Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Las Vegas ,USA

Las Vegas is a city located in Nevada, the United States of America. The Vegas Valley has become an essential stop along the western slope of California after its abundant fresh water springs were discovered in 1829. Today, this American holiday Mecca invites singles, couples and families with "all you can eat" buffets, dozens of world-class hotels and casinos and incomparable entertaining events. Gambling entertainment has always thrived in this desert town; a lot of things are legal and accepted Las Vegas, Nevada that are off limits to the rest of the United States. City of Nevada, Las Vegas is in the desert, surrounded by hills barons. The huge resort hotels that line the famous "Strip" with their shining lights, fountains, and recreated glamorous sites cities around the world, offer a fun and exciting retirement of the desert landscape. Las Vegas is a great place to visit all year round. Its cooler winter temperatures are pleasant for visits and summer, when the temperature can exceed 104 degrees Fahrenheit, the hotel pools are becoming an important part of the daytime activities.
