Global Summit on

Melanoma & Carcinoma

July 14-15, 2016 Brisbane, Australia

Scientific Program

Day 1 July 14, 2016

08:30- 09:30 Registrations

QUAY-5

conferenceseries.com 09:30-10:00 **Opening Ceremony**

Keynote Forum

10:00-10:10 **Introduction**

10:10-10:50 **Title: Skin triage – A collaborative approach to skin cancer**
Karen M Ong, Spotscreen, Australia

Networking & Refreshments 10:50-11:10 @ ON QUAY Restaurant

11:10-11:50 **Title: *In-vitro* determination of the protective function of progesterone and its receptor antagonist RU-486 in melanoma using a human melanoma (BLM) cell model**
Pandurangan Ramaraj, A T Still University, USA

Special Session on

11:50-12:30 **Title: Folate-modified chitosan nanoparticles containing the IP-10 gene promote melanoma-specific cytotoxic CD8+CD28+T lymphocyte responses**
Xiaoling Lu, Guangxi Medical University, China

Corporate Workshop by

12:30-12:50 **NOVARTIS**, Australia

Group Photo @ 12:50-13:00

Networking & Refreshments 13:00-14:00 @ ON QUAY Restaurant

Melanoma
Carcinoma
Melanoma and Carcinoma: Diagnosis

Session Chair: Pandurangan Ramaraj, A T Still University, USA

Session Introduction

14:00-14:30 **Title: The evaluation of dermoscopy for the diagnosis and management of cutaneous melanomas**
Ercan Arca, Gulhane Military Medical Academy, Turkey

14:30-15:00 **Title: A case series of malignant melanoma of the conjunctiva at St. Luke's Cancer Institute**
Cuaresma Edgar Christian S, St. Luke's Medical Center, Philippines

15:00-15:30 **Title: A randomized phase II/III study of the CSF-470 therapeutic vaccine plus BCG plus rhGM-CSF versus IFN-α2b in high risk cutaneous melanoma patients in the stages IIB, IIC and III**
María Marcela Barrio, Centro de Investigaciones Oncológicas-Fundación Cáncer, Argentina

15:30-16:00 **Title: Overcoming resistance to BRAF therapy in melanoma**
Sanjay K Srivastava, Texas Tech University Health Sciences Center, USA

Panel Discussion

Networking & Refreshments 16:00-16:20 @ ON QUAY Restaurant

Poster Session @ 16:20-17:00

QUAY-5

Keynote Forum

10:00-10:05 **Introduction**

10:05-10:45 **Title: Weight control interventions in melanoma: Progression and therapeutic outcome in obesity**
Manoj Kumar Bhat, National Centre for Cell Science , India

Networking & Refreshments 10:45-11:05 @ ON QUAY Restaurant

Special Session on

11:05-12:00 **Pandurangan Ramaraj,** A T Still University, USA

Melanoma and Carcinoma: Treatment
Melanoma and Carcinoma: Advance Research

Session Chair: Ercan Arca, Gulhane Military Medical Academy, Turkey

Session Introduction

12:00-12:30 **Title: The immune-activation properties of cationic polymers PEIs to dendritic cells and the possible mechanisms**
Chen Shen, Huazhong University of Science and Techonology, China

12:30-13:00 **Title: Micro-RNAs, the new strategy in the diagnosis and treatment of melanoma**
Mehran Panahi, Zahedan University of Medical Sciences, Iran

Lunch Break 13:00-14:00 @ ON QUAY Restaurant

14:00-14:30 **Title: Expression of Vascular Endothelial Growth Factor (VEGF) in Invasive Ductal Carcinoma Mammae (IDCM)**
Yusfiana Majid, Hasanuddin University, Indonesia

14:30-15:00 **Title: Expression of phosphatase regenerating liver-3 (prl-3) and e-cadherin in epithelial ovarian carcinoma**
Rina Masadah, Hasanuddin University, Indonesia

15:00-15:30 **Title: Comparison of expression of matrix metalloproteinase-9 in in-situ carcinoma mammae and invasive carcinoma mammae**
Siti Kahfiah, Hasanuddin University, Indonesia
