Dear Colleagues!!

On behalf of Conference Series, We would like to take an immense pleasure and honor to welcome you towards upcoming 19th International Conference on Medicinal Chemistry & Multi Targeted Drug Delivery in San Francisco, USA a metropolitan city and a heart core pharmaceutical hub in California region. The purpose of this 2 day conference is to bring together high profiled researchers, scholars, eminent personalities and students from both academic and industrial fields throughout the world under single roof. This will explore the link between chemistry, drug discovery and targeted drug delivery in the latest generation.

Theme - Scientific Novelty and Advanced Perception in Medicinal Chemistry Organizing Committee.

As we know, in this present world day to day latest innovations and discoveries are going on. Based on such issues we came forward to correlate our conference subject with reference to Traditional and Biomedicine, Pharmacology, Drug Designing, Cancer Studies, Hyphenated Chromatographic Techniques, Neurodegenerative Diseases, Emerging Diseases and Multi Targeted Delivery.

Accordingly, we would be delighted if you would share with us your views on new innovations in research and development and science education issues. You are happy to participate in Keynote Sessions, Workshops & Symposiums, Oral talks and Poster presentations. MedChem & MTDD international conference also holds several types of sponsorships in proving greater benefits to the members participating from pharmaceutical sectors, lab centers and other market dealers. Our international conference also provides a great support to the business entrepreneurs to promote their products or organization promotion in our conference hall @ San Francisco by exhibiting booths.

Finally, we will be highly obliged to see you in San Francisco @ MedChem & MTDD 2018. Thank You!!

With Best Regards

Hazel Goodwill
Kemp House,
152 City Road, London EC1V 2NX

PAST RENOWNED KEYNOTE SPEAKERS @ MEDICINAL CHEMISTRY CONFERENCES

Thorsten Nowak
C4X Discovery Holdings PLC., UK

Tatsuya Takagi
Osaka University, Japan

Kal-Ramnarayan
Sapient Discovery, LLC, US

Carsten
Detering BioSolveIT Inc., USA

Concepción
González-Bello University of Santiago de Compostela Spain

Pierre Falson
University of Minnesota France

Bin-Xu
Virginia Tech, USA

Marc Le Borgne
University Lyon 1, France

Mitsuji Yamashita
Shizuoka University, Japan

Jetze Tepe
Michigan State University, USA

Norohito Kawashita
Osaka University, Japan

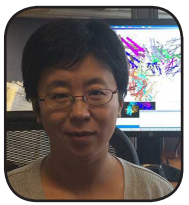

Prabagaran-Narayanasamy
University of Nebraska Medical Center, USA

Shoujun Xu
University of Houston, USA

Victor-J-Hruby
University of Arizona, USA

Yanli Wang
National Institutes of Health, USA

TESTIMONIALS FROM PAST SPEAKERS

Diana Anderson
University of Bradford, UK

It was a good conference and all the speakers gave very clear presentations. I think this is very worth full conference.

Stephanie Notttrott
Isenbruck Bösl Hörschler LLP, Germany

I am glad to participate at this great meeting with very interesting talks from physician and expertise all over the world, and I have enjoyed each and every sessions.

Apollon Karseladze
N. Blokhin Cancer Research Centre, Russian Federation

I am very pleased about this conference because the session designed was based upon both scientific and in general and mode where we can discuss and express our views about it, I love and appreciate this type of conferences.

HirendraNath Banerjee
Elizabeth City State University, USA

The conference was very interactive and quite interesting, as I have come from all the way from north Carolina to attend this conference, I have enjoyed every bit of learning new sciences in the field of oncology which is my research field. I am very grateful to the organiser especially Conference series for inviting me and giving me a chance to present my research work here.

Scott J. Tebbutt
Chief Scientific Officer, PROOF Centre of Excellence, Canada

I enjoyed the conference very much. Cutting-edge and wide range of disciplines, but with a small enough group size to be conducive to excellent discussions and networking.

Houkai Li
Professor, Shanghai University of Traditional Chinese Medicine, China

It is an exciting and wonderful experience during the 3-days meeting, which gives us the opportunity to get to know so many friends and inspire new ideas in our research. Also, the meeting organization is perfect and considerate. We very appreciate all the works you have done for us. I also hope to meet these friends and new friends in the next meeting.

