ABOUT CONFERENCE

ME Conferences invite all the participants from all over the world to attend "4th International Conference on Nanomedicine and Nanotechnology" during October 13-14, 2022 Osaka, Japan. This includes prompt keynote presentations, Oral talks, Poster presentations and Exhibitions. And it provides an opportunity to learn about the complexity of the Diseases, discuss interventional procedures, look at new and advances in Nanotechnology and their efficiency and efficacy in diagnosing and treating various diseases and also in Healthcare treatments.

ME Conferences organizes 1000+ Global Events Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 1,00,000 eminent personalities, reputed scientists as editorial board and organizing committee members. ME Conferences journals have over 5 million readers and the fame and success of the same can be attributed to the strong editorial board which contains over 30000 eminent personalities and the rapid, quality and quick review processing.ME Conferences make the perfect platform for global networking as it brings together renowned speakers and scientists across the globe to a most exciting and memorable scientific event filled with much enlightening interactive sessions, international workshops, world class international exhibitions and poster presentations.

4th International Conference on Nanomedicine and Nanotechnology

October 13-14, 2022 | Osaka, Japan

Theme: "Presenting Excellence of Nanotechnology to Transfrom the World"

Tracks / Sessions

- Nanomedicine
- Nanorobots in Medicine
- Nanoparticles in Photodynamic Therapy
- Importance of Nanotechnology in Biosensors
- Green Nanoscience
- Nanotechnology in Biology
- Organic Nanoparticles
- Biological Synthesis of Nanoparticles
- Nanotechnology Based Drug Delivery System
- Nanosuspention Formulation
- Tissue Engineering & Regenerative Medicine
- Polymeric Nanoparticles for Biomedical
- Nanobubble in Nanomedicine
- Natural Product Based Nanomedicine
- Nanotechnology in Food Science
- Nano surgery

Target audience

- Scientists
- Professors
- Research Scholars and students
- Nanotechnology Companies
- Nanotechnology Associations
- Materials Science and Nanotechnology Engineers
- Materials Scientists/Research Professors
- Physicists/Chemists
- Junior/Senior research fellows of Materials Science/ Nanotechnology/ Polymer Science/
- Biotechnology
- Materials Science Students
- Directors of chemical companies
- Materials Engineers
- Members of different Materials science associations
- Polymer companies
