About the conference

Welcome to the 38th International Conference on Mental Health and Psychiatry, this will take place on May 18-19, 2026, in the vibrant city of Paris, France. The aim of this conference, “Breaking Barriers, Building Bridges: Global Innovations and Holistic Approaches in Mental Health and Psychiatry” is to bring together practitioners, researchers, and specialists from around the globe to discuss and tackle the pressing issues that the internal medicine field is currently facing.

Among the topics covered by the extensive program of keynote presentations, plenary sessions, interactive workshops, and poster presentations at the International Medicine Conference are Clinical Psychiatry, Psychological Research, Neuroscience and Mental Health, Child and Adolescent Psychiatry, Geriatric Psychiatry, Mental Health Policy and Advocacy, Digital Mental Health, Psychotherapy and Counselling, Emergency Psychiatry and Crisis Intervention, Community and Public Mental Health, Cultural and Global Perspectives and Innovations and Future Directions.

Theme: “‘Breaking Barriers, Building Bridges: Global Innovations and Holistic Approaches in Mental Health and Psychiatry “

Why to attend the conference

Cutting-Edge Research and Insights: Stay ahead of the curve with the latest research, trends, and advancements in mental health and psychiatry. Gain access to ground breaking studies and emerging therapies that could transform your practice or research.

Expert Speakers and Thought Leaders: Hear from renowned experts and thought leaders in the field who will share their insights and experiences.

Engage in discussions with leading professionals about current challenges and future directions in mental health.

Networking Opportunities: Connect with fellow professionals, researchers, and practitioners from around the world. Build valuable relationships that could lead to collaborative projects, research opportunities, or career advancements.