Julian Menter
Morehouse School of Medicine, USA

I learned a lot from this meeting and made some good contacts and a few friends as well. You have also encouraged me to continue the experiments.

Edita Sarukhanyan
University of Wurzburg, Germany

The conference was extremely amazing. It was a great opportunity of presenting my research work in London as well as listening to valuable talks and discussions.

GLIMPSES OF PAST CONFERENCES

120+ Key Note Speakers

1800+ Speakers

35+ Workshops

25+ Symposiums

150+ Special Sessions

930+ Pre Conference Workshop across the Globe

500+ Posters Presentations

20+ Best Poster Awardees

30+ Young Researchers Forum Presentation

30+ Student Ambassadors

80+ Exhibitors & Sponsors

85+ Association & Societies Collaborations

300+ Media Partners

LAST YEAR'S CONFERENCE AT A GLANCE

WE ARE GLOBAL

120+ Countries Annual Participation

WE ARE EDUCATION-PACKED

INTERNATIONALLY-RENOWNED SPEAKERS

16 HOURS OF PRESENTATIONS (E.G., KEYNOTES, WORKSHOPS)

50 RESEARCH POSTERS

CPD CREDITS

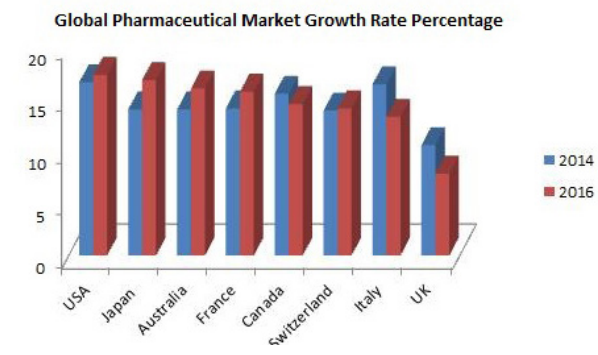

EXHIBITOR-FRIENDLY

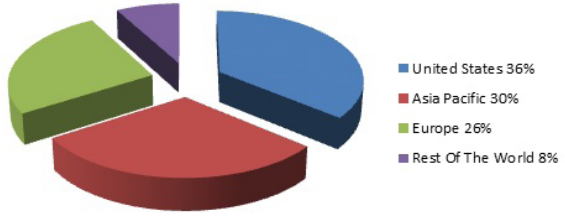

HIGH-TRAFFIC EXHIBIT SPACE

16 HOURS OVER 2 DAYS

About Hosting Organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

Why San Francisco, California?

The City and County of San Francisco, is the cultural, commercial, and financial center of Northern California. The pharmaceutical industry is an important part of the Californian economy and that is evolving into a global leader. It is the world-renowned industrial biotechnology research and commercialization institutes. The pharmaceuticals and biotech research, development and manufacturing industry employs 65,000 Californians annually. California has the most employment of any state in biotech research and development. Within California, the Bay Area -San Francisco, San Diego and the Los Angeles Ventura areas are the key locales for pharmaceutical, biopharmaceutical and biotech research, development and manufacturing.

Why to Attend?

In shortly we can say, to connect and interact with leaders in Chemistry and Drug Discovery as they share insights, critical skills and strategies that will optimize your practice's performance and help you stay at the forefront of Chemistry and Drug Discovery Education. As we know, in this present world day to day latest innovations and discoveries are going on. Based on such issues we came forward to correlate our conference subject with reference to Traditional and Biomedicine, Pharmacology, Drug Designing, Cancer Studies, Hyphenated Chromatographic Techniques, Neurodegenerative Diseases and Emerging Diseases.

Who should Attend?

Heads, Directors, Group Leaders, Professors, Lecturers, Research Associates, Scientists, Investigators, Fellows, Readers from Pharmaceutical, Biopharmaceutical and Research Institutes working in,.

