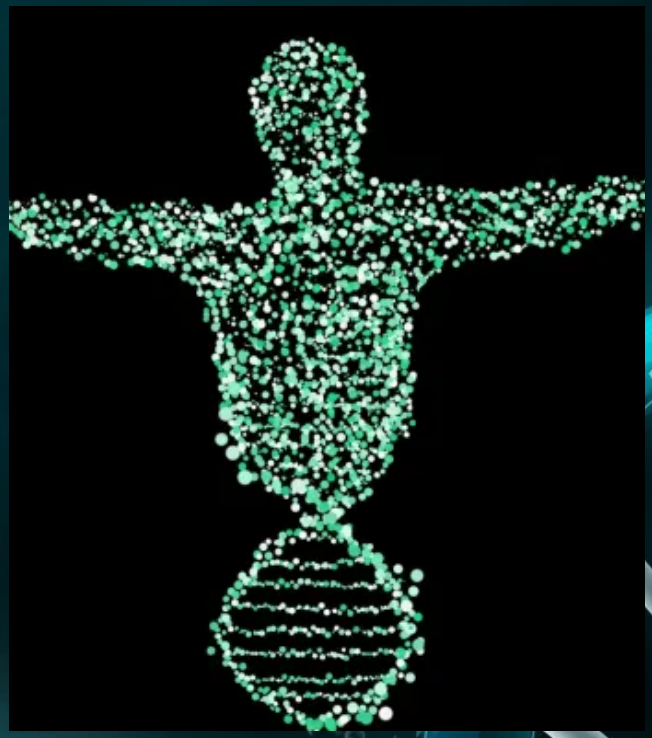

AUGUST 26 2021 | WEBINAR

Human Genome 2021

Sessions/Tracks

1. Genomics
2. Human Genetics and Genomics
3. Genetically Modified Organisms
4. Preimplantation Genetic Diagnosis (PGD)
5. Bioinformatics & Computational Biology
6. Genome Mapping
7. Drug Detection & Development in Bioinformatics
8. Genomic Approach to Drug Discovery
9. Pharma Genomics & Pharma Informatics
10. Medicine Genomics
11. Cancer Genomics
12. Semantics & Interoperability
13. Genomic Information in Medicine
14. Epigenetics Biomarkers
15. Genomic Vaccination
16. Human Gene Therapy
17. Immunotherapy
18. Clinical Trials and Research in Cell and Gene Therapies

Target Audience

- Molecular Biology Researchers
- Oncologist
- Bioinformaticians
- Gene Therapy Researchers, Scientists and Students
- Genetic Counsellors
- Pharmacology Health Professionals
- Pharmacology Scientists
- Immunologists
- Plant Genomics Students, Scientists
- Genetic Engineers
- Geneticists
- Members of Genetics Associations and Societies
- Genomics Colleges
- Genomics Faculty
- Genomics Researchers
- Gene Therapy Researchers, Scientists and Students
- Genomics Scientists
- Healthcare Professionals
- Bio pharmacist
- Biotechnologists
