Microbiome 2024

Dear Attendees,

We are glad to announce the 8th **International Conference on Microbiome, Probiotics & Gut Nutrition** to be held in London, UK from November 25-26, 2024 organized by Conference Series LLC Ltd in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Conference Series LLC Ltd, Scientific Event Organizer and the World Class Open Access Publisher, announcing its International Conference on Microbiome, Probiotics & Gut Nutrition during November 25-26, 2024 at London, UK . This interesting event is managed in such a way to provide an exclusive platform for educators, new researchers, and learners to present and discuss the most recent innovations, possibilities, and concerns adopted in the field. Microbiome 2024 will comprise an informative and exciting conference program including leading keynote speakers, poster presenters, session speakers who will be presenting their research on the topics related. This conference is a unique international platform for all academicians,scientists, research scholars, industrial professionals, technologists and student delegates from microbiome department, agricultural sectors,healthcare sectors coming from differentparts of the world under a single roof, where they discuss the latest research, achievements and advancements in the field of Microbiome. This Microbiome 2024 conference will focus on the theme **"Current research on microbiomes, probiotics and gut Nutrition".**

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and lively interactions with industry leaders and experts. Therefore to acquire all this knowledge we invite you heartedly to join us at the Microbiome 2024, where you will be sure to have a great experience with experts from around the world. All the important members of Microbiome organizing committee look further to meet you at London, UK. Life is full of give and take. Make it count in your professional life. Attend the Microbiome Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your to department the next level.

We look forward to personally welcoming you to London, UK

Sincerely,
Microbiome 2024
Organizing Committee

About Conference

London, UK
November 25-26, 2024

Microbiome 2024 Conference website is attracting Researchers, Academicians and Business Professionals who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series LLC Ltd Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Microbiome 2024 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

London, UK
November 25-26, 2024

Purpose

8th International Conference on Microbiome, Probiotics & Gut Nutrition is an arena for interdisciplinary exchange among professionals in the fields of Microbiome, Probiotics and Gut Nutrition

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience

Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Microbiology and Nutrition Sectors present the most recent research findings, and promote and enhance scientific collaborations around the world

Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Microbiome, Probiotics and Gut Nutrition
- Discuss and apply recent research findings related to Microbiome, Probiotics and Gut Nutrition
- Reflect on the place of critical distance in Microbiome

Who should attend

8th International Conference on Microbiome, Probiotics & Gut Nutrition exclusively designed for Research scholars, Directors/Senior Directors/Executive Directors and Vice Presidents/Senior Vice Presidents/Executive Vice Presidents and Heads/Leaders/Partners of Microbiology Research Sites, Pathologists and Immunologists, Research Scientists, Pharma/Biotech and Medical Device industries, Hospitals, Labs & Associations, Horticulture specialists, Arborists, Farm technicians, Hydroponics Growers, Environmental specialists around the globe to exchange their ideas and authoritative views in this exciting field.

About hosting organization

Conference Series LLC Ltd is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in Canada, Europe, Canada, Asia and Middle East with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by crossref