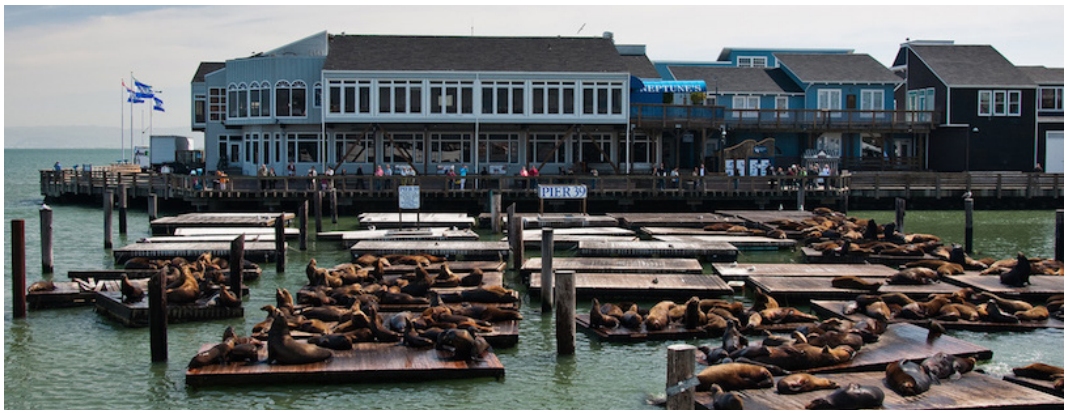

- Chemistry
- Traditional Medicine
- Pharmaceutical Sciences
- Drug Delivery
- Drug Designing
- Drug Testing
- Drug Discovery
- Chromatographic Techniques
- Pharmacology
- Cancer Studies
- Neurodegenerative Diseases
- Personalised Medicines
- Virology
- Chemical Biology
- Biomedical Sciences
- Biochemistry
- Organic Chemistry
- Translational Sciences/Medicines

Conference Highlights

- Medicinal Chemistry and Drug Discovery
- Principles of Medicinal Chemistry
- Medicinal Chemistry Aspects of Drug Action and Drug Metabolism
- Drug Metabolism
- Molecular Biology - A New Route to Drug Discovery
- Fusion of Traditional And Biomedicine
- Plant Genomics
- Pharmaceuticals Vs Nutraceuticals
- Frontiers In Chemistry
- Computer Aided Drug Designing
- Drug Chemistry
- Hyphenated Chromatographic Techniques
- Cancer Studies: Drug Delivery Chemistry
- Neuro Degenerative Disease
- Vaccines And Autism
- Emerging Infectious Diseases
- Antibiotics
- Personalised Medicines And Drugs
- Medchem-Antimicrobial And Infectious Agents
- Chem Virology (zika virus)
- New Trends In Pharmacology And Drug Development
- Novel Drug Discovery And Drug Delivery
- Chemical Biology
- Novel Research: Hit To Lead
- Advanced Medicinal Chemistry
- Scientific Drug Discovery Breakthroughs For Deadly Diseases

Program @ Glance

Day 1	
October 31, 2018, Wednesday	
Time	**Session**
08:30-09:30	**Registrations**
09:30-11:30	**Keynote Speech**
Group Photo	
11:30-11:45	**Network & Refreshments Break**
11:45-13:00	**Track: Food Sciences | Track: Functional Foods | Track: Nutrition**
13:00-13:45	**Lunch Break**
13:45-16:00	**Track: Dietary Supplements | Track: Multivitamin supplements | Track: Nutraceutical Bioactives | Track: Pharmaceutics | Track: Pharmaceutical Chemical Analysis**
16:00-16:15	**Network & Refreshments Break**
16:15-18:00	**Track: Pharmacoepidemiology and Ethnopharmacology | Track: Immunopharmacology | Track: Toxicology | Track: Synthetic Foods**
Day 1 Concludes	
Day 2	
November 1, 2018, Thursday	
Time	**Session**
09:30-10:30	**Keynote Forum**
10:30-11:30	**Track: Food Processing & Preservation Techniques | Track: Green Chemistry | Track: Nanopharmaceutics**
11:30-11:45	**Network & Refreshments Break**
11:45-13:00	**Track: Drug Design and Drug Development | Track: Clinical Research and Clinical Trials | Track: Industrial Pharmacy | Track: Nutricosmetics**
13:00-13:45	**Lunch Break**
13:45-16:00	**Track: Food Safety And Hygiene | Track: Food Informatics, Regulations and Packaging | Track: Nutraceuticals and Natural Medicine Products | Track: Recent Trends in Natural Medicines and Nutraceuticals Research**
16:00-16:15	**Poster Presentations**
16:15-18:00	**Network & Refreshments Break**
Award Ceremony	
Day 2 Concludes	

