About the conference

With the great success of Nano Summit 2023, Conference Series LLC Ltd is proud to announce the “41st Global Summit on Nanoscience and Technology”, which is going to be held on October 21-22, 2024 at London, UK

On this auspicious occasion, Organizing Committee invites the participants from all over the globe to take part in this annual flagship conference with the theme “Exploring innovative strategies and solutions towards a Nano world”. Nano Summit 2024 aims in proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Nanotechnology, Materials Science, Chemistry and Physics to share their research experiences and indulge in interactive discussions and technical sessions at the event. The Conference will also have a space for companies and/or institutions to present their services, products, innovations and research results. If your company/organization is interested in participating in this event, contact us here.

Theme: “Exploring innovative strategies and solutions towards a Nano world.”

Why to attend the conference

The conference gives you one of the finest opportunities to engage with the eminent doctors and researchers from the area of Neonatology, Perinatology and Pediatrics. With your knowledge presented here for the benefit of the world you can inspire more people to enhance their research. Most prominent speakers, advanced technologies and discoveries in the field of neonatology are the highlights of this two day conference. The participants can exchange and share their research results covering the scientific aspect. The event will unite Directors, Director of Laboratories, Universities, Industries, Delegates, Investigation experts, Investigators, Post-Doctoral Fellows, Research and Analytical Laboratories, Students, Research Organizations, Market Research and Consulting Firms and all the intrigued individuals ready to upgrade and refresh the comprehension on the subject. Attend a variety of informative seminars, engaging interactive presentations, and keynote panel discussions with key policy makers and experts in Neonatology and Perinatology.