Major sessions

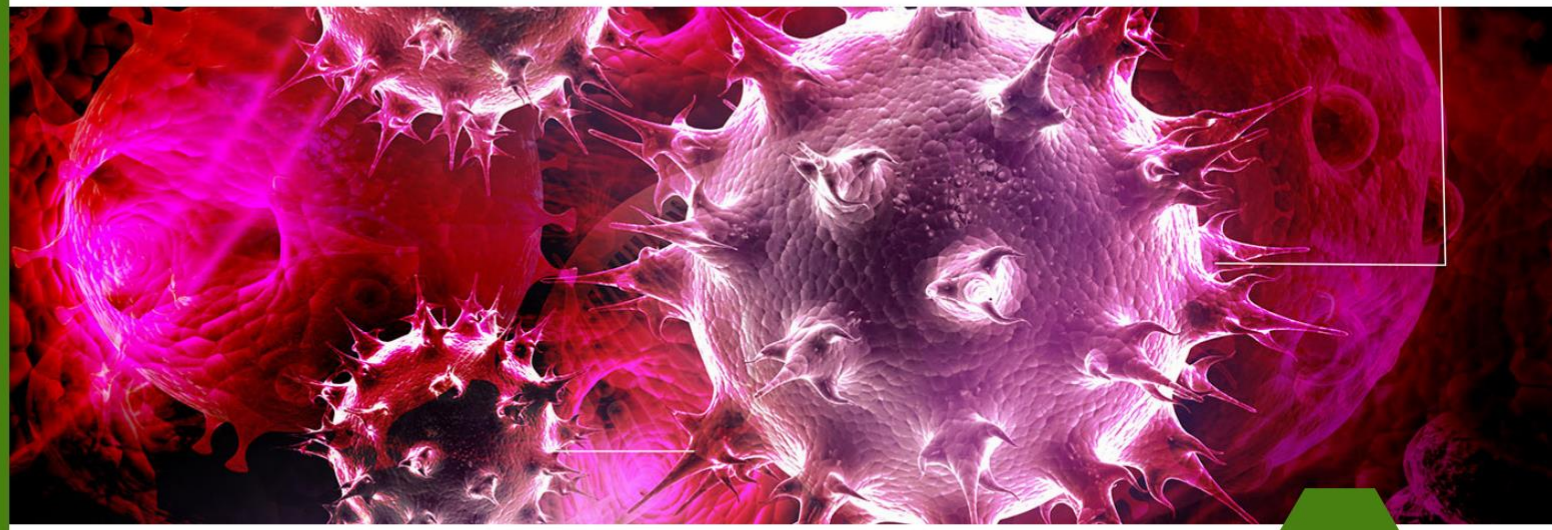

- The Dynamic Microbiome
- Microbiome as a human organ
- Microbiota in early life shapes the immune system
- Gut Microbiota
- Human Microbiota
- Modulation of microbiota
- Myocardial infection and gut microbiota: An incidental connection
- Infant Microbiome [Vaginal Delivery Versus C-Section]
- Role of the microbiome in cancer development and therapy
- Role of microbial communities in the pathogenesis of periodontal diseases and caries (Oral microbiome)
- The skin Microbiome
- Skincare products with probiotics worth the hype
- Bioinformatics for Microbiome
- Microbiome: Science comes to life
- Harnessing phytomicrobiome signaling for microbiome engineering
- Prebiotics
- Probiotics
- The interplay between diet, gut microbiota, epigenetic events, and colorectal cancer
- The microbiome as a Therapeutic Target for Metabolic Diseases
- Animals in a bacterial world, a new imperative for the life sciences
- Arbuscular Mycorrhizal fungi (AMF)
- 16S sequencing & Analysis
- Microbiome
-

About London

London, UK
November 25-26, 2024

London is the capital and largest city of England and the United Kingdom, with a population of just under 9 million. It stands on the River Thames in south-east England at the head of a 50-mile (80 km) estuary down to the North Sea, and has been a major settlement for two millennia. The City of London, its ancient core and financial centre, was founded by the Romans as Londinium and retains its medieval boundaries. The City of Westminster, to the west of the City of London, has for centuries hosted the national government and parliament. Since the 19th century, the name "London" has also referred to the metropolis around this core, historically split between the counties of Middlesex, Essex, Surrey, Kent, and Hertfordshire, which largely comprises Greater London, governed by the Greater London Authority.

As one of the world's major global cities, London exerts a strong influence on its arts, entertainment, fashion, commerce and finance, education, health care, media, science and technology, tourism, and transport and communications. Its GDP (€801.66 billion in 2017) makes it the largest urban economy in Europe, and it is one of the major financial centres in the world. With Europe's largest concentration of higher education institutions, it is home to some of the highest-ranked academic institutions in the world—Imperial College London in natural and applied sciences, the London School of Economics in social sciences, and the comprehensive University College London. London is the most visited city in Europe and has the busiest city airport system in the world. The London Underground is the oldest rapid transit system in the world..

It has Various attractions like

London Eye | Madame Tussauds London | Warner Bros. Studio Tour London | London Dungeon | Buckingham Palace
