Tentative Program

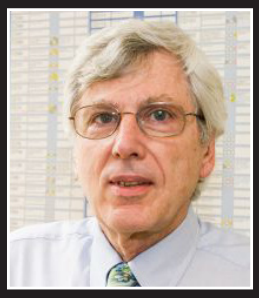

10th World Congress and Expo on Immunology

October 19-20, 2018 | New York, USA

Keynote Speakers

Michael G Hanna
Vaccinogen Inc.,
USA

David A. Lawrence
University at Albany
USA

Mark I. Greene
Perelman School of
Medicine , USA

Charles J Malemud
Case Western Reserve
University School of
Medicine, USA

Interactive Sessions | Keynote Lectures | Plenary Lectures | Workshops

Exhibitors | B2B Meetings

For available speaker slots

10th World Congress and Expo on Immunology

October 19-20, 2018 | New York, USA

CONFERENCE AGENDA

Day-1	Day -2
08.00-09.00	08.00-09.00
Reception/Registration	Reception/Registration
09.00-09.15	09:00-09:15
Opening Ceremony	Introduction of Keynote Speakers
09.15-09.45	09:15-09:45
Keynote Talk 1	Keynote Talk 1
09:45-10:15	09:45-10:15
Clinical Immunology Cellular Immunology and Latest Innovations	Immunoinformatics and Systems Immunology Immunodeficiency
Keynote Talk 2	Keynote Talk 2
10:15-10:45	10:15-10:45
Cancer and Tumor Immunobiology Novel Vaccines for Cancer	Neuroimmunology Cytokines and Current Research
Keynote Talk 3	Workshop Session
Novel Vaccines for Infectious Diseeses Inflammation and Therapies	
Group Photo	Panel Discussions
Networking & Refreshments 10:45-11:00	Exhibition
11:00-11:30	
Symposium 11:30-13:10	11:00-11:30 Symposium 11:30-13:10
5 Speakers (20 Mins Each)	5 Speakers (20 Mins Each)
Molecular and Structural immunology Transplantation Immunology ectious diseases Emerging and Remerging diseases	Immunopathology Mucosal immunology Immunotoxicology
Lunch Break 13:10-13:50	
Special session	
13:50-15:50	13:30-15:50
6 Speakers (20 Mins Each)	6 Speakers (20 Mins Each)
Autoimmune diseases Pediatric Immunology Vaccines and Immunotherapy	Immunological techniques Immunologyand Diabetes ImmunE tolerance
Young Researcher Forum	Poster Sessions
Coffee/Tea Break 15:50-16:10 (Networking)	
16:10-17:10	16:10-17:10
3 Speakers (20 Mins Each)	3 Speakers (20 Mins Each)
Immunodeficiency Antibodies:Engineering and Therapeutics	Allergy and Asthma Fungal Immunology
Panel Discussions	Panel Discussions
Awards & Closing Ceremony	

Conference Highlights

- Clinical Immunology
- Cellular Immunology and Latest Innovations
- Cancer and Tumor Immunobiology
- Novel Vaccines for Cancer
- Novel Vaccines for Infectious Diseases
- Inflammation and Therapies
- Molecular and Structural Immunology
- Transplantation Immunology
- Infectious Diseases, Emerging and Re-emerging diseases: Confronting Future Outbreaks
- Autoimmune Diseases
- Viral Immunology: Emerging and Re-emerging Diseases
- Paediatric Immunology
- Immunotherapy & Cancer Immunotherapy: From Basic Biology to Translational Research
- Immunology and Diabetes
- Immune Tolerance
- Vaccines and Immunotherapy
- Immunologic Techniques, Microbial Control and Therapeutics
- Immunodeficiency
- Bacterial Pathogenesis and Immunology
- Nutritional Immunology: A Multi-Dimensional Approach
- Antibodies: Engineering and Therapeutics
- Neuroimmunology
- Antibiotics and Current Research
- Immunoinformatics and Systems Immunology

St-Patricks-Cathedral

Conference Venue
New York, USA

New York is a state in the northeastern United States. New York was one of the original thirteen colonies that formed the United States. With an estimated 19.8 million residents in 2015, it is the fourth most populous state in the United States. To differentiate from its city with the same name, it is sometimes called New York State.

Many landmarks in New York are well known, including four of the world's ten most-visited tourist attractions in 2013: Times Square, Central Park, Niagara Falls (shared with Ontario), and Grand Central Terminal. New York is home to the Statue of Liberty, a symbol of the United States and its ideals of freedom, democracy, and opportunity. New York's higher education network comprises approximately 200 colleges and universities, including Columbia University, Cornell University, New York University, and Rockefeller University, which have been ranked among the top 35 in the world.

Notable large private universities include the Columbia University in Upper Manhattan and Cornell University in Ithaca, both Ivy League institutions, as well as New York University in Lower Manhattan, and Fordham University in the Bronx, Manhattan, and Westchester County. Smaller notable private institutions of higher education include Rockefeller University, Mercy College, New York Institute of Technology, Yeshiva University, and Hofstra University. There are also a multitude of postgraduate-level schools in New York State, including Medical, Law, and Engineering schools. West Point, the service academy of the U.S. Army, is located just south of Newburgh, on the west bank of the Hudson River.
