

4th International Conference on Molecular Microbiology

August 17-18, 2023 | Dublin, Ireland

About Conference:

Conference series welcome all the participants globally to the upcoming conference "4th International Conference on Molecular Microbiology" scheduled on August 17-18, 2023 which will take place in Dublin, Ireland. This conference mainly focuses on the theme "Evolution and Exploration of Molecular Microbiology".

Microbiology Conf 2023 provides you with a unique opportunity to meet up with peers from both academic circle and industries level belonging to Microbiology and have been designed in an interdisciplinary manner with a multitude of tracks to choose from every segment and it explore creative technologies regarding Drug discovery Technologies in Antibiotics and Microbial Biofilms at the universal scale and aims to accomplish the targeted scientific sessions and recent advancements in the field of Molecular Microbiology. The goal of this conference is to deliver an outstanding program for exchange of ideas and authoritative views by leading professionals which covers the entire research related to Bacteriology, Parasitology and beyond to confront the most challenging dilemmas in healthcare and uncover new solutions.

Conference Sessions

- Clinical Microbiology and Biotechnology
- Pharmaceutical Microbiology
- Discovery and Pharmacology of Antibiotics
- Interaction and Side-effects of Antibiotics
- Applications of Microbes
- Environmental Microbiology
- Genetic Engineering in Microbiology
- Microbial Biofilms
- Bioremediation and Biodegradation
- Recombinant DNA Technology
- Bacteriology & Parasitology
- Virology and Pathology
- Infectious Diseases
- Genetic Syndromes & Gene Therapy
- Microbial Metabolism
- Vaccines & Antibiotics Production
- System Biology and Bioinformatics
- Enzyme Technology Advantages & Applications
- Coronavirus (COVID-19)
- Advanced Research in Microbiology and Public Health

Who should attend?

- Microbiology researchers
- Clinical researchers
- Pathologists
- Immunologists
- Researchers
- Scientists
- Pharmacists
- Biotechnologists
- Medical device industries
- Molecular biologists
- Genetic engineers
- Cellular microbiologists
- Environmental specialists
- Bacteriologists
- Virologists
- Veterinary microbiologists
- Computational biologists
- Hospitals, labs and association
- University Professors
- Research Scholars
- Laboratory technicians
- Students