TOURISTS ATTRACTIONS

ALCATRAZ ISLAND

Alcatraz Island is referred to as “The Rock”, the small island, which is served as a light house, a military fortification, and as a prison. It is the historic and notorious Alcatraz penitentiary located in San Francisco Bay, is one of America’s most infamous prisons. It was the home for most of the notorious criminals. This Island was surrounded by freezing water of San Francisco Bay was believed to be inescapable. It operated for almost thirty years, closing in 1963 and reopened as a tourist attraction in 1973.Today, the island is a popular San Francisco tourist attraction and a historic site. It is operated by the National Park Service and is open to tours. Most of the people come for the history or the novelty of seeing a former prison, now the island is a prominent area for nesting seabirds.

GOLDEN GATE BRIDGE

The Golden Gate Bridge is a California icon gracing at San Francisco Bay. It is an internationally recognized symbol of San Francisco and California. This bridge is Connecting San Francisco with Marin County and other districts of California. The Golden Gate Bridge was, at one time designated as the greatest man-made sight in the United States by the U.S. Travel Service. . It was opened on May 28th, 1937, the bridge took four years to build and at the time of its completion, was the longest suspension bridge in the world, measuring approximately two miles in length.

TRANSAMERICA PYRAMID

Transamerica pyramid is located in the heart of the Financial District of California. It acts as another famous icon besides the Golden Gate Bridge. According to the architect of Transamerica Pyramid, William L. Pereira, a pyramid is the ideal shape for skyscrapers, offering the advantage of letting more air and light in the streets below. The Transamerica Pyramid has a height of 260 meters (853 feet) and it is still the tallest building in the San Francisco skyline. Transamerica Pyramid is the fifth-tallest building in California. It is a 48-story postmodern building and took almost 3 years (i.e. 1969-1972) to complete its construction. The building was the headquarters of the Transamerica Corporation, which moved its U.S. headquarters to Baltimore, Maryland, but it is still associated with the company and is depicted in the company’s logo. It was the eighth-tallest building in the world.

TOURISTS ATTRACTIONS

FISHERMAN'S WHARF

Fisherman's Wharf is one of the most popular tourist attractions in San Francisco and even the US. It runs all the way from Pier 39 through to Municipal Pier at the end of Aquatic Park. For over a century its historic waterfront was the hub of San Francisco's fishing fleet and is still famous for having some of the best seafood restaurants in the city. Other tourist attractions at the wharf include museums, souvenir stores, historical buildings, scenic vistas over the Bay and the famous sea lions at Pier 39.

GHIRARDELLI SQUARE

Ghirardelli Square is in a restored factory area, surrounded by shops, galleries, and restaurants in renovated industrial buildings. The square was inaugurated in 1964 and was the first of a number of projects designed to give new life to abandoned factory complexes. Ghirardelli's old red-brick chocolate factory has been turned into a center for shoppers, art-lovers, and those in search of entertainment or a good meal. Its belfry (built in 1916) is modeled on that of the Château of Blois in France. It includes rose gardens decorated with fountains and terraces with fine views.

