Host City

Amsterdam is the Netherlands' capital, known for its artistic heritage, elaborate canal system and narrow houses with gabled facades, legacies of the city's 17th-century Golden Age. Rated as one of the Europe's top destinations, a visit to Amsterdam reflects a packed schedule full of museums, attractions, nightlife and festival activity. It is also one of the world's most multicultural cities, with at least 177 nationalities represented. A great and relaxing way to view some of Amsterdam is by taking a cruise on what Amsterdam is famous, because it has many canals. And if you're together with your loved one and should definitely go for a romantic dinner/candlelight cruise. Dutchy Foods which you can try in Amsterdam are Stoopwafel, Herring, deliciously fried Salt Cod, Poffertjes, Satay, Oorlog French Fries., Eggs Benedict and many more. Cannabis Coffee shops draw more than 5 million international visitors annually.

Vision & Plan

International Market Approach

The global pathology market was valued at US$ 16,575.62 Mn in 2016, and is expected to reach US$ 27,265.07 Mn by 2025 expanding at a CAGR of 5.5% from 2017 to 2025.

In the base year 2016, services dominated the global pathology market chiefly due to factors such as increasing patient pool suffering with critical illness and need for detailed diagnosis to determine treatment regimen in cases of drug resistance. Instruments will be the fastest growing segment throughout the forecast period 2017-2025 due to technological advancement in the device design and operating software, inbuilt features such as high resolution, real time image capture, large sample analysis helping in effective diagnosis making it less labor intensive and requirement of single skilled person to interpret the diagnosis.
