Testimonials of Materials Science 2016

The Materials Science Conference was very nice this year, and I plan to attend and participate in the 2017 Conference in Las Vegas.

-**Matthew E Edwards**, Alabama A&M University, USA

The scientific matters of the speakers were very good in relation to the technology and the quality of most of speakers are good

-**Masaru Matsuo,** Dalian University of Technology, China

The conference is doing well. The quality of the papers and the international participation is on the rise. The venue and other organizational aspects have been good; thanks to your efforts. I have been participating regularly since the first conference and would continue to do so in years to come.

-**Ramesh Agarwal,** Washington University in St. Louis, USA

The conference was extremely well-organized and an excellent professional development opportunity in terms of exposure and professional contacts.

-**Soubantika Palchoudhury**, University of Tennessee, USA

Lunch Break 12.40-13.30		
13.30-15.30	Computational Materials Science	
Coffee/Tea Break 15.30-15.45 (Networking)		
15.45-17.25	Emerging Areas of Materials Science and Nanotechnology	
Closing and Memento Presentation to OCM		

Conference Highlights

- Materials Science & Engineering
- Nanotechnology in Materials Science
- Batteries and Energy Materials
- Mining, Metallurgy and Materials Science
- Surface Science and Engineering
- Biomaterials and Tissue Engineering
- Crystallography
- Polymer Technology
- Electrical, Optical and Magnetic Materials
- Materials Chemistry and Physics
- Computational Materials Science
- Emerging Areas of Materials Science and Nanotechnology
- Materials Engineer Training and Career