CALIFORNIA ACADEMY OF SCIENCES

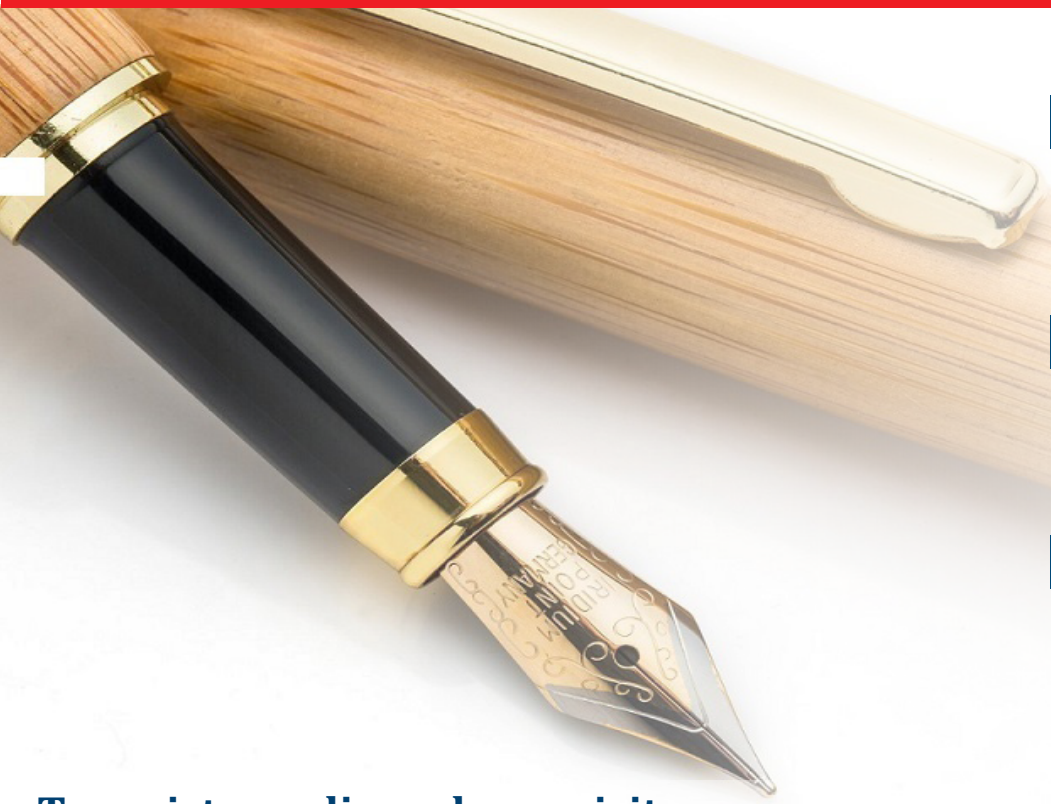

Located in the Golden Gate Park, is an architectural marvel as well as a multifaceted museum. It has a green building with a sustainable design of 2.5-acre Living Roof, covered with native plants and rolling hills to match the natural surroundings. The roof has solar panels to generate electricity, and the soil acts as natural insulation. Inside is an incredible natural history museum, planetarium, Steinhart Aquarium , rainforest, and more. It also includes the Kimball Natural History Museum, which has skeletons of a T-Rex and blue whale, along with an array of interesting exhibits.

Conference Dates: November 05-06, 2018

REGISTRATIONS

Academic

Only Registration: USD 799
Delegate Registration: USD 499
Package A (Registration + 2 nights' Accommodation): USD 1179
Package B (Registration + 3 nights' Accommodation): USD 1369

Business

Only Registration: USD 849
Delegate Registration: USD 599
Package A (Registration + 2 nights' Accommodation): USD 1229
Package B (Registration + 3 nights' Accommodation): USD 1419

Student

Student YRF: USD 499
Student Poster: USD 299 (USD 199 + USD 100 for Poster)
Package A (Registration + 2 nights' Accommodation): USD 679
Package B (Registration + 3 nights' Accommodation): USD 869
Video Presentation: USD 199
E-poster: USD 99

To register online, please visit
https://medicinalchemistry.pharmaceuticalconferences.com/registration.php

Group Registrations Benefits:

25% Discount for a group of 5 members
30% Discount for group of 10 members
40% Discount for group of 20 members

Localities Participation Benefits:

40% Discount will be provided for the participants who are attending from the local universities and hospitals.

Important DATES:

Abstract submission opens: **January 01, 2018**
Registration opens: **January 05, 2018**
On spot registration: **November 05 2018**

To register online, please visit: https://medicinalchemistry.pharmaceuticalconferences.com/registration.php
