Selected contributions will be published in following Conference Series LLC Journals Supported By

- Journal of Molecular Biomarkers & Diagnosis
- Journal of Molecular Imaging & Dynamics
- Journal of Molecular and Genetic Medicine

Tentative Agenda

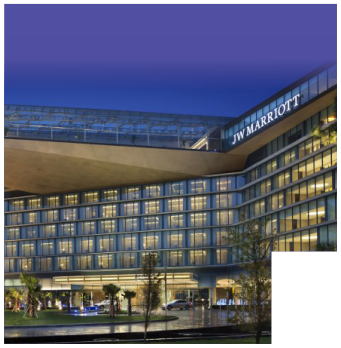

Day 1 April 19, 2018
Opening Ceremony
Conference Souvenir Launch
Exploring the Modern Innovations in the Field of Molecular Medicine and Diagnostics
Keynote Forum (& Exhibitions Full day)
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
Group Photo
Speaker Forum
Sessions Chair's Introduction
Session 1: Molecular Medicine
Session 2: Molecular Biology
Session 3: Molecular pathology
Session 4: Molecular Biomarkers
Panel discussions and Reviews
Lunch Break
Session 5: Biochemistry
Session 6: Molecular Biomarkers
Panel discussions and Reviews
Young Research Forum
(Panel discussions and Reviews)
Coffee Break: Networking & Refreshments
B2B Meetings

Day 2 April 20, 2018
Introduction
Keynote Forum (& Exhibitions Full day)

About Dubai

Dubai is the largest and most populated city in the United Arab Emirates. Dubai emerged as a global city and business hub of the Middle East. The city of Dubai which has bold architecture, spectacular skylines and flourishing modern art scene. And it's also known for its fashion and style. Dubai does have a rich culture, though most of it is intangible, rooted in Bedouin heritage and traditions of storytelling, poetry, song and dance. Dubai is an exciting alchemy of profound traditions and ambitious futuristic vision wrapped into starkly evocative desert splendour. It is a superlative-craving society that has birthed audaciously high buildings and palm-shaped islands. It is an open society where it's easy for newcomers and visitors to connect with myriad experiences, it may be eating, dancing on the beach, shopping for local art or riding a camel in the desert. Dubai is a top trade meeting that hosts two huge annual shopping festivals. Dubai is a fertile environment which is favourable to breaking down cultural barriers and preconceptions. The UAE healthcare market is projected to reach $19.5 billion (Dh71.56 billion) by 2020, achieving an annual average growth of 12.7 per cent, marginally higher than the GCC growth average.
