International Conference on

Industrial Chemistry

June 27-28, 2016 New Orleans, USA

Theme: Accenting Novel Strategies in Industrial Chemistry

Conference Series LLC Conferences invites all the participants from all over the world to attend International Conference on Industrial Chemistry June 27-28, 2016 New Orleans, USA which includes prompt keynote presentations, Oral talks, Poster and video presentations, workshops and Exhibitions. **We are providing more discounts for students and group registrations.**

Conference Highlights

- Petroleum and Organic industrial chemistry
- Metallurgical Industrial Chemistry
- Industrial Polymers, Metals and Composites Chemistry
- Industrial Pharmaceutical and Cosmetic Chemistry
- Applied chemistry
- Nano technology involved in Industrial chemistry
- Industrial Electrochemistry
- Industrial Photo Chemistry
- Textile Industrial Chemistry, Textile Engineering and apparel Industry
- Nuclear chemistry in industry
- Production of Food and Beverages
- Industrial chemistry case studies
- Adhesive Industrial Chemistry
- Industrial Processes, white biotechnology and Green Chemistry
- Industrial Materials and Applications
- Chemistry in Plastic, Glass and Leather Industries

and many more!!

Who should attend?

- Chemistry Eminents, Professors and Scientists, Industrial Chemists
- Pharma Professors and Students from Academia
- CEOs, CSOs, Directors, Presidents and Founders and Cofounders
- Chemistry Scientists, Students
- Chemistry Researchers
- Chemistry Faculty
- Chemistry Associations and Societies
- Business Entrepreneurs
- Delegates from various Pharmacy & Chemistry Fields
- Vice Presidents/Directors & Brand Manufacturers & Retailers
- Quality Check Chemists
- Advertising and Promotion Agency Executives,
- Solution Providers(Retail design, and Retail execution)
- Chemical Engineers
- Pharmaceutical Chemistry Department
- Directors/Managers & Business Intelligence Experts of chemical Industries

and many more!!

Organizing Committee

Manuel Alvarez Cuenca Universidad Nacional De Colombia, Canada

Why to attend???

In the light of this theme, the conference series aims to provide a forum for international researchers from various areas of chemistry, chemical engineers, pharmacy and life science by providing a platform for critical analysis of new data, and to share latest cutting-edge research findings and results about all aspects of industrial chemistry

This is your single best opportunity to reach the largest assemblage of participants. Conduct demonstrations, distribute information, meet with current and potential customers, make a splash with a new product line, and receive name recognition at this 2-day event. World-renowned speakers, the most recent techniques, tactics, and the newest updates in fields are hallmarks of this conference.
