B2B Meetings

Dear Attendees,

We are glad to announce the 7th International Conference on Biotechnology and Integrative Biology to be held in Berlin, Germany from June 15-16, 2020 organized by conference series llc LTD, UK in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Integrative Biology 2020 offers a premier forum to inspire collaboration among biologists and to share trans-disciplinary integrative thinking to unravel the underlying cellular and molecular mechanisms in health, disease and medicine. The theme of the conference is "Investigate interdisciplinary methodologies of Cellular and Molecular Life Sciences" and topics for discussion are Integrative Organismal Biology, Cell Biology, Molecular Biology, Systems Biology, Synthetic Biology, Structural Biology, Computational Biology and Bioinformatics, Developmental Biology, Comparative Biology, Species Biology, Plant Biology, Ecology and Evolutionary Biology, Cancer Biology, Stem cell Biology, Genetics, Epigenetics, Biophysics and Bio-Engineering, Biochemistry, Genomics and r-DNA technology, Cancer genomics, Human Genomics and Biology, Genome Engineering, commercialization. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts. Life is full of give and take. Make it count in your professional life. Attend the Integrative Biology to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Berlin on June 15, 2020.

Sincerely,
Integrative Biology 2020
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ facebook fans Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manu Scripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published inrespective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by Crossref

About Conference

Integrative Biology 2020 Conference website is attracting 25000+ Genetics, Genomics and Molecular Biology online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Integrative Biology 2020 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series llc LTD Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Genomics and Molecular Biology present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Integrative Biology 2020

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Genomics and Molecular Biology
- Discuss and apply recent research findings related to Genomics and Molecular Biology
- Reflect on the place of critical distance in Genomics and Molecular Biology

Who should attend

7th International Conference on Biotechnology and Integrative Biology is exclusively designed for Integrative Biology, Cell Biology, Stem Cell Biology, Developmental Biology, Molecular Biology, Structural Biology, Genetic Engineering and rDNA Technology, Cancer Biology, Genomics, Integrative Computational Biology &Bioinformatics, Systems Biology, Bio-Engineering, Biophysics.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

About Berlin

Berlin is the capital and the largest city of Germany, as well as one of its 16 constituent states. With a steadily growing population of approximately 3.7 million, Berlin is the second most populous city proper in the European Union behind London and the seventh most populous urban area in the European Union. Located in northeastern Germany on the banks of the rivers Spree and Havel, it is the centre of the Berlin-Brandenburg Metropolitan Region, which has roughly 6 million residents. Due to its location in the European Plain, Berlin is influenced by a temperate seasonal climate. Around one-third of the city's area is composed of forests, parks, gardens, rivers, canals and lakes. Berlin is a world city of culture, politics, media and science. The metropolis is a popular tourist destination. Significant industries also include IT, pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction and electronics. Berlin is home to world-renowned universities, orchestras, museums, and entertainment venues, and is host to many sporting events. Its Zoological Garden is the most visited zoo in Europe. With the world's oldest large-scale movie studio complex, Berlin is an increasingly popular location for international film productions. The city is well known for its festivals, diverse architecture, nightlife, contemporary arts and a very high quality of living. Since the 2000s Berlin has seen the emergence of a cosmopolitan entrepreneurial scene.

As of 2014, Berlin had 878 schools, teaching 340,658 children in 13,727 classes and 56,787 trainees in businesses and elsewhere. The city has a 6-year primary education program. After completing primary school, students continue to the Sekundarschule (a comprehensive school) or Gymnasium (college preparatory school). Berlin has a special bilingual school program in the Europaschule, in which children are taught the curriculum in German and a foreign language, starting in primary school and continuing in high school. The Berlin-Brandenburg capital region is one of the most prolific Centre's of higher education and research in Germany and Europe. Historically, 40 Nobel Prize winners are affiliated with the Berlin-based universities. The city has four public research universities and more than 30 private, professional, and technical colleges (Hochschulen), offering a wide range of disciplines. A record number of 175,651 students were enrolled in the winter term of 2015/16. Among them around 18% have an international background.
