WELCOME ADDRESS

Dear Attendees,

The Medicinal Chemistry 2024 Organizing Committee is absolutely delighted to welcome you to the **24th World Congress on Medicinal Chemistry and Drug Design** which will be held in **Rome, Italy** on **June 13-14, 2024**, where we will be shining a spotlight on *"Quantum Pharmaceuticals: Investigating Novel Approaches to Chemical Bonding"*.

We are looking forward to providing you with a superb environment in which to present, discuss and advance your Chemistry research. The world class scientific programme will consolidate existing knowledge while at the same time increase your awareness of leading edge and forward looking advances in the field.

The congress is to be held in one of the world's most important global cities which stands on the River Thames in southeast England, which is called as Italy. It exerts considerable influence on the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transportation. What better place to combine leading edge science with an unsurpassed personal experience.

We look forward to seeing/welcoming you in 2024 for an experience of a lifetime.

With Regards
Medicinal Chemistry 2024

ABOUT US

About Hosting Organization

Conference Series is the world's leading specialist in organizing academic, scientific and business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology, Business and many more to promote scientific research.

Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by Crossref

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 50+ countries all through the year
- Over 25 Million+ Visitors and 25000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking Add a little bit of body text.

Medicinal Chemistry 2024 salient features

- Meet academia and industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, benchmarking and networking offered at one place
- Forge connections and for global networking
- Highly organized and structured scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

ABOUT US

Goals & Objectives

- The Medicinal Chemistry 2024 aims to bring together leading world's scientific experts, academic professionals, scientists, specialists, researchers, scholars, business delegates and students to exchange and share their experiences and research results on all aspects of Medicinal Chemistry .
- It also provides an interdisciplinary platform for policy makers, community leaders, business activists, scientists and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Chemical Engineering.
- We aim to bring the research and innovations happening across the parts of the globe to facilitate interaction, knowledge sharing and exchange. We also aim to inspire university professors, students, researchers, clinicians and entrepreneurs

About Conference

24th World Congress on Medicinal Chemistry and Drug Design is among the World's leading Scientific Conference. The two day event on Chemical Engineering will host Major scientific and technical sessions along with the sub-sessions on cutting edge research and latest research innovations in the field of emerging Chemical Engineering & its related issues across the globe. To foster the best learning environment we have designed some of the sessions this year for Medicinal Chemistry which will comprises of 15 major sessions designed to offer comprehensive sessions that address current issues in various fields of Chemical Engineering

Besides the attendees can find prestigious plenary and invited lectures, various shorter talks and poster sessions which will give the opportunity to most participants to present their work at the Congress. This congress on Chemical Engineering provides an opportunity to meet experts, professionals, academicians and researchers from all over the world. Execute new methods or revise existing methods based on best presented facts as presented at **Medicinal Chemistry 2024**.

ABOUT CONFERENCE

Who Should Attend?

Medicinal Chemistry 2024 Conference website is attracting 56000+ physicians, public health experts, Pharmacists , Bio instruments Professionals, Bio-informatics Professionals, Supply Chain companies, Manufacturing Companies, CRO and DATA management Companies, Business Entrepreneurs, Investment Analysts, R&D Researchers from Pharma Industries, Chief Scientific Officers, PhD Scholars, professionals, speakers, professors, business delegates and students

Why to Attend?

- Find out what's new
- Meet experts & influencers face to face
- To present your ideas and work to others
- Networking for future collaborations
- The focus & energy of Like-Minded Individuals
- Fresh way of knowledge transfer
- Learn beyond your field or interest
- Meet, collaborate & get inspired
- Travel and extend your comfort zone

Conference Highlights

- Applied Medicinal Chemistry
- Medicinal Chemistry and Drug Discovery
- Anti-Infective Agents in Medicinal Chemistry
- Fusion of Traditional and Biomedicine
- Plant Genomics
- Antibiotics
- Chem-Corona (CoronaVirus)
- Drug Chemistry
- Pharmaceuticals & Nutraceuticals
- Novel Target Drugs to The Treatment of Cancer
- Vaccines and Autism
- Biologic Drugs in Autoimmune Diseases
- Frontiers in Chemistry
- Targeted Drug Delivery System-TDDS (Smart Drug Delivery)
- Bio-fertilizers

TESTIMONIALS

The conference was exciting. I enjoyed so much meeting new colleagues at the venue. I would like to express my sincere gratitude to you for your assistance and opportunity. It was a good experience attending this conference.

Amur Margaryan
National Science Laboratory, USA

The conference was very successful and staff members were very helpful. Workflow was good. Thank you for organizing the conference for us people.

Kuang-Hui Chi
National Yunlin University of Science & Technology, Taiwan

That is excellent. This time, I will encourage my friends and colleagues to attend. I will submit abstracts for the conference too.

Sudhanshu Sekhar Panda
University of North Georgia, USA

The organization of the conference was perfect and I was very glad of the warm welcome, of the scientific and human relationships among participants.

Ida PucciMinafra
University of Palermo, Italy

The conference was well organized and the committee was outstanding in keeping the whole event lively.

MouradTayebi
University of Surrey, England

It was wonderful event. I enjoyed presenting my talk. There were questions, comments, and interests in what I presented.

ABOUT ROME

Rome, the eternal city, stands as a testament to the grandeur of human history, where every cobblestone and ancient ruin whispers tales of an illustrious past. Nestled along the Tiber River, this captivating capital of Italy boasts a legacy spanning over two and a half millennia. Legend has it that Rome was founded in 753 BC by the twins Romulus and Remus, nurtured by the legendary she-wolf. Steeped in antiquity, the Colosseum, an iconic amphitheater, echoes the cheers of gladiators and the roar of spectators from its imposing arches. The Pantheon, with its celestial dome, remains an awe-inspiring marvel of engineering, a celestial homage to the gods. Vatican City, an independent enclave within Rome, is the spiritual heart of Catholicism, hosting the resplendent St. Peter's Basilica and the masterpieces of the Sistine Chapel. Traversing the city's labyrinthine streets reveals treasures at every turn. The Roman Forum, a bustling hub in ancient times, invites contemplation amid the remnants of temples, basilicas, and government buildings. Piazza Navona, adorned with Baroque fountains and lively cafes, captures the essence of Roman life. The Spanish Steps, an iconic staircase, beckon travelers to ascend to the Trinità dei Monti church, commanding panoramic views of the city.

Rome's artistic prowess is immortalized in timeless works, from Michelangelo's David at Galleria dell'Accademia to the captivating sculptures of Gian Lorenzo Bernini scattered across the city's squares. Beyond the monuments, Rome's neighborhoods breathe life into the city. Trastevere, with its narrow alleys and lively atmosphere, embodies the quintessence of Roman charm. The Aventine Hill offers a tranquil respite, while the vibrant Testaccio district pulsates with modern art and gastronomic delights. Local markets, like Campo de' Fiori, tempt with colorful produce and the aroma of fresh espresso, while the ancient Appian Way provides a scenic route through history, bordered by imposing tombs.
