6th International Conference on Nanomedicine and Nanotechnology

September 21-22, 2023 Barcelona, Spain

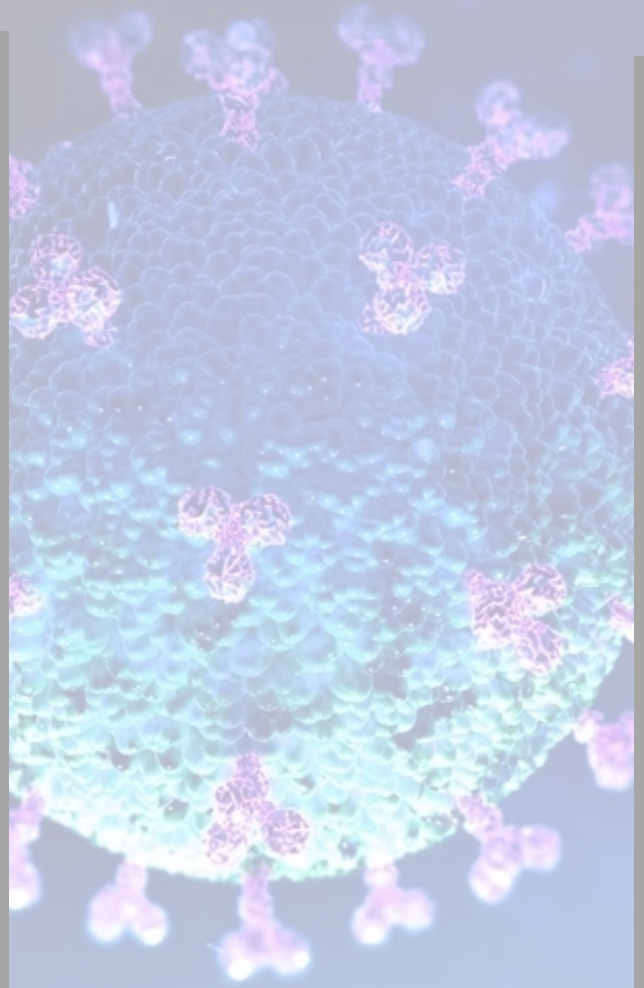

About Conference

"6th International Conference on Nanomedicine and Nanotechnology will focus on identifying the realm of nanotechnology operations in September 21-22, 2023 Barcelona, Spain

The conference include recent exploration in the field of Life Sciences & Nanomedicine, Nanoscience and Technology, Nano biotechnology & Nano safety, Nano chemistry & Wet Nanotechnology, Energy and Environment, Nano computational modelling, Nano Engineering, Nanotech in other fields, Nanomaterials, Biomaterials & conflation, Pharmaceutical Nanotechnology, Nanotechnology Applications, Nano characterization & Nano manufacturing, Carbon nanotechnology, Nano toxicology, Nano metrology, Green Nanotechnology & Water Treatment, Nano electronics and Nano photonics

Target Audience

- Nanotechnologists
- Material Engineers
- Chemical Engineers
- Material Scientists
- Pharmacists
- Drug delivery therapists
- Nano-Scientists
- Material Chemists
- Academic Professors
- Students from Nanotechnology, Chemical, and Material Engineering fields
- Scientists/Researchers
- Nanotechnology, Nanomedicine Companies
- Nanotechnology Engineers
- Nanomedicine and nanotechnology associations and societies

Sessions / Tracks

- Nanomedicine
- Nanorobots in Medicine
- Nanoparticles in Photodynamic Therapy
- Importance of Nanotechnology in Biosensors
- Green Nanoscience
- Nanotechnology in Biology
- Organic Nanoparticles
- Biological Synthesis of Nanoparticles
- Nanotechnology Based Drug Delivery System
- Nanosuspention Formulation
- Tissue Engineering & Regenerative Medicine
- Polymeric Nanoparticles for Biomedical
- Nanobubble in Nanomedicine
- Natural Product Based Nanomedicine
- Nanotechnology in Food Science
- Nanosurgery
- Toxicity of Nanoparticles
- Nanotechnology-Innovations in Medical Technology

City Attractions

Reminisence of 2022
