8th International Conference on

Infectious Diseases: Control and Prevention

2024

May 16-17, 2024 | Rome, Italy

Theme: Implementing Innovative Methods in Infection Prevention and Control

https://infectioncontrol.conferenceseries.com/

INVITATION

Dear Attendees,

We are glad to announce the **"8th International Conference on Infectious Diseases: Control and Prevention"** to be held in **Rome, Italy** on **May 16-17, 2024** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Infection Control 2024 aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Case Reports and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. **8th International Conference on Infectious Diseases: Control and Prevention** amid **May 16-17, 2024** at **Rome, Italy**. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

Infection Control 2024

Organizing Committee

ABOUT US

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

ABOUT CONFERENCES

Conference Series LLC LTD cordially invites you to the **8th International Conference on Infectious Diseases: Control and Prevention** to be held **May 16-17, 2024** in **Rome, Italy** . This infection control conference will focus on the theme **"Implementing Innovative Methods in Infection Prevention and Contro"** which provides a platform to discuss infectious diseases and control prevention research. It offers a unique and remarkable experience on a global scale to explore innovative technologies in infectious diseases and control prevention by bringing together leading infectious diseases pioneers from academia and industry to make one outstanding **infection control conference**. The Infection Control 2024 conference provides a global platform for discussion, exchange of ideas which includes quick presentations, oral lectures, poster presentations and exhibitions, symposia, workshops, plenary sessions, a forum for young researchers on the latest technologies in infectious diseases and control prevention. This Infection Control 2024 Conference includes a wide range of Keynote presentations, Plenary talks, Symposia, Workshops, Exhibitions, Poster presentations and Career development programs.

Infection Control 2024 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about International Conference on Case Reports , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services

ABOUT CONFERENCES

Objectives

- After participating in this meeting, attendees should be able to Discuss emerging issues in infectious diseases and control prevention.
- Discuss and apply recent research findings related to infectious diseases and control prevention.
- Reflect on the place of critical distance in infectious diseases and control prevention Research.

Who should attend?

Academia: Deans, Professors/ Assistant Professors/ Associate Professor, Research Scholars, Scientists and Students related to infectious diseases and control prevention

Industry: Directors/Senior Directors/Executive Directors, CEO's, Presidents/Vice Presidents, Heads/Leaders, Partners, Research Associates, Research Scientist of infectious diseases, control prevention, and epidemiology

Conference Sessions

- Infectious Disease Pathology
- Infection Treatment and Control
- Emerging Infectious Diseases
- Influenza and Diagnostic Approaches
- Vaccine Research & Development
- Veterinary Infection Control
- HIV Prevention, Treatment and Cure
- Nosocomial Infections & Control
- Pediatric Infectious Diseases
- Disinfection and Sterilization
- Nursing Infection Control
- Risk Factors & Prevention
- Infection Control Bacteriology
- Infection Control in Dental
- Practices & Awareness
- Hepatitis Prevention
- Infection Control Precautions
- Treatment for Tuberculosis
- Infection Control Treatment & Diagnosis
- Infection Control Business
- Practical Guidelines
- Covid-19 Infections

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ ScientificSocieties. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

ABOUT ROME

Rome is a city and special commune in Italy. Rome is the capital of Italy and also of the homonymous province and of the region of Lazio. With 2.7 million residents in 1,285.3 km2 (496.3 sq mi), it is also the country's largest and most populated commune and fourth-most populous city in the European Union by population within city limits. The urban area of Rome extends beyond the administrative city limits with a population of around 3.8 million. Between 3.2 and 4.2 million people live in Rome metropolitan area. The city is located in the central-western portion of the Italian Peninsula, on the Tiber within Lazio (Latium). Rome is the only city in the world to contain

in its interior a whole state; the enclave of Vatican City. Rome has a status of the global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. The city is one of Europe's and the world's most successful city "brands", both in terms of reputation and assets.

Its historic centre is listed by UNESCO as a World Heritage Site. Monuments and museums such as the Vatican Museums and the Colosseum are among the world's most visited tourist destinations with both locations receiving millions of tourists a year. Rome hosted the 1960 Summer Olympics. Although associated today only with Latin, ancient Rome was in fact multilingual. In highest antiquity Sabine tribes shared the area of what is today Rome with Latin tribes. The Sabine language was one of the Italic group of ancient Italian languages, along with Etruscan, which would have been the main language of the last three kings who ruled the city till the founding of the Republic in 509 BC. Urganilla, or Plautia Urgulanilla, wife of Emperor Claudius is thought to have been a speaker of Etruscan many centuries after this date, according to Suetonius' entry on Claudius. However Latin, in various evolving forms, was the main language of classical Rome, but as the city had immigrants, slaves, residents, ambassadors from many parts of the world it was also multilingual.

ABOUT REGISTRATIONS

Academic	
Speaker Registration only	699 USD
Delegate Registration only	599 USD
Video Presentation Registration	399 USD
Business	
Speaker Registration only	799 USD
Delegate Registration only	699 USD
Exhibitor Registration Only	1599 USD
Elite Sponsor	10000 USD
Gold Sponsor	7500 USD
Silver Sponsor	5000 USD
Student	
Young Researcher Forum Registration only	499 USD
Student Poster Registration	399 USD
E-poster	
e-Poster Registration	99 USD
Addon/Others	
Accompanying Person Registration	249 USD

Conference Day 1	
Morning	Registration
	Welcome Ceremony
	Keynote Presentation
	Round Table Panel Discussion
Lunch Breakout	
Afternoon	Speaker Presentation
	Round Table Panel Discussion
	B2B Session

Conference Day 2	
Morning	Keynote Presentation
	Round Table Panel Discussion
	Speaker Presentation
Lunch Breakout	
Afternoon	Speaker Presentation
	Exhibiting Hours
	Networking Session
	Round Table B2B
